To request HUD's approval for a change in the Project or Approved Budget, the Grantee must submit a formal letter to the Director of HUD's Office of Economic Development - Congressional Grants Division through the assigned Grant Officer. The letter must be submitted by email to the assigned Grant Officer and must provide justification for the change. The email submitting the letter must also include a revised project narrative or revised line-item budget, as applicable, that includes the requested change. The Grantee is prohibited from making project or budget changes that would conflict with the Applicable Appropriations Act Conditions described in Article III, section D of this Grant Agreement. E. In accordance with 2 CFR 200.307(b), costs incidental to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the grant. As authorized under 2 CFR 200.307(e)(2), program income may be treated as an addition to the Federal award, provided that the Grantee uses that income for allowable costs under this Grant Agreement. In accordance with 2 CFR 200.307(b), costs incidental to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the grant. Any program income that cannot be expended on allowable costs under this Grant Agreement must be paid to HUD before closeout of the grant, unless otherwise specified by an applicable Federal statute.

The Grantee's indirect cost rate information is as provided in Appendix 3 to this Grant Agreement. H. The Grantee is responsible for managing the Project and ensuring the proper use of the Grant Funds. The Grantee is also responsible for ensuring the completion of the Project, the grant closeout, and compliance with all applicable federal requirements. The Grantee may subaward all or a portion of its funds to one or more subrecipients, as identified in the Project Narrative (Appendix 1) or as may be approved by HUD in accordance with 2 CFR 200.308. All subawards made with funding under this Grant Agreement are subject to the subaward requirements under 2 CFR art 200, including 2 CFR 200.332, and other requirements provided by this Grant Agreement. The Grantee is responsible for ensuring each subrecipient complies with all requirements under this Grant Agreement, including the general federal requirements in Article IV. A subaward may be made to a for-profit entity only if HUD expressly approves that subaward, and the for-profit entity is made subject to the same Federal requirements that apply to all other subrecipients, including the requirements 2 CFR part 200 provides for a "non-Federal entity" that receives a subaward.

ARTICLE IV. General Federal Requirements

A. If the Grantee is a unit of general local government, a State, an Indian Tribe, or an Alaskan Native Village, the Grantee is the Responsible Entity (as defined in 24 CFR part 58) and agrees to assume all of the responsibilities for environmental review and decision-making and action, as specified and required in regulations issued by the Secretary pursuant to section 305(c) of the Multifamily Housing Property Disposition Reform Act of 1994 and published in 24 CFR art 58.

B. Following completion of the environmental review process, the Grantee (recipient) shall exercise oversight, monitoring, and enforcement as necessary to assure that decisions and mitigation measures adopted through the environmental review process are carried out during project development and implementation.

E. The Grantee must comply with the generally applicable HUD and CPD requirements in 24 CFR part 5, subpart A, including all applicable fair housing, and civil rights requirements. If the Grantee is a Tribe or a Tribally Designated Housing Entity (TDHE) as established under 24 CFR 1000.206, the Grantee must comply with the nondiscrimination requirements in 24 CFR 1000.12 in lieu of the nondiscrimination requirements in 24 CFR 5.105(a). The Grantee must report data on the race, color, religion, sex, national origin, age, disability, and family characteristics of persons and households who are applicants for, participants in, or beneficiaries or potential beneficiaries of the Grantee's Project, consistent with the instructions and forms provided by HUD in order to carry out its responsibilities under the Fair Housing Act, Executive Order 11063, Title VI of the Civil Rights Act of 1964, and Section 562 of the Housing and Community Development Act of 1987 (e.g. HUD-27061).

Grants made to Tribes and TDHEs are subject to Indian Preference requirements in Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5307(b)). D. The Grantee must expend all Grant Funds in accordance with the activity and budget information in DRGR.

E. Each drawdown of Grant Funds constitutes a representation by the Grantee that the funds will be used in accordance with this Grant Agreement.

F. The Grantee must use DRGR to track the use of program income and must report the receipt and use of program income in the reports the Grantee submits to HUD under Article VI of this Grant Agreement. The Grantee must expend program income before drawing down Grant Funds through DRGR.

Performance reports shall consist of a narrative of work accomplished during the reporting period. During the Period of Performance, the Grantee must submit these reports in DRGR no later than 30 calendar days after the end of the 6-month reporting period. The first of these reporting periods begins on the first of January or June (whichever occurs first) after the date this Grant Agreement is signed by HUD.

