The Parties understand and agree that the Organization's obligation to defend the Government includes the obligation to investigate, handle, respond to, resist, provide a defense for, and defend claims, at Organization's expense, using attorneys approved in writing by the Government, which approval shall not be unreasonably withheld. The Parties also understand and agree that the Organization's obligation to indemnify includes, but is not limited to: attorney fees and expenses, costs of litigation, court and administrative costs, expert witness fees and expenses, judgments, fines, penalties, interest, all environmental cleanups and remediation costs of whatever kind, and any liability arising from death, injury, or damage of any kind, to any person, including employees and agents of Organization and Government, and damage to, or destruction of, any property, including the property of Government. This provision shall in no way be limited by any financial responsibility or insurance requirements, and shall survive the termination of this Agreement. Organization understands that Government is a political subdivision of the Commonwealth of Kentucky and acknowledges and agrees that the Government is unable to provide indemnity or otherwise save, hold harmless, or defend the Organization in any manner.

7. Organization represents that it has filed all federal, state and local income tax returns required by law in the legally prescribed time and manner. This Agreement shall not

become effective unless and until copies of all of the executed originals of the aforementioned tax returns filed for the Organization have been registered for the current tax year by the Organization in the office of the Sponsor, and the Organization shall not be compensated unless and until such registration has taken place.

8. The Organization shall, on such forms as the Sponsor shall provide, submit to Sponsor an annual report and financial statement which summarize the previous year's activities regarding the services enumerated in Exhibits A and B attached hereto.

9. Books of accounts shall be kept by the Organization and entries shall be made therein of all money, goods, effects, debts, sales, purchases, receipts, payments and any other transactions of the Organization. The books of accounts, together with all bonds, notes, bills, letters and other writings belonging to the Organization, shall be maintained at the principal place of business of the Organization as set forth in this Agreement. Government shall have free and complete access to the books, papers and affairs of the Organization, that relate to the performance of this Agreement, at all reasonable times, and if it desires, it may have the books and papers of the Organization, that relate to the performance of this Agreement, audited and examined by auditors, accountants or attorneys. Any examination shall be at the expense of the Government.

10. Government may designate such persons as may be necessary to monitor and evaluate the services rendered by the Organization. The Government, its agents and employees, shall, at all times, have unrestricted access to all places where or in which the services required hereunder are being carried on and conducted. Inspection and monitoring of the work by these authorities shall in no manner be presumed to relieve in any degree the responsibility or obligations of Organization, nor to constitute the Organization as an agent of the Government.

11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

12. Organization shall adopt a written sexual harassment policy, which shall, at a minimum, contain a statement of current law; a list of prohibited behaviors; a complaint process; and a procedure which provides for a confidential investigation of all complaints. The policy shall be given to all employees and clients and shall be posted at all locations where Organization conducts business. The policy shall be submitted to Sponsor for review within thirty (30) days of the execution of this Agreement.

13. This instrument, and additional documents attached hereto, contains the entire agreement between the parties, and no statement, promises or inducements made by either party or agent of either party that is not contained in this written Agreement shall be valid and binding; and this Agreement may not be enlarged, modified or altered except in writing signed by the parties and endorsed hereon.

14. Organization agrees that it shall apply all funds received by it from the Urban County Government in accordance with the following investment policy guidelines:

B. Investment Funds Management: The governing board may elect to either:

The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in "riskless" investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

(3) All investments shall be reviewed monthly by a finance or investment committee of the agency.

(4) Local brokerage firms may hold and invest funds provided that investments are located within Kentucky and are full insured.

D. Audit - - All investments shall be audited at least annually by independent certified public accountant who shall express an opinion as to whether or not investments during the year audited have conformed with state and local law and regulation and with the approved investment policies.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

2017 Census data shows nearly 7,500 adults with vision impairments in Fayette County.

The CDC reports:

- Vision loss takes a substantial social and economic toll, including significant suffering, disability, loss of productivity, and diminished quality of life.

- People with vision impairments are more likely to report depression, falls, cognitive decline, and premature death.

