

May 14, 2021

Ms. Michelle Davis
940 De Porres Avenue
Lexington, KY 40511-2262

Dear Ms. Davis,

Petition cards were sent from Traffic Engineering via certified mail to the property owners on De Porres Avenue between Price Road and Erie Road soliciting a response for or against the installation of five speed tables on De Porres Avenue. The letters were mailed on or around April 14th and a response was requested by Friday, May 7th.

A total of 54 postage paid petition cards, letters, and proposed speed table location maps were mailed to all the property owners on De Porres Avenue. As of the morning of Tuesday, May 11th, no mailings were returned as undeliverable and 32 petition cards were returned. As no mailings were returned undeliverable, the total of eligible votes remains 54 votes.

Of the 32 petition cards returned:

- 32 votes, or 59% of the adjusted total, were in favor of the installation of speed tables.
- 0 votes, or 0% of the adjusted total, were opposed to the installation of speed tables.

With 59% of the votes cast in favor for installing speed tables, the required minimum of 51% approval of the proposed action is satisfied and the proposal to install speed tables on De Porres Avenue passes. Therefore, Traffic Engineering recommends the installation of speed tables on De Porres Avenue per NTMP guidelines.

If you have any questions, contact Grace Foley at the Division of Traffic Engineering via Lexcall 311 or email gfoley@lexingtonky.gov.

Sincerely,

Grace N. Foley, P.E.
