### PROJECT SUMMARY

Arbor Youth Services (AYS) is a private nonprofit organization whose mission is to end youth homelessness by providing a safe and supportive environment to youth who have suffered abuse, abandonment, or are at risk of victimization. Through this program we provide emergency shelter and accompanying support services to runaway, homeless, and street youth, ages ranging from birth through 17 years. AYS has operated the emergency shelter since 1976 and is the only Safe Place designated emergency shelter for youth in Central Kentucky.

AYS will achieve the following project objectives: meeting the basic, physical and psychological safety needs of runaway and homeless youth; improving the psychological, emotional and physical well-being of youth and providing services that improve youth's ability to reunite with family (when appropriate) or become self-sufficient while also building permanent connections with caring adults.

AYS intends to meet the above objectives through service activities that promote the philosophy of positive youth development and trauma informed care, while adhering to the Comprehensive Youth Centered Service Model. Service activities provided will include, but not be limited to, the following: provision of basic needs including temporary shelter, food, and clothing; hygiene items; crisis intervention; counseling; referrals and individual assessments; outreach and prevention services; safety planning; skill development and enrichment activities; case management; family counseling/reunification and service plans; employment and educational activities and aftercare services. Expected outcomes for this project include at least 100 youth having their basic needs met by accessing shelter and support services.

### **General Shelter Information**

### PROJECT NARRATIVE

Arbor Youth Services is currently licensed for a capacity of 10 beds, with 4 additional beds for emergency overflow. The actual bed count does not include the crib and 2 toddler beds available for use. We expect to provide shelter to at least 100 youth per year. We operate the shelter program 24 hours a day/7 days a week all year, with around the clock supervision (a minimum of 2 staff on shift at a time). Arbor Youth provides shelter services to children ages of birth through 17 years. Many of the youth served in our shelter have experienced multiple episodes of homelessness with their family, exhibit runaway behavior, are fleeing abusive situations or lack an available and capable adult to maintain custody.

Due to the special nature of our youth population, we provide our services in a home-like setting that encourages comfort while decreasing the effects of trauma to youth experiencing homelessness and other crises. All services are voluntary and free. Youth are encouraged to participate in family style meals, complete safety plans and case management, and are provided with all basic necessities upon intake and are expected to attend school if enrolled in Fayette County. We also provide medical, mental health and housing advocacy for all youth.

At Arbor Youth we pride ourselves on inclusion and having low or no barrier programs. Youth that access any of our programs are never denied based on ethnicity, socioeconomic background, religious affiliation, sexual orientation, gender-identity, health-status, or ability level. Additionally, it is important to us at Arbor Youth that our staff reflect the diversity of the youth we serve so we recruit experienced and passionate staff accordingly. Additionally, we have Spanish-speaking individuals on staff, and we use the Language Line when needed so as to not exclude any participant based English proficiency.

Upon entry into the shelter, staff conduct a brief Intake Assessment to determine immediate and basic needs such as food, clothing, and immediate medical and mental health needs. One of the first questions staff asks is whether the youth is hungry. Often, youth arrive at shelter with nothing but the clothing they are wearing or only what can fit in a small backpack. Therefore, AYS also keeps a supply of emergency clothing at the shelter. In addition to basic food, shelter, and clothing, youth also receive hygiene supplies. At this time, staff also complete a Safety Plan with youth that encourages individual safety measures be addressed that are specific to each youth. It is during this time that staff also address the sleeping locations of youth. With many years of experience serving the most vulnerable subpopulations of youth, AYS has found that discussing sleeping arrangements often provokes a sense of fear for youth that have been severely traumatized or stigmatized for being LGBTQIA+. Assigning beds often allows staff to naturally address the specific needs of youth that may require unique services. As part of the intake process, youth are presented with a handbook that details their rights and responsibilities as a client, what is expected of them but also what they can expect of AYS; this includes any rules and regulations that you are expected to follow (see attached).

