Addendum

Agency: Blue Grass Community Action Agency

Program Name: Elder Nutrition Program--Fayette County

LFUCG Partner Agency Program Funding: \$17,850

Program Summary:

The Elder Nutrition Program (ENP) provides: 1. A nutritious meal for congregate clients at our 3 nutrition sites and homebound Clients throughout Fayette County; and 2. The program also aids with transportation to the nutrition sites for seniors to receive a nutritious meal, participate in activities and socialize among their peers.

Target Audience: Individuals who have been determined to be nutritionally-at-risk will be targeted. Outreach efforts to identify low-income, minority, frail elderly are primarily conducted through referrals, friendly visits and assessments.

Service Delivery: Meals are prepared by Bateman Senior Meals and delivered to the nutrition sites. Staff at each site prepares the meals for the homebound clients ensuring that the meals are delivered at the proper temperature. Congregate and homebound clients receive meals 5 days a week. Congregate clients eat lunch at 11:30.

Program goals: By providing transportation to the nutrition sites and meals to 330 congregate clients, the Elder Nutrition Program's goal is to help clients get out of their house, remain healthy and active with the assistance of a nutritious meal in a socialize setting.

By providing meals to 200 clients that are homebound, the Elder Nutrition program's goal is to keep seniors independent and self-sufficient thus avoiding premature nursing home placement. The average cost for a nursing home in Lexington is \$64,600 per year versus \$1,476 to keep a senior home with the help of a nutritious meal.

Long-Term Program Goals: Seniors will live independently as shown by a reduction in the number of premature nursing home placements by increasing consumption of nutritionally sound meals. The program's goals fit into the total community response by identifying seniors who are in need of a nutritious meal but perhaps cannot afford nutritionally sound meals, cannot prepare nutritionally sound meals or otherwise are not cognitively able to perform meal preparations. These factors help to prevent State dollars being used for premature nursing home placement.
