\*Email robertsd@lexingtonky.gov

## Request Detail

\*Select a Program Area MPLX - First Responder - Terminal

\*Request Name: Enter a descriptive name for this funding request. CBRN MT94 - Multi-use Hazmat Suit

\*Request Amount \$3,405.00

\*Brief description of the intended use of the funds:

The MT94 hazmat suit by Lion Manufacturing is a critical asset for Lexington Fire Dept entry teams, offering security against many hazmat threats. Certified to NFPA 1994 & NFPA 1992, designed for hot zone ops, protecting firefighters.

Its construction allows for multiple wear and washings. This suit is vital for hazmat incidents, drug lab responses, biothreats, & domestic terrorism agents, including potential incidents at local high-risk locations like the Marathon terminal on Old Frankfort Pike.

## Internal Use Only