Our staffing plan supports our maximum youth capacity and is in compliance with state regulations and accreditation standards. AYS maintains a staff-to-youth ratio of no less than 1:10 during sleeping hours, 1:8 (1:6 for youth under age 5) during waking hours, and 1:4 while providing transportation. The staffing schedule allows for two youth workers during first shift, two during second shift, and two during third shift to ensure that our staffing is more than adequate to meet required ratios. Our schedule also allows for part-time youth workers during peak hours and for program outings. Additionally, the Shelter Coordinator and Youth Advocate are on-site.

Beginning with our mission and philosophy of positive youth development, AYS promotes a culture that respects and values youth and the services provided to youth and their families. The quality of AYS's services is defined by best practices and national standards. It is represented through our incorporation of youth satisfaction measures and stakeholder input in our programming, a comprehensive personnel development and training program, and our innovative approaches to helping youth achieve positive outcomes. AYS has embraced the Positive Youth

Development philosophy since 1997, incorporating it at both the organizational and direct service levels. Staff receive training on youth development and assets building, and the operational policies and procedures of Arbor Youth Emergency Shelter reflect the PYD philosophy. In 1999, the Board of Directors formally adopted the PYD philosophy and updated the Core Values of the organization to reflect the key components of PYD. Those values being: 1) We believe in youth as resources; 2) We believe youth are the future; 3) We value diversity; 4) We believe all youth have potential and all youth are worthwhile; 5) We believe in empowering youth; 6) We believe in quality service through quality people; 7) We believe in adult/youth partnership, networking/ collaboration, and sharing responsibilities; and 8) We encourage youth self- advocacy. The organization believes that young people have strengths, regardless of their life situations, and that they should have basic rights in society, including the right to make decisions about their lives.

### Rapid Resolution, Housing Oriented

When it is safe and feasible for the youth, Arbor Youth encourages alternative placements for youth as each stay in the shelter increases their chances of future episodes of homelessness in adulthood. With this in mind, we work closely with youth and families experiencing homelessness to prevent shelter intakes through family support meetings for youth who exhibit runaway behavior and resource referrals for families requiring housing. However, youth under the age of 18 who are experiencing homelessness often have very little control over their housing decisions, which creates a unique service delivery system that is quite different from the general homeless population. AYS encourages reunification with family when it is a healthy option for youth; however, staff also assist youth in obtaining alternative safe placements when necessary to avoid system placements.

The exit plan for safe and stable housing begins upon intake. The housing discussions are often between our staff and the family or fictive kin of the youth, social workers, or other relevant custody holders. We advocate for the best interest of the youth and take into consideration the youth's desires for long-term housing. We focus on increasing the youth's internal and external assets while residing at our shelter, so they are capable of making healthy and positive life decisions. Youth meet with our Youth Advocate 3-5 times a week to not only check-in with the youth to see how they're doing but to be sure they are a part of their placement process; we want to be sure youth have input in their lives and always know the status of their situation. We also assist youth in obtaining all needed documentation and other necessary items as deemed appropriate. Once youth exit, ongoing after-care is available if desired by the youth, and it is geographically feasible.

All shelter services are provided through a service philosophy and environment rooted in Positive Youth Development that empowers youth and is not punitive or restrictive. Our staff also practice trauma-informed care and utilize Mental Health First Aid to promote a safe and positive environment that encourages youth to attain independence and overall well-being.

#### Low-Barrier

Arbor Youth follows a philosophy of Positive Youth Development that encourages least restrictive policies that aim to empower youth to make healthy choices through strength-based models. Children and families are never required to contribute funds or participate in group activities to obtain shelter services. Youth must meet minimum eligibility requirements that ensure their safety and the safety of others, and supervisor approval is required for youth who have displayed inappropriate sexual behavior, severe violent behavior outside of the home, or exhibit suicidal behavior. Each youth is assessed on these safety components and decisions of eligibility are made in regard to the current population and safe alternative placement of the youth. We make all efforts possible to refrain from turning youth away and never turn away youth referred through our Safe Place program, police or through self-referral, as these are deemed emergency cases. Due to a deep understanding of our population and the belief in our youth to grow and change, we do not ban kids for indefinite periods and only discharge youth when a safe placement is available, never to the streets.

