Objective	Capacity Building & Leverage
Project Year	1
# of VISTAs Requested	1

Output

[G3-3.4: Number of organizations that received capacity building services](#)

Target	1	Organizations
Measured By	Other	
Describe Instrument	Combination of self-reported surveys and organizational data to be developed and aggregated by the Plantory VISTA Network coordinator. Members will report monthly online and site supervisors will approve member submissions about capacity-building services provided by the member, and resultant effectiveness. Personal interviews conducted by Plantory staff with the members and supervisors during site visits will also support the inclusion of additional stories and information not collected through the online tool. Measures will differ by site, based on site-specific programs and goals. The Plantory staff will develop the collection tools in partnership with an assessment agency, and will collect and aggregate the data from members and site supervisors.
