PROPERTY DEFINITIONS

Actual Cash Value: This valuation method pays for the cost to repair or replace damaged property with like kind and quality, less reasonable deductions for wear and tear, deterioration, and economic obsolescence.

Agreed Value: This coverage is used to remove the coinsurance requirement for covered property. With it your company agrees that the amount of coverage purchased is adequate, and any coinsurance requirements are waived if the limit of insurance equals the agreed value.

Basic Cause of Loss: This coverage is used to provide protection for the following causes of loss: fire, lightning, explosion, windstorm, hail, smoke (except from agricultural smudging or industrial operations), aircraft, vehicles, riot, civil commotion, vandalism, sprinkler leakage, sinkhole collapse, and volcanic action.

Broad Cause of Loss: This coverage is used to provide protection for the following causes of loss: fire, lightning, explosion, windstorm, hail, smoke (except from agricultural smudging or industrial operations), aircraft or vehicles, riot, civil commotion, vandalism, sprinkler leakage, sinkhole collapse, volcanic action, breakage of glass, falling objects, weight of snow, ice or sleet (except for damage to gutters, downspouts or personal property outside of buildings), and limited water damage.

Business Income: This coverage is used to insure against loss of income that you experience because of a suspension of your business when insured property has been damaged by a "covered" peril. If indicated on the proposal, it may also include additional expenses needed to continue business. Refer to the specific Business Income form for any set "period of restoration" limitations.

Coinsurance: A policy may contain a coinsurance clause requiring that the limit of coverage be a minimum percentage (usually 80%) of the insurable value of your property. If the amount of insurance carried is less than what is required by this clause, any claim payment may be reduced by the same percentage as the deficiency. For example, covered property worth \$100,000 may require a minimum of 80%, or \$80,000, of coverage for compliance with the policy's coinsurance requirement. If only \$60,000 of coverage is carried (25% less than the required \$80,000), then any loss payment would be reduced by 25%.

Earthquake: This coverage is used to provide protection for loss due to earth movement including earthquake shocks and volcanic eruption.

Flood: This coverage is used to provide coverage against loss due to water damage arising from flooding, surface water, tides, tidal waves, and the overflow of any body of water.

Functional Replacement Cost: This valuation method is used in situations where replacing damaged or destroyed property is impractical, impossible, or unnecessary. It affords you the ability to substitute property which is substantially different in value or cost from the original property. Consequently, you are allowed to carry policy limits lower than what would normally be required.

Guaranteed Replacement Cost: When added to your policy, this endorsement guarantees to repair or rebuild a covered building even if the reconstruction costs are greater than the amount of coverage specified for that building.

Replacement Cost: This valuation method pays for the cost to repair or replace damaged items with like kind and quality without deduction for depreciation. This is important since you could face a substantial loss if you must replace property at today's prices but receive only the depreciated value of the property that was destroyed.

Special Cause of Loss: This coverage will protect covered property against direct physical loss arising from any cause not specifically "excluded". Example of exclusions are **flood, earthquake**, rust, corrosion, fungi, mold, damage to property being worked on, artificially generated electrical currents, damage by rain, snow, or sleet to property in the open. Refer to the special cause of loss form for additional exclusions.

Vacancy: All property policies include a condition that limits or reduces coverage when a building is **vacant** or considered vacant as defined by the insurance policy. For certain causes of loss, coverage is completely eliminated. The policy can include wording that defines a building as considered **vacant** beyond a certain period of time or a certain percentage of the square footage of the building is not used to conduct customary operations. In most cases, policies or coverage forms that apply to commercial property require additional premium and endorsement in order for insurance coverage to continue during a period of **vacancy**.

A.M. BEST RATING SCALE

BEST'S FINANCIAL STRENGTH RATING GUIDE – (FSR)

A Best's Financial Strength Rating (FSR) is an independent opinion of an insurer's financial strength and ability to meet its ongoing insurance policy and contract obligations. An FSR is not assigned to specific insurance policies or contracts and does not address any other risk, including, but not limited to, an insurer's claims-payment policies or procedures, the ability of the insurer to dispute or deny claims payment on grounds of misrepresentation or fraud, or any specific liability contractually borne by the policy or contract holder. An FSR is not a recommendation to purchase, hold or terminate any insurance policy, contract or any other financial obligation issued by an insurer, nor does it address the suitability of any particular policy or contract for a specific purpose or purchaser. In addition, an FSR may be displayed with a rating identifier, modifier or affiliation code that denotes a unique aspect of the opinion.