As part of intake, youth are provided a resident contract, consent forms, and policies that explain what is expected of them and what they can expect from staff. Staff thoroughly explain all documents to age-appropriate youth. During their stay, youth are encouraged to participate in groups where they discuss things like social skills and their emotional well-being. We also provide an active schedule of enrichment activities, such as touring the science center and physical activities like swimming and ice skating. While we encourage youth participation in every opportunity provided, everything is voluntary and at the discretion of youth. Arbor Youth maintains a service philosophy that is not punitive or restrictive, meaning youth have input in what they want or do not want to do and, also allowing for the common developmentally appropriate "mistakes" that come with youth.

Youth participation at the shelter is important and valuable to both our program and program participants. However, all services are voluntary (and free), and youth are not required to participate in any accompanying support services. We encourage youth to participate in all aspects of service planning, such as setting goals and creating safety plans, as well as many program planning activities. Youth are also involved in our Performance and Quality Improvement program, and every youth is given the opportunity to complete a Youth Satisfaction Survey, which is an integral component of our service evaluation and planning process. With youth participation comes youth empowerment, increased self-esteem, self-confidence, and improvements to our overall program.

Arbor Youth welcomes all service and emotional support animals, and with any other pets, our staff are willing to make every possible effort to keep the pet and youth together in our facility. In addition, we are supportive of storing all belongings a youth arrives with, as space permits. Most often, youth arrive with little more than a backpack, and our staff works diligently to make sure we acquire any additional items. We have minimal closet space but also have two sheds behind our facility with ample storage space for youth needs.

Youth Workers are vital to the successful operation of this program. It should be noted that the board voted to increase salaries of all Arbor Youth Services employees in 2023. The Youth Worker's hourly pay was increased to \$16 per hour based off of data that Lexington residents needed to earn \$16 an hour to afford housing in the area. The leadership and board of Arbor Youth Services is committed to insuring that no staff member is struggling with housing insecurity because we believe that our employees cannot effectively provide shelter and housing assistance to youth and their families when the employee, themselves, is marginally housed.

Fringe Benefits: Arbor Youth Services is not requesting any funds for fringe benefits.

Consultant Services: AYS is not requesting any funds for consultant services.

Space/Facilities:

Utilities: Utilities include gas (\$4,000), electric (\$4,000), and water and sewage (\$1,150). Facility Expenses: Building expenses include security (\$630), pest control services (\$1,800), and facility maintenance (\$2,150).

### Background

The Lexington-Fayette Urban County Government has established the Extended Social Resource Program to provide funds to various non-profits that provide important social services to the community. This Program supplements and supports the work of the Council by fulfilling an important and vital public purpose. The Council separates the emergency overnight shelter priority area from the ESR Program to create two distinct components: a Community Based Initiatives program, administered by the Department of Social Services and an emergency shelter program administered by the Office of Homelessness Prevention and Intervention.

The administration and management of the emergency shelter program is more efficiently performed by the Office of Homelessness Prevention and Intervention, which was created for the purpose of coordinating Lexington's efforts to end homelessness. The Lexington-Fayette Urban County Government's Homelessness Prevention and Intervention Board identifies non-profits in the community that provide emergency shelter for those experiencing homelessness and that qualify for funding in accordance with the Lexington-Fayette County Continuum of Care.

The Council established a funding goal for each grant year of at least one percent (1%) of general fund revenues collected from the last full fiscal year. Of that, Council sets that forty percent (40%) of the total amount shall be allocated for the emergency shelter component. This 40% will include funding for all emergency shelters in Fayette County, even those previously funded outside of the ESR program.

