Questions	Answers
Please confirm that site restoration (seed/straw, sod, asphalt, etc.) are separate pay items from bid items for point repairs, line replacement, etc. as stated on pages TS10-2 and TS10-3. The reason I ask is that Item 1.22(A) on page TS1-9 states that "sod and seed work ... is included in the cost of the work to be done. There is no separate pay item for sod, seeding..."	Seed/Straw and Sod are included in bid item. Hard surfaces (Driveways and Roadways) are separate pay items.
How is bypass pumping for items B1 through B22 be handled? Will it be like CIPP work, where bypass pumping on any line 10" and smaller is incidental to the work?	The same as CIPP.
Item E15: What labor and equipment should be included in the SSO Site Cleanup hourly rate?	Base it on 2 people and a vehicle with appropriate tools such as rakes, garbage bags, etc which might be needed to clean up sewage debris.

#### D. OBLIGATION OF BIDDER FOR GOOD FAITH EFFORTS

- 1) **The bidder shall make a Good Faith Effort to achieve the Participation Goal for MWDBE subcontractors/suppliers. MWDBE quote. Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy MWDBE goals.

o. Made an effort to offer assistance to or refer interested MWDBE firms to obtain the necessary equipment, supplies, materials, insurance and/or bonding to satisfy the work requirements of the bid proposal

**10. EQUAL OPPORTUNITY AGREEMENT**

The Law

- \* Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- \* Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and subcontractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- \* Section 503 of the Rehabilitation Act of 1973 States:  
*The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.*
- \* Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal Contracts.
- \* Section 206 (A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:  
*The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.*

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors, and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractor may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped, and aged persons.

Name of Business

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

The Kentucky equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any count, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

During the performance of this contract, the contractor agrees as follows:

- (1) *The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age or national origin;*
- (2) *The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age or national origin;*
- (3) *The contract will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provisions of the non-discrimination clauses required by this section; and*
- (4) *The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses.*

The Act further provides:

#### KRS 45.610. Hiring minorities – Information required

- (1) *For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetable.*
- (2) *Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.*

#### KRS 45.620. Action against contractor – Hiring of minority contractor or subcontractor

- (1) *If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS*

*45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.*

- (2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 – 45.640.*
- (3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.*

**KRS 45.630 Termination of existing employee not required, when**

*Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that that employee was employed prior to the date of the contract.*

**KRS 45.640 Minimum skills**

*Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job.*

It is recommended that all of the provisions quoted above to be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his work-force in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

The Leak Eliminators is committed to Kentucky's statewide affirmative action efforts and equal employment opportunity policies. I affirm my personal and official support of these policies which provide that:

- Discrimination against employees, applicants, or eligibles on the basis of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights commission, disability, sexual orientation, or age will not be tolerated;
- The Leak Eliminators is committed to the implementation of the affirmative action policies, programs, and procedures included in this plan;
- The Leak Eliminators will continue to actively promote a program of affirmative action, wherever minorities, women, and persons with disabilities are underrepresented in the workforce;
- The Leak Eliminators is committed to the retention all qualified, talented employees, including protected group employees.

Todd Dawalt will act as the Leak Eliminators' Affirmative Action Officer designee and ADA Coordinator designee. He is responsible for monitoring the day-to-day activities of the program.

## **Harassment/Discrimination Policy**

---

### **Statement of Policy**

It is the policy of the Leak Eliminators to prohibit harassment of its employees based on race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights Leak Eliminators, disability, sexual orientation, or age. This prohibition with respect to harassment includes both overt acts of harassment and those acts that create a negative work environment. Any employee subjected to such harassment should file a complaint internally with the Leak Eliminators' Affirmative Action Officer designee. If the employee chooses, s/he may file a complaint externally with the Kentucky Department of Human Rights, the Equal Employment Opportunity Commission, or through other legal channels. These agencies have time limits for filing complaints, so individuals should contact the agencies for more information. In extenuating circumstances, the employee should contact the Office of Diversity and Equal Opportunity at the Kentucky Department of Employee Relations for information regarding the filing of a complaint. Any unintentional or deliberate violation of this policy by an employee will be cause for appropriate disciplinary action.

Each employee is responsible for the application of this policy. This includes initiating and supporting programs and practices designed to develop understanding, acceptance, commitment, and compliance within the framework of this policy. All employees must be informed that harassment is unacceptable behavior. The Affirmative Action Officer designee will be expected to keep the Leak Eliminators and its employees apprised of any changes in the law or its interpretation regarding this form of discrimination. The Affirmative Action Officer designee is also responsible for:

1. Notifying all employees, and orienting each new employee who is hired, of this policy; and
2. Informing all employees of the complaint procedure and ensuring that all complaints will be investigated promptly and carefully.