Best's Financial Strength Rating (FSR) Scale

Rating Categories	Rating Symbols	Rating Notches*	Category Definitions
Superior	A+	A++	Assigned to insurance companies that have, in our opinion, a superior ability to meet their ongoing insurance obligations.
Excellent	A	A-	Assigned to insurance companies that have, in our opinion, an excellent ability to meet their ongoing insurance obligations.
Good	B+	B++	Assigned to insurance companies that have, in our opinion, a good ability to meet their ongoing insurance obligations.
Fair	B	B-	Assigned to insurance companies that have, in our opinion, a fair ability to meet their ongoing insurance obligations. Financial strength is vulnerable to adverse changes in underwriting and economic conditions.
Marginal	C+	C++	Assigned to insurance companies that have, in our opinion, a marginal ability to meet their ongoing insurance obligations. Financial strength is vulnerable to adverse changes in underwriting and economic conditions.
Weak	C	C-	Assigned to insurance companies that have, in our opinion, a weak ability to meet their ongoing insurance obligations. Financial strength is very vulnerable to adverse changes in underwriting and economic conditions.
Poor	D	-	Assigned to insurance companies that have, in our opinion, a poor ability to meet their ongoing insurance obligations. Financial strength is extremely vulnerable to adverse changes in underwriting and economic conditions.

* Each Best's Financial Strength Rating Category from "A+" to "C" includes a Rating Notch to reflect a gradation of financial strength within the category. A Rating Notch is expressed with either a second plus "+" or a minus "-".

Financial Strength Non-Rating Designations

F	Status assigned to insurers that are publicly placed via court order into liquidation after a finding of insolvency, or the international equivalent.
S	Status assigned to rated insurance companies to suspend the outstanding FSR when sudden and significant events impact operations and rating implications cannot be evaluated due to a lack of timely or adequate information; or in cases where continued maintenance of the previously published rating opinion is in violation of evolving regulatory requirements.
NR	Status assigned to insurance companies that are not rated; may include previously rated insurance companies or insurance companies that have never been rated by AM Best.

Rating Disclosure – Use and Limitations

A Best's Credit Rating (BCR) is a forward-looking independent and objective opinion regarding an insurer's, issuer's or financial obligation's relative creditworthiness. The opinion represents a comprehensive analysis consisting of a quantitative and qualitative evaluation of balance sheet strength, operating performance, business profile and enterprise risk management or, where appropriate, the specific nature and details of a security. Because a BCR is a forward-looking opinion as of the date it is released, it cannot be considered as a fact or guarantee of future credit quality and therefore cannot be described as accurate or inaccurate. A BCR is a relative measure of risk that implies credit quality and is assigned using a scale with a defined population of categories and notches. Entities or obligations assigned the same BCR symbol developed using the same scale, should not be viewed as completely identical in terms of credit quality. Alternatively, they are alike in category (or notches within a category), but given there is a prescribed progression of categories (and notches) used in assigning the ratings of a much larger population of entities or obligations, the categories (notches) cannot mirror the precise subtleties of risk that are inherent within similarly rated entities or obligations. While a BCR reflects the opinion of A.M. Best Rating Services, Inc. (AM Best) of relative creditworthiness, it is not an indicator or predictor of defined impairment or default probability with respect to any specific insurer, issuer or financial obligation. A BCR is not investment advice, nor should it be construed as a consulting or advisory service, as such; it is not intended to be utilized as a recommendation to purchase, hold or terminate any insurance policy, contract, security or any other financial obligation, nor does it address the suitability of any particular policy or contract for a specific purpose or purchaser. Users of a BCR should not rely on it in making any investment decision; however, if used, the BCR must be considered as only one factor. Users must make their own evaluation of each investment decision. A BCR opinion is provided on an "as is" basis without any expressed or implied warranty. In addition, a BCR may be changed, suspended or withdrawn at any time for any reason at the sole discretion of AM Best.

BCRs are distributed via the AM Best website at www.ambest.com. For additional information regarding the development of a BCR and other rating-related information and definitions, including outlooks, modifiers, identifiers and affiliation codes, please refer to the report titled "Understanding Best's Credit Ratings" available at no charge on the AM Best website. BCRs are proprietary and may not be reproduced without permission.

Proposal

Marsh & McLennan Agency LLC ("MMA") thanks you for the opportunity to discuss your insurance and risk management program. This summary is a brief overview of that program and is based on the exposure information you provided. Please refer to the policies for complete terms, conditions, limitations, definitions, and exclusions.

We have evaluated your exposures to loss and developed this proposal based upon the information that you have provided to us. If you are aware of other areas of potential exposure that need to be evaluated or of additional information of which we should be aware prior to binding of coverage, please bring the other areas or additional information to our attention as soon as possible. Should any of your exposures change after coverage is bound, please notify us immediately.

Client Contracts

In the event that you enter into a contract that has specific insurance requirements, MMA will review your contract, but only in regards to the insurance requirements of the contract. The scope of our review will be to determine if the current insurance program which you have placed through our agency addresses the types and amounts of insurance coverage referenced by the contract. We will identify the significant insurance obligations and will provide a summary of the changes required in your current insurance program to meet the requirements of the contract. Upon your authorization, we will make the necessary changes in your insurance program. We will also be available to discuss any insurance requirements of the contract with your attorney, if desired.

In performing a contract review, MMA is not providing legal advice or a legal opinion concerning any portion of the contract. In addition, MMA is not undertaking to identify all potential liabilities that may arise under any such contracts. A contract review is provided solely for your information and should not be relied upon by third parties. Any descriptions of the insurance coverages are subject to the terms, conditions, exclusions, and other provisions of the contract and of the insurance policies and applicable regulations, rating rules or plans.

