## LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is subject to the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's mandated duties under this contract, then this contract shall automatically expire without penalty to the LFUCG, after the LFUCG provides written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly understood that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of the contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally the governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligation under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

**EQUAL OPPORTUNITY AGREEMENT**

The Law

Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for a contractor to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.

Executive Order No. 11246 on Nondiscrimination under Federal contract prohibit discrimination by contractor and sub-contractor doing business with the Federal Government or recipient of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.

Section 503 of the Rehabilitation Act of 1973 states:

*The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.*

Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action in favor of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.

Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions by Equal Employment Opportunity, states:

*The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.*

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In fulfillment of this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to contractors who knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned provisions may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.