### **Definitions**

Discriminatory harassment is any behavior based on protected class status which is not welcome, which is personally offensive, which, therefore, may effect morale and interfere with the employee's ability to perform. For example, harassment based on national origin has been defined by the U.S. Equal Employment Opportunity Commission as "Ethnic slurs and other verbal or physical conduct relating to an individual's national origin."

Sexual harassment has also been specifically defined by the Kentucky Human Rights Act, which states in regard to employment, that:

“Sexual harassment” includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other verbal or physical conduct or communication of a sexual nature when: (1) submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining employment; (2) submission to or rejection of that conduct or communication by an individual is used as a factor in decision affecting that individual's employment; or (3) that conduct or communication has the purpose or effect of substantially interfering with an individual's employment, and in the case of employment, the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

It is possible for discriminatory harassment to occur: 1) among peers or coworkers, 2) between managers and subordinates, or 3) between employees and members of the public. Employees who experience discriminatory harassment should bring the matter to the attention of the Leak Eliminators' Affirmative Action Officer designee. In fulfilling our obligation to maintain a positive and productive work environment, the Affirmative Action Officer designee and all employees are expected to address or report any suspected harassment or retaliation.

Varying degrees of discriminatory harassment violations can occur and require varying levels of progressive discipline. Individuals who instigate harassment are subject to serious disciplinary actions up to and including suspension, demotion, transfer, or termination. Additionally, inappropriate behaviors that do not rise to the level of discriminatory harassment, but are none the less disruptive, should be corrected early and firmly in the interests of maintaining a barrier-free work place. Individuals who participate in inappropriate behaviors at work are also subject to disciplinary actions.

### **Procedure**

Any employee, applicant, or eligible of the Leak Eliminators who believes that she/he has experienced discrimination or harassment based on his/her race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights commission, disability, sexual orientation, or age may file a complaint of discrimination.

Complaints of discrimination or harassment can be filed using the internal discrimination complaint procedure included in our Leak Eliminators' affirmative action plan.

---

## **Internal Harassment/Discrimination Complaint Procedure**

---

The Leak Eliminators has established the following discrimination complaint procedure to be used by all employees, applicants, or eligibles. Coercion, reprisal, or intimidation against anyone filing a complaint or serving as a witness under this procedure is prohibited.

### **Responsibility of Employees**

All employees shall respond promptly to any and all requests by the Affirmative Action Officer designee for information and for access to data and records for the purpose of enabling the Affirmative Action Officer designee to carry out responsibilities under this complaint procedure.

### **Who May File**

Any employee, applicant, or eligible of the Leak Eliminators who believes that s/he has been discriminated against by reason of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights commission, disability, sexual orientation, or age may file a complaint. Employees who are terminated are encouraged to file their internal complaint prior to their actual separation, however, complaints will be taken for a reasonable period of time subsequent to the actual separation date.

### **The Complaint Procedure**

The internal complaint procedure provides a method for resolving complaints involving violations of the Leak Eliminators' nondiscrimination policy within the agency. Employees, applicants, and eligibles are encouraged to use this internal complaint process. Retaliation against a person who has filed a complaint either internally or through an outside enforcement agency or other legal channels is prohibited. The Affirmative Action Officer designee may contact the Office of Diversity and Equal Opportunity if s/he wants information about filing a complaint.

### **Filing Procedures**

1. The employee, applicant, or eligible completes the "Complaint of Discrimination Form" provided by the Affirmative Action Officer designee. Employees are encouraged to file a complaint within a reasonable period of time after the individual becomes aware that a situation(s) may involve discriminatory harassment. The Affirmative Action Officer designee will, if requested, provide assistance in filling out the form.

2. The Affirmative Action Officer designee determines if the complaint falls under the purview of Equal Employment Opportunity law, i.e., the complainant is alleging discrimination or harassment on the basis of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights commission, disability, sexual orientation, or age; or if the complaint is of a general personnel concern. The Affirmative Action Officer designee shall also discuss other options for resolution, such as the Workplace Mediation Pilot Project.
  - A. If it is determined that the complaint is not related to discrimination but rather to general personnel concerns, the Affirmative Action Officer designee will inform the complainant, in writing, within ten (10) working days.
  - B. ## **Reasonable Accommodation Policy**

---

### **Policy**

Leak Eliminators is committed to the fair and equal employment of people with disabilities. Reasonable accommodation is the key to this non-discrimination policy. While many individuals with disabilities can work without accommodation, other qualified applicants and employees face barriers to employment without the accommodation process. It is the policy of the Leak Eliminators to reasonably accommodate qualified individuals with disabilities unless the accommodation would impose an undue hardship. In accordance with the Kentucky Human Rights Act and the Americans with Disabilities Act, accommodations will be provided to qualified individuals with disabilities when such accommodations are directly related to performing the essential functions of a job, competing for a job, or to enjoy equal benefits and privileges of employment. This policy applies to all applicants, employees, and employees seeking promotional opportunities.