Credit Policy

MMA strives to offer the highest quality of service at the most competitive price possible. Accordingly, we have the following credit policy in place to assure that your coverage is not interrupted during the policy term.

- All premiums are due on the invoice date or effective date of the insurance, whichever is later. Always submit the remittance copy with your payment. If a remittance copy is not submitted, we will apply the cash to the oldest items on the account. Also, credit memos that cannot be applied against the original invoice will be applied to the oldest items on the account unless you direct us otherwise.
- If installment payments are available and provided under insurance policy terms, you will receive an invoice for each installment. Installments are due on the effective date of the invoice. MMA does not finance annual or installment premiums. However, should you wish to finance your premium, we can place your financing with an approved insurance premium finance company.

Your Account Manager maintains on-line access to all of your coverage, premium and accounting detail and will be able to answer most billing questions. Any other questions will be referred directly to our accounting department for immediate response. We thank you for your support and business.

COMPENSATION DISCLOSURE

Marsh & McLennan Agency LLC (“MMA”) prides itself on being an industry leader in the area of transparency and compensation disclosure. We believe you should understand how we are paid for the services we are providing to you. We are committed to compensation transparency and to disclosing to you information that will assist you in evaluating potential conflicts of interest.

As a professional insurance producer, MMA and its subsidiaries facilitate the placement of insurance coverage on behalf of our clients. As an independent insurance agent, MMA may have authority to obligate an insurance company on behalf of our clients and as a result, we may be required to act within the scope of the authority granted to us under our contract with the insurer. In accordance with industry custom, we are compensated either through commissions that are calculated as a percentage of the insurance premiums charged by insurers, or fees agreed to with our clients.

MMA engages with clients on behalf of itself and in some cases as agent on behalf of its non-US affiliates with respect to the services we may provide. For a list of our non-US affiliates, please visit: <http://global.marsh.com/about/>. In those instances, MMA will bill and collect on behalf of the non-US Affiliates amounts payable to them for placements made by them on your behalf and remit to them any such amounts collected on their behalf;

MMA receives compensation through one or a combination of the following methods:

- **Retail Commissions** – A retail commission is paid to MMA by the insurer (or wholesale broker) as a percentage of the premium charged to the insured for the policy. The amount of commission may vary depending on several factors, including the type of insurance product sold and the insurer selected by the client.
- **Client Fees** – Some clients may negotiate a fee for MMA’s services in lieu of, or in addition to, retail commissions paid by insurance companies. Fee agreements are in writing, typically pursuant to a Client Service Agreement, which sets forth the services to be provided by MMA, the compensation to be paid to MMA, and the terms of MMA’s engagement. The fee may be collected in whole, or in part, through the crediting of retail commissions collected by MMA for the client’s placements.
- **Contingent Commissions** – Many insurers agree to pay contingent commissions to insurance producers who meet set goals for all or some of the policies the insurance producers place with the insurer during the current year. The set goals may include volume, profitability, retention and/or growth thresholds. Because the amount of contingent commission earned may vary depending on factors relating to an entire book of business over the course of a year, the amount of contingent commission attributable to any given policy typically will not be known at the time of placement.
- **Supplemental Commissions** – Certain insurers and wholesalers agree to pay supplemental commissions, which are based on an insurance producer’s performance during the prior year. Supplemental commissions are paid as a percentage of premium that is set at the beginning of the calendar year. This percentage remains fixed for all eligible policies written by the insurer during the ensuing year. Unlike contingent commissions, the amount of supplemental commission is known at the time of insurance placement. Like contingent commissions, they may be based on volume, profitability, retention and/or growth.
- **Wholesale Broking Commissions** – Sometimes MMA acts as a wholesale insurance broker. In these placements, MMA is engaged by a retail agent that has the direct relationship with the insured. As the wholesaler, MMA may have specialized expertise, access to surplus lines markets, or access to specialized insurance facilities that the retail agent does not have. In these transactions, the insurer typically pays a commission that is divided between the retail and wholesale broker pursuant to arrangements made between them.
- **Other Compensation & Sponsorships** – From time to time, MMA may be compensated by insurers for providing administrative services to clients on behalf of those insurers. Such amounts are typically calculated as a percentage of premium or are based on the number of insureds. Additionally, insurers may sponsor MMA training programs and events.

We will be pleased to provide you additional information about our compensation and information about alternative quotes upon your request. For more detailed information about the forms of compensation we receive please refer to our Marsh & McLennan Agency Compensation Guide at <https://www.marshmma.com/resource/compensation-guide-for-client.pdf>

MMA’s aggregate liability arising out of or relating to any services on your account shall not exceed ten million dollars (\$10,000,000), and in no event shall we be liable for any indirect, special, incidental, consequential or punitive damages or for any lost profits or other economic loss arising out of or relating to such services. In addition, you agree to waive your right to a jury trial in any action or legal proceeding arising out of or relating to such services. The foregoing limitation of liability and jury waiver shall apply to the fullest extent permitted by law.
