 McCreary County Donated Cruisers

Per your request, I have listed below two vehicles that meet the requirements requested by McCreary County. Both of these vehicles are older Traffic cars that are scheduled to be removed from the fleet this year. Our intention is to remove the radios but leave the lighting package. Neither vehicle is equipped with a cage.

Vehicles do not require a Fixed Asset FA9. Vehicle transfers are handled by Fleet Services.

Please advise what further action you need taken at this time.
