- 1.5.3. Review and approve (or take other appropriate action in respect of) Shop Drawings and samples, the results of tests and inspections and other data which each Contractor is required to submit, but only for conformance with the design concept of the Project and compliance with the information given in the Contract Documents (but such review and approval or other action shall not extend to means, methods, sequences, techniques or procedures of construction or to safety precautions and programs incidental thereto); determine the acceptability of substitute materials and equipment proposed by Contractor(s).
- 1.5.4. Conduct an inspection, with OWNER, to determine if the Project has been completed in accordance with the Contract Documents and if each Contractor has fulfilled all of his obligations thereunder.

SECTION 2 - EXTRA WORK BY CONSULTANT

- 2.1 The OWNER may desire to have the CONSULTANT perform work or render services in connection with this Project other than provided by the expressed intent of this Agreement. However, given the nature of Scoping Studies it is inherent that some minor changes will occur. Therefore any minor changes requested during the Public Participation, stakeholder, neighborhood or private meetings shall be considered incidental. Any major changes as a result of these meetings shall be considered as "Extra Work", subject to a change order, supplemental to this Agreement, setting forth the character and scope thereof and the compensation therefore. Work under such change order shall not proceed until the OWNER gives written authorization. Should the OWNER find it desirable to have previously satisfactorily completed and accepted plans or parts thereof revised, the CONSULTANT shall make such revisions as directed, in writing, by the OWNER. This work shall be considered as "Extra Work" and shall be paid as such.
- 2.2 All "Extra Work" is subject to prior written authorization of OWNER and necessary appropriations made by the Urban County Council.

SECTION 3 - OWNER'S RESPONSIBILITIES

OWNER shall:

- 3.1 Provide criteria and information as to **OWNER'S** requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations.
- 3.2 Assist **CONSULTANT** by placing at his disposal available information pertinent to the Project.
- 3.3 Examine all studies, reports, sketches, drawings, specifications, proposals and other documents presented by **CONSULTANT**, and render in writing decisions pertaining thereto within a reasonable time so as not to delay the services of **CONSULTANT**.
- 3.4 Designate in writing a person to act as **OWNER'S** representative with respect to the services to be rendered under this Agreement. Such person shall have complete authority to transmit instructions, receive information, interpret and define **OWNER'S** policies and decisions with respect to materials, equipment, elements and systems pertinent to **CONSULTANT'S** services.
- 3.5 Give written notice to **CONSULTANT** whenever **OWNER** observes or otherwise becomes aware of any development that affects the scope or timing of **CONSULTANT'S** services, or any defect in the work of the **CONSULTANT**, **SUBCONSULTANTS** or ultimately of the construction Contractor(s).
- 3.6 Furnish, or direct **CONSULTANT** to provide, necessary Extra Work as stipulated in Section Two (2) of this Agreement or other services as required.

SECTION 4 - PERIOD OF SERVICES

- 4.1 Time is of the essence. See Exhibit A "Further Description of Basic Engineering Services and Related Matters" for the detailed project schedule.
- 4.2 The provisions of this Section Four (4) and the various rates of compensation for **CONSULTANT'S** services provided for elsewhere in this Agreement have been agreed to in anticipation of the orderly and continuous progress of the Project through completion.

If delays result by reason of acts of the **OWNER** or approving agencies, which are beyond the control of the **CONSULTANT**, an extension of time for such delay will be considered. If delays occur, the **CONSULTANT** shall within 30 days from the date of the delay apply in writing to the **OWNER** for an extension of time for such reasonable period as may be mutually agreed upon between the parties, and if approved, the Project schedule shall be revised to reflect the extension. Such extension of time to the completion date shall in no way be construed to operate as a waiver on the part of the **OWNER** of any of its rights in the Agreement. Section 6.5, under **DISPUTES**, of this Agreement, shall apply in the event the parties cannot mutually agree upon an extension of time.

In the event that the overall delay resulting from the above described causes is sufficient to prevent complete performance of the Agreement within six (6) months of the time specified therein, the Agreement fee or fees shall be subject to reconsideration and possible adjustment. Section 6.5 of this Agreement shall apply in the event the parties cannot mutually agree upon an adjustment of fee.

SECTION 5 - PAYMENTS TO CONSULTANT

See Exhibit A "Further Description of Basic Engineering Services and Related Matters" (attached).

5.1.1 For Basic Services.

5.1.2 For Extra Work.

"Extra Work" shall be paid for by the OWNER on the basis of a fixed fee, the amount of which shall be determined by negotiation. The OWNER shall have the right to negotiate alternate methods of payment for "Extra Work" if the OWNER determines that the fixed fee basis is not feasible. In the event the OWNER and the CONSULTANT are unable to agree upon the amount of payment for "Extra Work", then the amount of such payment shall be determined as set forth in Section 6.5, "DISPUTES" of this Agreement.

5.2 Times of Payment.

- 5.3.3 In the event the **CONSULTANT** shall terminate the Agreement because of gross delays caused by the **OWNER**, the **CONSULTANT** shall be paid as set forth in Section 5.3.1 above.