F. The Grantee must report and account for all property acquired or improved with Grant Funds as provided by 2 CFR part 200 using the applicable common forms approved by OMB and provided on the Grants.gov website (<https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html>). B. The Grantee must submit to HUD a written request to closeout the grant no later than 30 calendar days after the Grantee has drawn down all Grant Funds and completed the Project as described in Article III, section A of this Grant Agreement. HUD will then send the Closeout Agreement and Closeout Certification to the Grantee.

C. At HUD's option, the Grantee may delay initiation of project closeout until the resolution of any findings as a result of the review of semi-annual activity reports in DRGR. If HUD exercises this option, the Grantee must promptly resolve the findings.

D. The Grantee recognizes that the closeout process may entail a review by HUD to determine compliance with the Grant Agreement by the Grantee and all participating parties. The Grantee agrees to cooperate with any HUD review, including reasonable requests for on-site inspection of property acquired or improved with Grant Funds.

1. A Certification of Project Completion.
2. A Grant Closeout Agreement.

5. A final property report, if specifically requested by HUD at the time of closeout.

ARTICLE VIII. Default

A default under this Grant Agreement shall consist of any use of Grant Funds for a purpose other than as authorized by this Grant Agreement, any noncompliance with statutory, regulatory, or other requirements applicable to the Grant Funds, any other material breach of this Grant Agreement, or any material misrepresentation in the Grantee's submissions to HUD in anticipation of this award. If the Grantee fails to comply with the terms and conditions of the Grant Agreement, HUD may adjust specific conditions of this Grant Agreement as described in 2 CFR part 200, as may be amended from time to time. If HUD determines that noncompliance cannot be remedied by imposing additional conditions, HUD may take one or more of the remedies for noncompliance described in 2 CFR part 200, as may be amended from time to time. HUD may also terminate all or a part of this award as provided by 2 CFR 200.340 and other applicable provisions of 2 CFR part 200, as may be amended from time to time. Nothing in this Grant Agreement shall be construed as creating or justifying any claim against the Federal government or the Grantee by any third party.

Project Narrative:

Lexington-Fayette Urban County Government (LFUCG) intends to coordinate the grant activities described herein through a subaward to the locally designated community action agency, Community Action CAC for Lexington-Fayette, Bourbon, Harrison, and Nicholas Counties, Inc. (CAC).

CAC is a private, nonprofit organization that studies the causes and effects of poverty in our communities and works toward solutions. CAC believes that a quality education provides a strong foundation for success later in life and is important in ending the cycle of generational poverty that affects so many families of low income. CAC has operated Head Start (HS) programming continuously since its inception in 1965. Every year these programs provide quality early childhood education to more than 2,200 children, aged birth through 5, from families with low income. CAC currently offers center-based and home-based early childhood education through four Head Start programs serving 13 counties across the Commonwealth of Kentucky.

**FY2022 CPF – B-22-CP-KY-0349 : Lexington-Fayette Urban County Government
*Prep Academy at Palmer Complex Construction Project***

In Fiscal Year 2022, CAC operated more than 30 initiatives and managed approximately 90 budgets through its fund accounting system. With an annual budget of \$74 million and in-kind contributions (excluded from GAAP) of more than \$5.5 million, CAC administers programs and offers services that address the needs of individuals and families with low income in child and family development, housing and homelessness, economic/workforce development, safety net (emergency) services, and volunteerism.

Project Need: In 2020, Lexington Mayor Linda Gorton formed the Commission for Racial Justice and Equality, the purpose of which is to listen, discuss, and create empowering solutions to address and dismantle systemic racism in Fayette County. The Commission was comprised of five subcommittees tasked with identifying, understanding, and addressing the challenges faced by Lexington’s marginalized and disenfranchised BIPOC communities.

One of these subcommittees, the Education and Economic Development subcommittee, concluded the need was “paramount that Lexington strengthens learning opportunities for historically marginalized students who come from at-risk circumstances or have limited access and options.” The subcommittee’s top recommendation was that the city should seek opportunities for expanding education to serve additional children under 3 years of age, particularly in the William Wells Brown school district. The subcommittee further recommended that children receive high-quality early education before entering kindergarten.