- Decreased ability to see often leads to the inability to drive, read, keep accounts, and travel in unfamiliar places – substantially compromising quality of life.

Statistics from the National Federation of the Blind show more than 70% of this population are not employed, leaving most in poverty. The Bluegrass Council of the Blind (BCB) is the only nonprofit in Fayette County exclusively serving this vulnerable and underserved population at risk for isolation, depression, poor health and dependency on others. The Kentucky Division of Blind Services (OVR) provides services to those trying to enter the workforce, leaving thousands of seniors, past work age, with little to no help in learning basic skills for living safe, healthy, independent lives with low vision. UK Advanced Eye Care is the only place in Central Kentucky offering OT low-vision services. With limited time and resources, they offer no peer support and only about 10% of what BCB offers in technology devices. BCB fills the gap in Fayette County by providing services to persons with vision impairment that teach healthy, independent living skills through Assistive Technology access and training, and combat isolation and emotional hardships through social opportunities and peer support.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Annual outputs BCB provides:

300 assistive devices or items distributed per year to 150 consumers to help overcome the barrier of vision loss to healthy, independent living.

155 individual or group trainings conducted per year on devices and techniques to help overcome the barrier of vision loss to healthy, independent living, serving 300 individuals

10 Lunch & Learn support group meetings held per year to offer socialization, access to resources, tools and tips to a monthly average of 25 participants.

4 quarterly membership meetings held per year, each averaging 25 in attendance, to offer socialization, inspire leadership and offer local, state and national connections.

22 small group mentoring meetings held per year with a monthly average of 8 consumers, that encourage socialization and support.

Employment for 6 individuals with vision impairments.

10 Community Outings held per year that encourage mobility and socialization, with a monthly average of 8 participants.

30 wellness check phone calls a month to check on individuals who live alone or may be at-risk for depression, loneliness, falls or injury.

3,600 lbs. of food distributed per year to a monthly average of 25 consumers with vision impairments to reduce food insecurity.

Hot meals served at in-person Lunch & Learn meetings 10 times a year to an average 25 consumers per meeting, to provide opportunities for socialization and sharing

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Mentoring, support meetings, community outings, supplemental food, technology demonstrations, trainings and seminars are all free of charge to the consumer and require no financial obligation from consumers. Although we receive most new consumers as referrals from local doctors or the state Division of Blind Services, we also accept "self-referrals" – no formal referral is needed. For some services, a confidentiality agreement is required. Some technology devices made available for lending or for distribution may require an application process and are determined based on need. These are reviewed by a committee and awarded based on availability. Supplemental Food Distribution is open to anyone who is blind or visually impaired, with those who are registered with God's Pantry Food Bank given first priority. If we have additional food that month, then anyone else who is blind or vision impaired is offered the remaining food boxes. Recipients must reside in Fayette County to qualify for home delivery of food items. As an affiliate of the American Council of the Blind (ACB), our membership is a service we offer that has a membership fee of \$10 annually, with \$5 of that being paid to ACB. We keep this fee as low as possible to ensure all who wish to participate are given the opportunity, with sponsorships (paid for by other BCB members) available for those who are unable to pay the \$10 membership dues but wish to be a member. Membership is NOT required to receive services.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

A Thomas Jefferson University study published in the American Academy of Ophthalmology revealed the best treatment for those who have Macular Degeneration was a combination of physical and emotional treatment from occupational therapy, which reduced depression. BCB provides very similar services to what occupational therapy low-vision programs provide. The most unique and valuable aspect of our programs is that we are people with vision loss helping others with vision loss. Seven of BCB's 8 staff members are visually impaired, as are 8 of our 9 board members and the majority of our members. Leaders at BCB have personal experience overcoming the challenges of vision loss and are eager to help others through education, training, encouragement and personal triumphs. BCB's program mirrors disABILITY LINK, which is based on one person with a disability helping another person with a disability in similar situations to develop strategies and self-advocate. DisABILITY LINK is also considered a best practice developed through the creation of collaboration between the Georgia Council on Developmental Disabilities, Georgia Centers for Independent Living and the skills and insights of peer supporters in Georgia. Training has been presented at the following national conferences: 2007 American Association on Intellectual and Developmental Disabilities, 2007 National Council on Independent Living and 2014 Association of Programs in Rural Independent Living.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Goals, outcomes and numbers achieving apply to any of the following: people who are blind/visually impaired, their families, caregivers, professionals working with people who are blind/visually impaired and the Fayette County community.

