	Description: As a part of RFP #18-2017 Lexington has selected Traffic Control Products and the sofwate/hardware of Intellight to provide and install a new Central Advanced Traffic Management System. This purchase will be paid for entirely by two different years of the ITS_CMS grant. The entire portion of the Local Controller Software and Modules will be paid via ITS_CMS 2018 and the remaining portion will be paid out by ITS_CMS 2016.
