TO: Mayor Linda Gorton
Urban County Councilmembers

FROM: Jonelle Patton, Director
Lexington Enhanced 911

RE: E911 Bandwidth Expansion at PSOC and N. Martin Luther King

Request:

The Division of Enhanced 911 is requesting a resolution authorizing the Mayor, on behalf of the Urban County Government, to execute contracts with Uniti Solutions at the Primary PSOC location of 115 Cisco Rd 40504 and the Co-Location at 151 N. Martin Luther King Blvd 40507.

Why are you requesting?

The Division of Enhanced 911 is requesting Bandwidth expansion contracts at both our primary server (side A) and our redundant location (side B). This expansion in bandwidth, along with the included managed router solution, will strengthen Lexington's core and create a separate data flow between the CKY911 network and Lexington E911. This expansion will also support Solacom upgrades required for 911 call routing. Upon completion, Lexington E911 will have additional resiliency when untimely technology challenges are presented. This addition will reduce the risk of downtime, improve system stability, support continuity of services and positions Lexington to manage and support evolving NG911 capabilities.

What are the costs in this budget year and future budget years?

115 Cisco Rd. Lexington, KY 40504 – Monthly cost \$1,378.48; Annual cost \$16,541.76

151 N Martin Luther King Blvd, Lexington, KY 40507 - Monthly cost \$1,305.00; Annual cost \$15,660.00

Are the funds budgeted?

Funds are budgeted in combination of the following accounts: 4204-505602-5622-72202, 4204-505602-5622-72204, 4205-505602-5621-72202 and/or 4205-505602-5621-72204

File Number: 0286-26

xc: Ken Armstrong, Commissioner
