RE: AMB Addendum
Log No. 19-CC0114

This memorandum is intended to remain confidential pursuant to the attorney-client privilege as it contains privileged or confidential information.

You have asked for a review of an addendum to the AMB Service Agreement. There are no legal issues to prevent the addendum from proceeding through the Legistar process for Council approval and the Mayor's signature. If the Division of Fire agrees with the operational terms of the addendum it may proceed through the Legistar process.

Michael R. Sanner
Attorney Senior

Division of Fire