CAC has long seen the need for additional high-quality early childhood education in the William Wells Brown community. These recommendations only underscore the importance of early education to the healthy development and well-being of children from families with low income. Research has shown significant differences in educational achievement between children of different socioeconomic levels, otherwise known as achievement gaps. These disparities reflect

disadvantages in early childhood: children from families with low income are more likely to begin their education with greater health challenges, fewer language skills, and greater social and emotional concerns than their more affluent peers. These disparities can have a lasting impact on a child's ability to learn.

In response to the recommendations of the Mayor's Commission, and the findings of its assessment of community need, CAC, in partnership with city leaders and representatives from Lexington's 6th Congressional District, identified a parcel of land within the historically underserved neighborhood known colloquially as the William Wells Brown community. Located in census tract 1.01, the William Wells Brown area has a 40.7 percent rate of poverty; for children under the age of 5, the rate is 43.3 percent. For comparison, the rate of poverty in Fayette County is 15.8 percent, and 16.6 percent for the state.

Project Scope: As mentioned previously, LFUCG will make a subaward to CAC to purchase land in Fayette County, in census tract 1.01, known as the William Wells Brown community, and construct a new, five-classroom early childhood education facility which will become the Prep Academy at Pamler Complex (hereafter referred to as the Prep Academy).

The Prep Academy will be a stand-alone facility with 8,526.52 net square feet and have five classrooms, each about 935+ sq. ft. in size. Each classroom will have a restroom and a small storage closet. In addition to classrooms, the facility will contain a teacher workspace, lactation/nursing room, office, public restroom, warming kitchen, and associated support spaces. The entire facility will be utilized for Early Head Start and Head Start services. Given the size of the classrooms, this new facility will allow CAC to have greater flexibility in future program years to use a classroom as either a learning space for children 0-3 years of age or 3-5 years of age, depending on enrollment and community needs. With this new facility, CAC will educate

and serve between 64 and 100 children each year, depending on classroom designation year over year.

Located at 551 Shropshire Avenue, Lexington, Kentucky, 40508, this facility is especially appropriate for the service area due to its proximity to William Wells Brown Elementary.

Located directly across the street from the elementary, the proposed facility will reduce transportation barriers to early childhood education for parents whose children will eventually attend the elementary. William Wells Brown Elementary has been designated as a Comprehensive Support and Improvement school for very low student performance; increasing access to high-quality early childhood education is imperative to reducing the kindergarten readiness gap in this area.

Proposed Outcomes: The proposed project will allow the subrecipient, CAC, to purchase land for the purpose of constructing a new facility and creating five new early childhood classrooms. CAC will use the building to provide Head Start and Early Head Start services to between 60 to 100 children each year who are between the ages of 6 weeks and five years of age. At least 85 percent of children enrolled in this academy will enter kindergarten “ready to learn.” Classroom interior design will incorporate the most current best practices for educating children aged birth through 3, in a safe, clean, and inviting environment for students, families, and staff.

Proposed Timeline: The Project construction period is projected to be 365 consecutive calendar days based on known material and equipment availability.

APPENDIX 3 – Grantee’s Indirect Cost Rate Information

Subject to the applicable requirements in 2 CFR part 200 (including its appendices), the Grantee will use an indirect cost rate as represented by the Grantee below:

- ? The Grantee will not use an indirect cost rate to charge its indirect costs to the grant.
- ? The Grantee will use the indirect cost rate(s) identified in the table below to charge its indirect costs to the grant.

Agency/Dept./Major Function	Indirect cost rate	Direct Cost Base
None	None %	
	%	

[PLEASE NOTE: The grantee must check one of the two boxes above. If the second box is checked, the corresponding table must be filled out as described below.

The table must include each indirect cost rate that will be used to calculate the Grantee’s indirect costs under the grant. The table must also specify the type of direct cost base to which each included rate applies (for example, Modified Total Direct Costs (MTDC)). Do not include indirect cost rate information for subrecipients.

For government entities, enter each agency or department that will carry out activities under the grant, the indirect cost rate applicable to each department/agency (including if the de minimis rate is used per 2 CFR 200.414), and the type of direct cost base to which the rate will be applied.

For nonprofit organizations that use the Simplified Allocation Method for indirect costs or elects to use the de minimis rate of 10% of Modified Total Direct Costs in accordance with 2 CFR 200.414, enter the applicable indirect cost rate and type of direct cost base in the first row of the table.