Emergency shelter contracts will be awarded to eligible applicants to assist in operating an emergency shelter in alignment with the goals of the Lexington-Fayette County Continuum of Care, the Office of Homelessness Prevention and Intervention and the LFUCG Homelessness Prevention & Intervention Board. This is a purchase service agreement with terms set by LFUCG. LFUCG intends to fund any organization which operates a rapid resolution, housing-oriented emergency shelter that assists individuals and families to exit into permanent housing quickly.

This cycle of Extended Social Resource Program funding will accept proposals for both day shelters and overnight emergency shelters. The Office of Homelessness Prevention and Intervention recognizes the need for shelter options to be available 24/7/365 in order to meet essential needs and to facilitate connection to housing-oriented services in a manner that is flexible and low-barrier.

The LFUCG reserves the right to reject any proposals which may be considered irregular, show serious omission, contain unauthorized alteration of form, or are incomplete.

The LFUCG reserves the right to accept or reject any or all applications in whole or in part, with or without cause, to waive technicalities, to implement scoring penalties, or to accept applications or portions thereof which, in the Urban County Government's judgement, best serve the interests of Urban County Government.

### 1.4 Requests for Clarification

The LFUCG reserves the right to request clarification of information submitted and to request additional information (to clarify the information submitted) of the applicant either orally or in writing. This may include negotiation of funding amounts, outcomes, and other adjustments prior to the execution of a funding award.

### 1.8 Reporting

The funded project will be required to submit quarterly financial and project timeline reports. Failure to submit complete reports on time will delay processing of grant payments and affect the grantee's competitiveness for any future funding opportunities with LFUCG.

### 2.0 PROPOSAL FORMAT

The Proposer must submit the proposal via the LFUCG's Procurement Software at <a href="https://lexingtonky.ionwave.net/Login.aspx">https://lexingtonky.ionwave.net/Login.aspx</a>. Adherence to the proposal format by all proposers will ensure a fair evaluation regarding the needs of the CoC. Proposers not following the prescribed format will be deemed non-responsive.

A complete proposal contains each of the following components:

- One Page Cover Sheet containing:
  - o Organization or Lead Applicant Name and Authorized Representative
  - Organization or Lead Applicant Address, Phone Number and E-mail
  - Title of proposed project
  - Brief summary of proposed project (250 words or less)
- Project Narrative responding to each of the evaluation criteria described in Section 3.0 and utilizing format described below (15 pages or less)
  - Double spaced
  - Single sided
  - Times New Roman 12-point font with 1-inch margins
  - o Page numbers in bottom right corner of complete submission

### 3.0 MINIMUM ELIGIBILITY CRITERIA/REQUIREMENTS

Applicants for emergency shelter funding must meet or agree to implement the following items. Submission of a proposal constitutes agreement to these terms:

- All shelter guests must be entered into the Kentucky Homeless Management Information System (KYHMIS) database. If the organization is a victim service provider, the requirement for a comparable database must be fulfilled. All emergency shelter program-specific data elements and timeliness must comply with the LFUCG Homelessness Prevention and Intervention Board's <u>Data Quality Plan</u>.
- Shelters must participate fully in the Lexington's Housing Triage System, our community's Coordinated Entry system. For shelters, this means conducting the CoC's common assessment tool for guests who have reached an appropriate length of stay/participation<sup>1</sup>, entering those guests into the Lexington CoC Coordinated Entry project in KYHMIS, and meeting all responsibilities outlined in <a href="Lexington Housing Triage System Policies & Procedures">Lexington Housing Triage System Policies & Procedures</a> adopted by the LFUCG Homelessness Prevention & Intervention Board.
- Shelters must comply with LFUCG Homelessness Prevention and Intervention's Board Anti-Discrimination
  Policies to ensure that they do not contribute to unlawful gaps in access based on race, ethnicity, gender
  identity, sexuality, or other demographics, as defined by federal, state, and local laws and ordinances.
  Shelters will have a culture that exhibits cultural competency and responsiveness.

<sup>&</sup>lt;sup>1</sup> Best practice recommends that individuals/households would access shelter for a period of 14 days prior to assessing for Coordinated Entry. This allows for self-resolution and diversion/rapid resolution and ensures case management staff maintain capacity to meet shelter needs.