### **Definitions**

#### **Disability:**

For purposes of determining eligibility for a reasonable accommodation, a person with a disability is one who has a physical or mental impairment that materially or substantially limits one or more major life activities.

#### **Reasonable Accommodation:**

A reasonable accommodation is a modification or adjustment to a job, an employment practice, or the work environment that makes it possible for a qualified individual with a disability to enjoy an equal employment opportunity.

Examples of accommodations may include acquiring or modifying equipment or devices; modifying training materials; making facilities readily accessible; modifying work schedules; and reassignment to a vacant position.

Reasonable accommodation applies to three aspects of employment:

- a. To assure equal opportunity in the employment process;
- b. To enable a qualified individual with a disability to perform the essential functions of a job; and
- c. To enable an employee with a disability to enjoy equal benefits and privileges of employment.

## **Procedure - Current Employees and Employees Seeking Promotion**

1. Leak Eliminators will inform all employees that this accommodation policy can be made available in accessible formats.
2. The employee shall inform their supervisor or the ADA Coordinator designee of the need for an accommodation.
3. The ADA Coordinator designee may request documentation of the individual's functional limitations to support the request. Any medical documentation must be collected and maintained on separate forms and in separate, locked files. No one will be told or have access to medical information unless the disability might require emergency treatment.
4. When a qualified individual with a disability has requested an accommodation, the employer shall, in consultation with the individual:
  - a. Discuss the purpose and essential functions of the particular job involved. Completion of a step-by-step job analysis may be necessary.
  - b. Determine the precise job-related limitation.
  - c. Identify the potential accommodations and assess the effectiveness each would have in allowing the individual to perform the essential functions of the job.
  - d. Select and implement the accommodation that is the most appropriate for both the individual and the employer. While an individual's preference will be given consideration, the Leak Eliminators is free to choose among equally effective accommodations and may choose the one that is less expensive or easier to provide.
5. The ADA Coordinator designee will work with the employee to obtain technical assistance, as needed.
6. The ADA Coordinator will provide a decision to the employee within a reasonable amount of time.
7. If an accommodation cannot overcome the existing barriers or if the accommodation would cause an undue hardship on the operation of the business, the employee and the ADA Coordinator designee shall work together to determine whether reassignment may be an appropriate accommodation.

## **Procedure-job Applicants**

1. The job applicant shall inform the ADA Coordinator designee of the need for an accommodation. The ADA Coordinator designee will discuss the needed accommodation and possible alternatives with the applicant.
2. The ADA Coordinator designee will make a decision regarding the request for accommodation and, if approved, take the necessary steps to see that the accommodation is provided.

## **Policy for Funding Accommodations**

Funding must be approved by the Leak Eliminators for accommodations that do not cause an undue hardship (M.S. 43A.191(c)).

## **Definition**

**Undue Hardship:** An undue hardship is an action that is unduly costly, extensive, substantial, or disruptive, or that would fundamentally alter the nature or operation of the Leak Eliminators.

## **Procedure for Determining Undue Hardship**

1. The employee will meet with the ADA Coordinator designee to discuss the requested accommodation.
2. The ADA Coordinator designee will review undue hardships by considering:
  - a. The nature and cost of the accommodation in relation to the size, the financial resources, and the nature and structure of the operation; and
  - b. The impact of the accommodation on the nature or operation of the Leak Eliminators.
3. The ADA Coordinator designee will provide a decision to the employee.

## **Appeals**

Employees or applicants who are dissatisfied with the decisions pertaining to his/her accommodation request may file an appeal with the agency head, within a reasonable period of time, for a final decision.

If the individual believes the decision is based on discriminatory reasons, then they may file a complaint internally through the agency's complaint procedure as outlined in this plan.

## **Supported Work**

Leak Eliminators will review vacant positions and assess the current workload and needs of the office, to determine if Job tasks might be performed by a supported employment worker(s). If appropriate, a list of supported worker candidates will be requested from DOER. The Leak Eliminators will work with the State ADA/Disability Coordinator to recruit and hire individuals for supported employment if such a position is created.
