Individual Statement of Qualifications (SOQ's) should be spiral or comb bound to allow ease for archiving (no 3-ring binders). Interested firms must submit one (1) master hardcopy, (1) electronic version in PDF format on a flash drive or CD and seven (7) duplicates (hardcopies) as a full response to this solicitation. SOQ's shall be no

more than twenty five (25) pages, excluding tabs/dividers, and shall be structured as follows:

1. Letter of Transmittal (one page maximum)
2. Firm Qualifications (five pages maximum)
 - Provide an executive summary explaining why the firm should be selected to provide services for this project, along with general information about the firm (and sub-consultants) related to their history and general qualifications. The executive summary should describe any unique qualifications provided by the firm that demonstrate proficiency in completing the tasks associated with enrolling sites in the Kentucky Brownfield Program, developing appropriate property management plan(s), and site mitigation plans. Emphasis on the Project Manager's experience in these areas is of utmost importance and will be viewed favorably over experience of the firm.
3. Project Team (ten pages maximum)
 - Provide an organizational chart identifying the project manager(s), project engineers, surveyors, geotechnical sub-consultant (as necessary), Disadvantaged Business Enterprise (DBE) Firm / Minority Business Enterprise Firm (MBE), and others as required. The identified team members must have measurable experience and contributions associated with the Firm Reference Projects identified in Item 5 below. The organizational chart should clearly indicate the services to be provided by all sub-consultant firms. Include locations and one-page resumes of key project team individuals that will be providing substantial contributions to work products. This section shall also include a Risk Management Plan for substitute staffing in the event that key staff leaves the project team prior to completion of any Task Order.
4. List of Clients for Which Similar Work has Been Performed (one page maximum)
 - Provide client name, contact person, contact phone number and email address, and identify by name similar projects completed for each client.
5. Firm Reference Projects (four pages maximum)

6. Local Office (one page maximum)
 - Statement of presence of local office(s) for all firms comprising a Project Team, when the local office was established, local office staffing (number in each local office), and local office utilization (estimated percent of potential project services to be performed by the local offices). "Local office" shall be defined as being located in a county served by the Bluegrass Area Development District (see BGADD.org for a complete list). The attached form (Exhibit 1, below) shall be used for this information.
7. Disadvantaged Business Enterprise (DBE) Involvement (one page maximum)
 - Provide a statement regarding the commitment to meeting the goals of LFUCG's DBE program (see below).

8. Statement of Hourly Rates (two pages maximum)

- Provide a statement of hourly rates for all personnel expected to work on the project(s), including project managers, project engineers, engineering/CAD technicians, clerical and two-man survey party crews. Hourly rates should be clearly assigned to all position titles that are identified on the Project Team section. In spreadsheet form, provide an estimate for the overall project completion cost using the quoted hourly rates and the estimated hours needed for each member of the project team. The spreadsheet should include a unit lump sum price for stakeholder/ property owner meetings above the minimum specified in the Scope of Services and provide a statement of expected reimbursable expenses.

9. Anticipated Scope of Work (ten pages maximum)

Provide a general discussion of how the firm will complete the scope of services. While LFUCG understand that some of the early phases of the project will inform later tasks, the scope of work discussion should pay particular attention to recommendations for sampling and assessment services. Consultants should base their initial scope of work on their past experience with similar sites and review of information provided by LFUCG for future property use. This discussion should include an estimated number of building material samples to be collected to plan for demolition (and what those samples will be analyzed for). The discussion should also include a summary of the soil and/or groundwater assessment anticipated to be conducted including the number of soil borings to be advanced, soil and/or groundwater samples recommended to be collected, parameters that will be analyzed and field methods. Again, LFUCG understands that there may be adjustments to the actual investigations after completion of initial due diligence; however, consultants should provide a summary of the level of investigation necessary to accomplish site redevelopment as described by LFUCG.

The Consultant's estimated fee for the project shall conform to the current edition of the USDA Rural Development Utility Program Fee Guide and should be clearly presented in spreadsheet form as requested in the General Requirements – Statement of Hourly Rates section. The requested hourly rates and unit lump sums cost presented in that section of the SOQ section will be used in the event that there is a scope of services modification requested and mutually approved by both LFUCG and the Consultant.

Each invoice shall also include documentation showing the amount attributed to each Task for both the billing cycle and the cumulative project period and shall include, as a separate document, a monthly progress report summarizing completed work. Each invoice shall note the portion of the amount invoiced that is for work performed by a DBE prime contractor or subcontractor. The actual work performed by the DBE shall be included on the monthly progress report.

The Division of Water Quality - Project Manager will either approve or deny each invoice within fourteen (14) calendar days of receipt.

