C2G Outreach Effort

In preparing its bid, C2G identified portions of the contract scope economically feasible for subcontract participation notwithstanding the as-needed, no-guaranteed-quantity structure of the contract, including: (1) supplemental combination jet/vacuum truck and operator capacity on a per-occurrence basis; (2) fresh water supply and transport to pump station work sites; and (3) site restoration services and disinfection supplies.

On July 23, 2026, C2G contacted the LFUCG Minority Business Enterprise Program Liaison, Sherita Miller, and requested the list of certified small, DBE, MBE, WBE, VOSB, and SDVOSB subcontractors and suppliers. On July 23, 2026, C2G sent individualized written solicitations by email to two certified firms identified from that list, describing the solicitation, the feasible subcontract scopes, scheduling and insurance requirements, and a response deadline, and attaching the complete bid package to provide prompt access to the plans, specifications, and requirements. C2G's solicitations included an offer of assistance in identifying insurance, equipment, or other resources needed to meet project requirements.

As of the date of this submission, one firm responded, declining to participate, as they are a Federal Contractor only; The other firm did not respond. No firm submitted pricing for the identified scopes prior to bid submission. C2G remains willing to engage certified firms for the identified scopes during contract performance and will report any subcontract participation to the MBEP as required.