Assistive Technology and Training Outcome: Participants report increased independence, safety and/or health through accessing assistive technology, training, education and knowledge for living with vision impairment. Success = 85% achieving

Peer Support Outcome: Participants report decreased isolation and increased self-esteem, confidence, and abilities, resulting in greater health and well-being. Success = 85% achieving

Food Distribution: Participants feel more food secure

BCB bases success on each consumer's individual goals, which may be job-related, social or mobility issues, or just wanting to know how to learn to live a life without sight, i.e., how to be "normal" living with vision impairment.

Personal goals may include:

- learning how to access printed text (reading mail, kids' homework, notes from school, medication labels/warnings, cooking instructions/ingredients)
- accessing technology to manage health (talking accessible devices like glucometers, blood pressure monitors, prescription labels)

connecting with others experiencing vision impairments for peer support

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

BCB aims to increase the independence, safety and quality of life for Kentuckians impacted by vision loss. BCB programs increase economic stability, remove barriers, provide adaptive learning opportunities, and promote inclusion, improving the quality of life for the consumer, the lives of their family / caregivers, and the broader Lexington community.

The most meaningful impact we see is hope. Hope allows BCB consumers to take steps to gain the tools / knowledge to live independently, safely and successfully despite vision impairment. Positive outcomes include increased abilities, confidence, access and inclusion; and reduced depression, isolation, stress, dependency and financial burden.

Peer-to-peer mentoring and support are proven to improve confidence, stability and reaching goals and have long been used to increase mental and physical well-being of both mentors and mentees in many ways.

BCB consumer Leigh stated, "BCB introduced me to so many amazing tools that would help me tremendously in everyday life ... But the biggest thing BCB offers is a community of people who understand what I am going through."

Social Worker Mary shared: "[BCB] took a great deal of time researching, providing a wealth of resources, additional support and technologies available to my client. I was impressed with not only their extensive knowledge but also the compassion, patience, and generous gift of their time. My client expressed hope for the ability to return to a level of independence [and] is looking forward to an enriching life full of possibilities. I am truly thankful to have [BCB] as a resource."

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

BCB conducts surveys following group activities and trainings. We offer the opportunity to participate in annual focus groups and to give one-on-one feedback. We also conduct annual surveys each December and smaller surveys by phone throughout the year to gather feedback on an ongoing basis. We require mentoring participants to report monthly and provide helpful observations and comments that we use for program evaluation. Surveys and observations by the staff regarding attendance leads us to the conclusion of success, as many participants return to participate month after month and share with us that they are learning, as well as feel useful and valued as a resource for others to learn from and gain support. BCB uses focus groups, surveys, self-reporting and observations to evaluate and modify programs. We employ an office manager who manages the data collection and tracking for each program, which is used for reporting, evaluating and adapting the programs to reach the highest outcomes. All BCB staff are involved in program tracking and we conduct weekly staff meetings that provide opportunities to improve tracking procedures and to share information regarding client feedback.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

We believe it's essential BCB's Peer Support (PS) and Assistive Technology (AT) programs are managed by qualified professionals who are also visually impaired, to provide empathy and support. Diagnosed with macular degeneration at 11, BCB AT Program Coordinator Sam Seavey has extensive background in devices/techniques for living with low vision. He shares this valuable experience with BCB consumers and on his YouTube Channel, "The Blind Life," which has 42,000+ subscribers and hundreds of helpful AT videos offering tips for managing daily tasks, reviews of assistive devices, and informative interviews. He serves on the Windows Accessibility Advisory Board, Foundation Fighting Blindness Accessibility Task Force and National Library Services Reading Technology Advisory Group. BCB IT Manager Richard Sizemore provides evening AT appointments for consumers. Certified as a Microsoft professional and JAWS and ZoomText instructor, Richard has been a computer and accessibility consultant for 20 years, including 8+ years' experience in technology training for the blind/visually impaired and individuals with multiple disabilities at organizations such as the Learning Network and the Kentucky School for the Blind. Born with optic nerve hypoplasia and nystagmus, Richard is legally blind. Legally blind from birth, BCB PS Program Coordinator Dr. Susan Ament is well-versed in overcoming challenges associated with vision impairment. Despite her disability, she obtained a doctorate in Clinical Psychology from the University of Louisville and worked full time as a clinical psychologist in Indiana before moving back to Lexington. Dr. Ament served four years on the State Rehabilitation Council, serving as their 2014-15 Chair.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

