TO: Mayor Linda Gorton
Urban County Councilmembers

FROM: Robert Stack, Director
Lexington Enhanced 911

Robert Stack

RE: Tyler Technologies – Amendment to Agreement

Request:

The Division of Enhanced 911 is requesting authorization for the Mayor to sign an amendment to the current agreement with Tyler Technologies that is detailed in resolution 598-2017.

Why are you requesting?

E911, Lexington Police Department and the Division of Fire and Emergency Services have been working with Tyler Technologies to deploy a new Computer Aided Dispatch (CAD), Mobile and Records services which will be utilized for dispatching, updating and reporting upon public safety calls for service. This project has been underway since September 2017 and while much work has been accomplished, several major milestones are still outstanding. Efforts to insure that both Lexington and Tyler Technologies are in agreement on how to proceed in addressing these remaining milestones within the current calendar year, resulted in this amendment to the existing agreement – which both parties feel adequately address the goals and concerns.

What are the costs in this budget year and future budget years?

No increase from the existing agreement

Are the funds budgeted?

Yes and encumbered in E911, Police and Fire funds:

1101-505601-0001-96202; 1101-505705-5753-76101; 1131-505501-5511-96209; 3400-505601-0001-71299; 3400-505601-0001-96202; 4204-505601-0001-71299; 4204-505601-0001-96202

File Number: 0294-21

xc: Ken Armstrong, Commissioner
