Facility agrees to secure and protect any data that University shares with Facility (and to require the same of any other entity with whom Facility shares or gives access to that data) from unauthorized access, use, modification, disclosure, manipulation, or destruction, and will use processes that meet industry standard practices for protecting such information (which processes must be at least as stringent as Facility would use for protecting its own confidential information).

- F. University and Facility agree that University will not supply University-issued student identification numbers or other governmental issued identifiers (including, but not limited to, social security numbers) directly to Facility. Students, at their own discretion, may supply such information directly to Facility or to a third party who in turn makes such information available to Facility.