STOP WORK NOTICE:

The Consultant shall at all times monitor time allotted and amounts invoiced for tasks and activities as compared to their original estimates and expectations. The Consultant shall notify the Division of Water Quality immediately upon discovery of facts that may necessitate a change in the contract amount or may extend the contract time. If the change is expected to exceed ten percent (10%) of the original contract amount, the Consultant shall immediately stop all work related to this Scope of Services. Work shall not recommence without written notification from the Division of Water Quality. The Consultant shall submit all requests for changes to the Division of Water Quality in writing and shall be present when the issue is discussed before the Urban County Council. Failure by the LFUCG to endorse the requested change does not relieve the Consultant of the contractual requirements and activities defined by this entire Scope of Services.

LFUCG reserves the right to terminate the contract when a mutually satisfactory agreement can not be reached in a timely manner. All engineering project data must be submitted to LFUCG upon request. If it is determined that the Consultant failed to notify LFUCG on a timely basis regarding insufficient fee or inadequate schedule, LFUCG reserves the right to terminate the contract at any time thereafter.

- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

LFUCG STATEMENT OF GOOD FAITH EFFORTS
Bid/RFP/Quote #31-2024

By the signature below of an authorized company representative, we certify that we have utilized the following Good Faith Efforts to obtain the maximum participation by MWDBE and Veteran-Owned business enterprises on the project and can supply the appropriate documentation.

 Advertised opportunities to participate in the contract in at least two (2) publications of general circulation media; trade and professional association publications; small and minority business or trade publications; and publications or trades targeting minority, women and disadvantaged businesses not less than fifteen (15) days prior to the deadline for submission of bids to allow MWDBE firms and Veteran-Owned businesses to participate.

Included documentation of advertising in the above publications with the bidders good faith efforts package

 Attended LFUCG Central Purchasing Economic Inclusion Outreach event

 Attended pre-bid meetings that were scheduled by LFUCG to inform MWDBEs and/or Veteran- Owned Businesses of subcontracting opportunities

 Sponsored Economic Inclusion event to provide networking opportunities for prime contractors and MWDBE firms and Veteran-Owned businesses

 X Requested a list of MWDBE and/or Veteran subcontractors or suppliers from LFUCG and showed evidence of contacting the companies on the list(s).

 Contacted organizations that work with MWDBE companies for assistance in finding certified MWDBE firms and Veteran-Owned businesses to work on this project. Those contacted and their responses should be a part of the bidder's good faith efforts documentation.

 Sent written notices, by certified mail, email or facsimile, to qualified, certified MWDBEs soliciting their participation in the contract not less than seven (7) days prior to the deadline for submission of bids to allow them to participate effectively.

 X Followed up initial solicitations by contacting MWDBEs and Veteran-Owned businesses to determine their level of interest.

 Provided the interested MWDBE firm and/or Veteran-Owned business with adequate and timely information about the plans, specifications, and requirements of the contract.

 Selected portions of the work to be performed by MWDBE firms and/or Veteran-Owned businesses in order to increase the likelihood of meeting the contract goals. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MWDBE and Veteran participation, even when the prime contractor may otherwise perform these work items with its own workforce

___ Negotiated in good faith with interested MWDBE firms and Veteran-Owned businesses not rejecting them as unqualified without sound reasons based on a thorough investigation of their capabilities. Any rejection should be so noted in writing with a description as to why an agreement could not be reached.

___ Included documentation of quotations received from interested MWDBE firms and Veteran-Owned businesses which were not used due to uncompetitive pricing or were rejected as unacceptable and/or copies of responses from firms indicating that they would not be submitting a bid.

___ Bidder has to submit sound reasons why the quotations were considered unacceptable. The fact that the bidder has the ability and/or desire to perform the contract work with its own forces will not be considered a sound reason for rejecting a MWDBE and/or Veteran-Owned business's quote. Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy MWDBE and Veteran goals.

___ Made an effort to offer assistance to or refer interested MWDBE firms and Veteran-Owned businesses to obtain the necessary equipment, supplies, materials, insurance and/or bonding to satisfy the work requirements of the bid proposal

___ Made efforts to expand the search for MWBE firms and Veteran-Owned businesses beyond the usual geographic boundaries.

___ Other--any other evidence that the bidder submits which may show that the bidder has made reasonable good faith efforts to include MWDBE and Veteran participation.

NOTE: Failure to submit any of the documentation requested in this section may be cause for rejection of bid. Bidders may include any other documentation deemed relevant to this requirement which is subject to approval by the MBE Liaison. Documentation of Good Faith Efforts must be submitted with the Bid, if the participation Goal is not met.

The undersigned acknowledges that all information is accurate. Any misrepresentations may result in termination of the contract and/or be subject to applicable Federal and State laws concerning false statements and claims.

ALL4 AFFIRMATIVE ACTION PLAN (DIVERSITY, EQUITY, AND INCLUSION)

ALL4, LLC

DEI Information for RFPs

Diversity Policy

We encourage and welcome diversity, recognizing it as a key competitive advantage. The value of different backgrounds and perspectives should not be overlooked. Having a diverse workforce assists us in looking at all situations from a variety of angles and encourages the development of innovative ideas and solutions. Embracing and understanding what each employee's background and perspective can contribute gives us a competitive edge.