BCB is the only nonprofit exclusively meeting the wellness and safety needs of adults with vision impairment in Fayette County. Through direct services and collaborations with numerous agencies, corporate and civic partners, BCB provides vital services to counter the fear, isolation and depression associated with vision loss. We partner with the VA, Independence Place and UK Advanced Eye Care to provide these services free of charge, build community involvement and establish comprehensive services without duplication. By serving people with vision impairments, their families and those who work with these individuals, BCB builds an inclusive, sustainable, thriving support system for BCB consumers, our organization and broader community. Funding sources include the Linda Neville Trust, United Way of the Bluegrass, Lexington Lions Club, Kings Daughters and Sons Foundation and SEE Cruise fundraiser. Formal partnerships include the Lexington Senior Center (SILVER Initiative); UK Teachers of the Visually Impaired Program, KY Division of Blind Services and the KY School for the Blind for an Orientation and Mobility Clinic to fill the largest identified service gap in Kentucky; and the UK School of Pharmacy. We also regularly engage volunteers from corporate and civic partners including CLARK Material Handling, Junior League of Lexington and Lexington Lions Club. Many BCB consumers also become volunteers. BCB is now an approved vendor for the Kentucky Office of Vocational Rehabilitation for training on AT devices and adaptive software to achieve vocational and independent living goals. To our knowledge, we are currently their exclusive vendor in Fayette County for these vital services.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Because we know firsthand the challenges of living in a sighted world, accessibility is of utmost importance to BCB. We strive to accommodate all people with vision impairment by offering materials in large print, audio format, Braille and electronically (for screen reader users). To remove barriers for persons impacted by poverty and economic distress, our services are free of charge. Our office is located on a LexTran bus route, and we provide Wheels passes to help individuals access services.

BCB has adopted the Non-Discrimination policy suggested by the United Way of the Bluegrass. Blindness or low vision can strike a person of any age, ethnicity or socio-economic background. We serve them all, along with healthcare professionals, caregivers, teachers and family members. Of the BCB consumers who reported their race, 14% are African-American; 83% are white.

For consumers with language barriers, BCB has an active account with Language Line Solutions available for staff 24/7, and Spanish-language brochures are available in print and on our Web site.

In the 55+ population we serve, we are seeing the need for adapting tools and techniques for people with multiple challenges. BCB is committed to staying abreast of current trends, best practices and technology to accommodate people with a variety of challenges, and we strive to train all volunteers and community members on those best practices. We regularly serve on the Mayor's Commission for People with Disabilities and have attended the Assistive Technology Industry Association's international conference.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:
The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.
- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:
The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

1.0 GENERAL INFORMATION & SCOPE

1.1 **Background**

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2023 and 2024 (July 1, 2022 – June 30, 2024), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Community Wellness & Safety

Projected funding is approximately \$900,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2023 Budget.

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing ***Mental Health, Substance Misuse Disorder, and Community Violence Intervention***. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

Proposal submissions containing significant omissions of required information will be considered non-responsive and removed from the RFP funding process on the application deadline date (March 7th, 2022). Significant missing responses to questions constitute an incomplete application. The final decision regarding application completeness and penalties will be determined by the LFUCG Division of Central Purchasing in consultation with the Commissioner of Social Services. **All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.**

Funding Priority Area: Community Wellness & Safety

Projected funding is \$900,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Community Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Community Violence Prevention**, which includes **Youth Violence Intervention**, including Gang & Gun Violence, Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?
