RE: Telecommunications Franchise Agreements

The existing telecommunications franchises expire in June 2013. In order to allow an appropriate period of time to negotiate longer term franchises, we seek Council authorization to offer a short term telecommunications ordinance for an initial period of time not to exceed one year. We have been unable to negotiate the longer term franchise to date due to the focus on completing the electric and natural gas franchises.

Please contact David Barberie in the Department of Law should you have any questions.