Some types of diversity are as follows:

- Life experience
- Work experience
- Perspective
- Culture
- Ethnicity
- Gender
- Age

Respecting each individual and recognizing the value that we each bring to our team is essential. By creating a supportive environment that allows everyone to perform to his or her potential, we achieve success.

About Our Internal Efforts (ALL4 IDEA)

We believe an inclusive environment fosters both personal and professional growth. That's why at ALL4, our mission is to create a workplace where everyone feels encouraged and supported in being their authentic selves. Our varied experiences prepare us to tackle any challenge that comes our way. Our Inclusion, Diversity, Equity, and Accessibility (IDEA) group was formed to support ALL4's commitment to building an inclusive culture where diversity is welcomed and celebrated; where everyone feels encouraged and supported in being their authentic selves; and where transparency and honest communication drives our daily interactions.

ALL4 IDEA is an action-based committee focused on Inclusion, Diversity, Equity, and Accessibility at ALL4. We strive to create an environment where all employees feel valued, respected, and included, regardless of their background, identity, or abilities. Our work is essential in promoting an inclusive culture of diversity, equity, and accessibility throughout the organization. The group meets monthly and is overseen by our Diversity Coordinator, Stephanie Thomas.

Key Terms

Inclusion: A dynamic state where individuals and groups feel safe, respected, engaged, motivated, and valued for who they are and for their contributions to organizational and societal goals.

Diversity: The differences – both visible and invisible – within a group or among groups of people. These differences can include, but are not limited to, differences in gender, gender identity and expression, ethnicity, race, native or Indigenous origins, age, generation, sexual orientation, culture, religion, belief systems, marital status, parental status, socioeconomic status, appearance, language and accent, disability, mental health, education, geography, nationality, work style, work experience, job role and function, thinking style, and personality type. Note that while a group can be diverse, an individual is not “diverse.”

Equity: When all people have full and unbiased access to livelihood, education, participation in the political and cultural community, and other societal benefits. Equity recognizes our interdependence and uses our collective power to create an environment where we all thrive and contribute our strengths.

Accessibility: The design of environments, products, devices, and services so that people of various abilities can use them with ease, without faulting individuals for the ways in which they are different and instead emphasizing the rights of individuals with differences to be full and participating members of society.

*Note that these definitions are from Minal Bopaiah’s book, *Equity*.

What We Do

Awareness Campaigns: ALL4 IDEA organizes awareness campaigns throughout the year to educate employees about different aspects of inclusion, diversity, equity, and accessibility. These campaigns may include guest speaker events and interactive discussions as well as communications in the ALL4 Digest and Monday Morning Meeting.

Book Club: ALL4 IDEA hosts a quarterly book club in which all employees are welcome to participate. We will have conversations about these readings and examples of books to-date include:

- *Equity: How to Design Organizations Where Everyone Thrives* by Minal Bopaiah
- *Inclusify: The Power of Uniqueness and Belonging to Build Innovative Teams* by Stefanie K. Johnson, PhD

Employee Resource Groups: ALL4 IDEA supports and collaborates with Employee Resource Groups (ERGs), which are voluntary, employee-led groups whose aim is to foster a diverse, inclusive workplace aligned with the organizations they serve. ERGs are usually led and participated in by employees who share a characteristic, whether it's gender, ethnicity, lifestyle, or interest. The groups exist to provide support and help in personal or career development and to create a safe space where employees can bring their whole selves to the table. Allies may also be invited to join the ERG to support their colleagues.

Recruitment and Hiring Initiatives: ALL4 IDEA actively participates in efforts to enhance diversity in the recruitment and hiring process. We identify strategies for attracting a wider pool of candidates from diverse backgrounds and ensure that the interview and selection process is equitable and unbiased.

Training and Development: The group collaborates with the Talent Development team to develop and deliver training programs that foster a culture of inclusion and provide employees with the necessary tools and knowledge to promote an equitable and accessible workplace.

Professional Partnership

DAIS Partners, led by Jordan Steffy and Denis Sison, serves as a trusted advisor and valuable resource for ALL4, offering ongoing support and consultation on matters related to Diversity, Equity, and Inclusion (DEI). Their approach focuses on the business benefits that DEI can bring, such as growth, creativity, innovation, improved job acceptance rates, enhanced reputation, and Return on Investment (ROI).

One of the distinctive features of **DAIS Partners** is their commitment to providing a safe learning environment. They promote a culture of ‘no blaming and no shaming’, creating a space where individuals feel comfortable and empowered to learn, make mistakes, grow, and engage in constructive dialogue.

Through our partnership with **DAIS Partners**, ALL4 gains access to specialized knowledge and expertise in DEI. This enables the organization to accelerate its progress in fostering a more inclusive and equitable workplace. With the guidance and support of **DAIS Partners**, ALL4 can navigate the complexities of DEI implementation, leverage the benefits of diversity, and ensure that their efforts align with their organizational goals and values.