#### 4.0 EVALUATION

### 4.1 General Shelter Information

### 20 points

The following information is required in order to evaluate capacity and scope of programming and ensure a balance of shelter options for various sub-populations of people experiencing homelessness. While the overall narrative score is a major factor in funding recommendations, LFUCG will also consider factors such as ensuring availability of critical services and an adequate number of emergency shelter beds for vulnerable populations.

- Provide a description of the shelter including:
  - shelter operating hours;
  - population(s) served, including any special populations served;
  - shelter rules and procedures (submit documentation);
  - how basic needs are met such as meals and personal care;
  - operating hours outside of nighttime shelter, i.e. are staff operating during the day;
  - o general staffing description for the shelter.
- Does your emergency shelter consistently implement practices to meet people where they are, and provide person-centered care that focuses on personal strengths? (submit documentation)
- What policies or value statements convey clear expectations that guests will be treated with dignity and respect, and how does the shelter monitor adherence to these expectations? (submit documentation)
- Are expectations of guests clearly communicated and easily accessible for review by guests? (submit documentation of communication process)
- ⇒ What policies and resources does the shelter have to facilitate communication with persons of limited English proficiency and/or disabilities that might require accommodation? (submit documentation)
- ⇒ How does the shelter meet the needs of persons with disabilities, including those with mobility limits or those requiring use of medical equipment?
- ⇒ What specific practices help ensure that the shelter exhibits cultural competency and provides appropriate protections for shelter seekers across demographic differences?
- ⇒ Does the shelter involve guests in governance and operations? (submit documentation)

### 4.2 Rapid Resolution, Housing-Oriented

### 25 points

Up to 25 points will be awarded to applicants demonstrating a shelter project that is rapid resolution and housingoriented. This means a plan is presented for how the organization works with guests to develop and implement a housing plan, including diversion techniques, and how quickly people move to permanent housing.

Narrative for this section should address all of the following prompts:

- ⇒ Does your shelter's process for accessing shelter assess options for diverting from shelter?
- ⇒ Does your emergency shelter's diversion approach include, when needed, financial assistance, mediation, housing navigation, legal assistance, or other supports?
- ⇒ What role do mainstream programs play in supporting shelter seekers and diversion efforts?
- ⇒ How does your emergency shelter provide immediate assistance and link guests with housing options within the first 14 days of a shelter stay/participation?

- ⇒ How does your emergency shelter use data routinely to detect trends, identify frequent users, and monitor housing success and other performance measures?
- ⇒ How does your emergency shelter coordinate with the broader homelessness response system to engage in system-level planning?
- ⇒ Does your emergency shelter assess and address the safety risks for people fleeing domestic violence?
- Describe how shelter guests are assigned case management and detail how case management is provided in your shelter. What days/times are case managers available to assist guests? How often do case managers discuss housing options with guests? Are there any prerequisites for guests to access case management? What is the overall capacity of case management services and the caseload ratios per case manager?
- ⇒ How and when do the conversations about obtaining housing begin? Do case managers utilize best practices when working with clients, such as trauma informed care? What training does the shelter provide/require of case management staff on evidenced based practices?
- ⇒ How will shelter staff members or volunteers help shelter guests access documents required for housing (birth certificates, Social Security cards, etc.) when needed?

4.3 Low-Barrier 25 points

Up to 25 points will be awarded to applicants based on an evaluation of the shelter's commitment to a Housing First, low-barrier model. Low-barrier shelter is a critical piece in the homeless assistance approach that prioritizes providing people experiencing homelessness with shelter as quickly as possible – and then providing voluntary supportive services as needed. A low-barrier shelter is one which has only the least restrictive entry criteria necessary to ensure health and safety in the facility.

