RE: Williams Foam Trailer

DATE: February 7, 2012

The Division of Fire & Emergency Services is requesting a resolution to accept a transfer of ownership for a Williams Foam Trailer (VIN 1P9GN2628BL375291) from Winchester Fire/EMS to the Division of Fleet Services on behalf of the Division of Fire & Emergency Services, at no cost to the LFUCG.

The Foam Trailer acquisition was through a grant from Kentucky office of Homeland Security applied for by the Bluegrass Emergency Response Team, funneled through the City of Winchester. The trailer is a regional asset and was designed specifically for mitigation of fires involving bulk fuels and storage facilities. The trailer contains four 250 gallon totes of foam nozzles and accessories. It also has two 500 lb purple K dry chemical extinguishing units' nozzles with accessories. Lexington Fire has agreed to house and maintain the trailer as a member of the Bluegrass Emergency Response Team.