For nonprofit organizations that use the Multiple Allocation Base Method, enter each major function of the organization for which a rate was developed and will be used under the grant, the indirect cost rate applicable to that major function, and the type of direct cost base to which the rate will be applied.]

**APPENDIX 4 –
Award Term and Condition for Grantee Integrity and Performance Matters**

Reporting of Matters Related to Grantee Integrity and Performance

1. General Reporting Requirement

If the total value of the Grantee's currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then during that period of time the Grantee must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which Grantee Must Report

During any period of time when the Grantee is subject to the requirement in paragraph 1 of this award term and condition, the Grantee must submit the information required about each proceeding that:

- a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;
- b. Reached its final disposition during the most recent five-year period; and
- c. Is one of the following:
 - (1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition;
 - (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;
 - (3) An administrative proceeding, as defined in paragraph 5. of this award term and condition, that resulted in a finding of fault and liability and the Grantee's payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or
 - (4) Any other criminal, civil, or administrative proceeding if:
 - (i) It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;

(ii) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on the Grantee's part; and

(iii) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. Reporting Procedures

During any period of time when the Grantee is subject to the requirement in paragraph 1 of this award term and condition, the Grantee must enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. The Grantee does not need to submit the information a second time under assistance awards that the Grantee received if the Grantee already provided the information through SAM because the Grantee was required to do so under Federal procurement contracts that the Grantee was awarded.

4. Reporting Frequency

During any period of time when the Grantee is subject to the requirement in paragraph 1 of this award term and condition, the Grantee must report proceedings information through SAM for the most recent five-year period, either to report new information about any proceeding(s) that the Grantee has not reported previously or affirm that there is no new information to report. If the Grantee has Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000, the Grantee must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5. Definitions

For purposes of this award term and condition:

a. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

b. Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c. Total value of currently active grants, cooperative agreements, and procurement contracts includes—

(1) Only the Federal share of the funding under any Federal award with a cost share or match requirement; and

(2) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

APPENDIX 5 – Specific Award Conditions
NONE.

APPENDIX 6 – Conflict of Interest Requirements

1. *Conflicts Subject to Procurement Regulations.* When procuring property or services, the grantee and its subrecipients shall comply with the applicable conflict-of-interest rules in 2 CFR 200.317 and 2 CFR 200.318(c). In all cases not governed by 2 CFR 200.317 and 2 CFR 200.318(c), the Grantee and its subrecipients must follow the requirements contained in paragraphs 2-5 below.

2. *General prohibition.* No person who is an employee, agent, consultant, officer, or elected or appointed official of the Grantee or subrecipient and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or who is in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from the activity, or have a financial interest in any contract, subcontract, or agreement with respect thereto, or the proceeds thereunder, either for himself or herself or for those with whom he or she has immediate family or business ties, during his or her tenure or for one year thereafter. Immediate family ties include (whether by blood, marriage or adoption) the spouse, parent (including a stepparent), child (including a stepchild), sibling (including a stepsibling), grandparent, grandchild, and in-laws of a covered person.

3. *Exceptions.* HUD may grant an exception to the general prohibition in paragraph (ii) upon the Grantee's written request and satisfaction of the threshold requirements in paragraph (iv), if HUD determines the exception will further the Federal purpose of the award and the effective and efficient administration of the Grantee's project, taking into account the cumulative effects of the factors in paragraph (v).

4. *Threshold requirements for exceptions.* HUD will consider an exception only after the Grantee has provided the following documentation:

- a. A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how that disclosure was made; and
- b. An opinion of the Grantee's attorney that the interest for which the exception is sought would not violate state or local law.

5. *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the Grantee has satisfactorily met the threshold requirements in paragraph (iii), HUD will consider the cumulative effect of the following factors, where applicable:

- a. Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;
- b. Whether an opportunity was provided for open competitive bidding or negotiation;
- c. Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception

will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;

d. Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision-making process regarding the assisted activity in question;

e. Whether the interest or benefit was present before the affected person was in a position as described in paragraph (ii);

f. Whether undue hardship will result either to the Grantee or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and

g. Any other relevant considerations.

6. *Disclosure of potential conflicts of interest.* The Grantee must disclose in writing to HUD any potential conflict of interest.