Narrative for this section should address all of the following prompts:

- Does the shelter set only minimal and reasonable requirements for guests, and does the shelter enforce these requirements in a fair and transparent way? (submit documentation)
- ⇒ Does your emergency shelter have minimal expectations or requirements of people seeking shelter? (submit documentation)
- ⇒ Does your shelter welcome self-defined family and kinship groups to seek shelter together?
- ⇒ Can your emergency shelter identify financial resources that can support the adoption of low-barrier policies and practices and support extended or flexible hours and adapted service-delivery models?
- ⇒ Does your shelter accommodate pets and personal belongings?
- ⇒ Does the shelter make accommodations to store belongings and, if so, how?
- ⇒ Do your shelter intake process and housing navigation services coordinate closely with community-based outreach services and Coordinated Entry?
- ⇒ Does your shelter create flexible and predictable access for people seeking shelter?
- ⇒ Are guests required or requested to contribute funds or labor to remain in the shelter? (submit documentation of any program fees or volunteer time required)
- ⇒ Are guests required or requested to leave the shelter during any portion of operating hours?
- ⇒ Are guests required to participate in classes or programs as a condition of remaining in the shelter?
- Describe the process followed to determine whether someone is admitted or removed from the shelter and appeals available to those denied access. Applicants should include with their proposal a copy of written operation procedures for denial of services. This includes drug testing. (submit documentation)
- ⇒ How many participants were restricted, denied access, or banned in the past 12 months for reasons described above? What is the shelter's process for reviewing restrictions/bans and allowing guests to return?

### I. Policy

### A. General Statement

Arbor Youth Services is an equal opportunity employer operating under federal and state laws which prohibit discrimination against any person in recruitment examination, appointment, training, promotion, retention or any other personnel action because of such individual's race, color, religion, sex, national origin, or ancestry. This Affirmation Action Plan restates that commitment and assigns continuing responsibility for specific activities to ensure that minorities and women are considered in all employment activities.

In initiating the Plan Arbor Youth Services recognizes (1) that it is necessary to identify and deal with discrimination and roadblocks to equal opportunity, intended or unintended; (2) that well-conceived, planned and realistic actions are necessary to provide for achieving true equality of opportunity; (3) that these actions be aggressively pursued; (4) that an effective periodic self-evaluation is needed to ascertain whether pre-determined goals are being met; and (5) that this evaluation will result in updating the action plan, as necessary, to meet changing needs and to effectively resolve problems.

### B. <u>Administration and Communication of the Plan</u>

Under the direction of the Executive Director, the overall responsibility for administering the Plan rests with the Administrative Coordinator. However, each program Coordinator is responsible for applying the Affirmative Action Plan to all activities of their program divisions and shall be held accountable for results. Such cooperative action as is necessary between divisions shall be coordinated by the Executive Director. A continuing evaluation of the effectiveness of the Plan shall be made by the Executive Director and periodic reports evaluation of the results of the Plan shall be included in the Annual Report provided at the Board of Directors retreat.

#### A. Examinations

The definition of examinations includes the process from review of applications to final determination of eligibility. While an evaluation of all tests used in selection is not feasible at the present time, the following actions shall be taken to avoid discrimination and to acquire pertinent statistics for use in any further evaluation.

- Where possible, eliminate from the application form all inquiries concerning race, color, religion, sex, national origin or ancestry. This includes, but is not limited to pre-employment inquiries concerning marital status, maiden name, number of dependents, arrest record.
- 2. For written tests, keep a record of the success of women and minority group members in taking the test.

### VI. Evaluation and Reporting

- 1. Data shall be compiled every six months indicating the number and percentages of employees in each department by designated pay grade levels from various minority groups. A similar report shall be prepared on women.
- 2. A summary and evaluation of the above data shall be prepared for distribution to the Executive Director, Board of Directors, all program coordinators, and other interested persons.
- 3. Program Coordinators shall report to the Executive Director or Administrative Coordinator any problems or suggestions on the implementation of the Plan to aid in the evaluation.

If the Board finds that there was discrimination, it shall recommend or where so empowered by the policy, it shall order, appropriate corrective action.