SECTION 6 - GENERAL CONSIDERATIONS

The **CONSULTANT** shall be solely responsible for any claims for wages or compensation by **CONSULTANT'S** employees, agents and representatives, including **CONSULTANTS**, and shall save and hold **OWNER** harmless therefrom.

CONSULTANT shall not assign any interest, obligation or benefit in this Agreement nor transfer any interest in the same, whether by assignment or novation, without prior written consent of OWNER.

6.4.2 The CONSULTANT shall not subcontract more than fifty percent (50%) of the work, based upon dollar value, to be provided under this Agreement. The CONSULTANT shall obtain written approval prior to subletting or assigning any services contained in this Agreement, and consent to sublet or assign any part of this Agreement shall not be construed to relieve the CONSULTANT of any responsibility for compliance with the provisions of this Agreement.

6.4.3 Nothing herein shall be construed to give any rights or benefits hereunder to anyone other than OWNER and CONSULTANT.

6.5 Disputes.

Except as otherwise provided in this Agreement, any dispute concerning the amount of payment due the CONSULTANT or any dispute concerning any question of fact of any act to be performed under this Agreement, which is not disposed of by agreement between the Urban County Engineer's Office and the CONSULTANT, shall be submitted to the Commissioner, Department of Planning, Preservation and Development, Lexington-Fayette Urban County Government for review. The decision of the Commissioner as to the determination of such dispute shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary or so grossly erroneous as necessarily to imply bad faith. Pending a final decision of a dispute hereunder, the CONSULTANT shall proceed diligently with the performance of the Agreement in accordance with the directions of the OWNER.

6.6 Accuracy of CONSULTANT'S Work.

The CONSULTANT shall be required to perform this Agreement in accordance with the degree of ordinary and reasonable skill and care usually exercised by professional engineers prevailing at the time, place and under similar conditions as the services hereunder are rendered.

By submission of

reports, soils and subsurface information, quantities estimates, calculations and Drawings and Specifications to the **OWNER**, the **CONSULTANT** has made an incontrovertible representation that the information is accurate. Failure on the part of **CONSULTANT** to provide the expected level of accuracy may be grounds for the **OWNER** to disqualify **CONSULTANT** from consideration for future **CONSULTANT** engineering contracts.

6.7 Security Clause.

The **CONSULTANT** certifies that he shall not at any time release or divulge any information concerning the services covered by this Agreement to any person or any public or private organization except the **OWNER** without prior approval of the **OWNER**.

6.8 Access to Records.

The **CONSULTANTS** and his sub-**CONSULTANTS** shall maintain all books, documents, papers, and accounting records, and make such materials available at their respective offices at all reasonable times during the contract period and for three (3) years from the date of final payment under the contract for inspection by the **OWNER**, and copies thereof shall be furnished if requested. Failure to maintain such records for three (3) years after the date of final payment may be grounds for the **OWNER** to disqualify the **CONSULTANT** from consideration for future **CONSULTANT** engineering contracts.

6.9 Resident Services During Construction.

The **OWNER** will furnish a Resident Project Inspector.

SCOPE OF SERVICES

Town Branch Trail Project

1 Introduction:

The Town Branch Trail is a shared-use trail that connects area neighborhoods, parks, and historic sites as it follows an eastward course from Masterson Station Park to the Rupp Arena within the Town Branch Corridor. Phases 1 and 2 of the project have been constructed and Phase 3 is being designed and will be built in 2015 along the Town Branch. The portions of the Town Branch Trail Project pertinent to this RFQ will connect Town Branch Trail Phase 3 to Oliver Lewis Way. See Attachment A.

This RFQ for the Town Branch Trail consists of three separate projects/scopes. Town Branch Trail Phases 4 and 5; Town Branch Trail Phase 6; and Town Branch Trail Mid Block Crossing.

Each of these projects presents different challenges, inviting different areas of expertise; therefore, this RFQ is giving submitters an opportunity to submit individual fifteen page SOQ's for each of the three projects/scopes or submit a single SOQ based upon his/or her expertise.

Town Branch Trail Phases 4 and 5: Town Branch Trail Phase 4 is from Bizzell Drive to the Townley Center. This phase is within and across railroad right of way. An at-grade crossing has been approved by the railroad. Town Branch Trail Phase 5 is from Bizzell Drive to McConnell Springs Drive and anticipates a bridge across a railroad and Town Branch Creek. It is also anticipated that the trail will be located on a closed landfill. These two Phases have been combined into one design project, however; it may require two separate construction projects.

Town Branch Trail Phase 6: is from McConnell's Springs Drive to Oliver Lewis Way. A Town Branch Trail Master Plan was developed in 2010 and several alignments were recommended. A digital copy of this plan will be made available upon request. The Scope will be to determine the final alignment of this phase and prepare Right of Way Plans.

Town Branch Trail Mid Block Crossing: This project is to provide a safe at-grade crossing of Old Frankfort Pike at McConnell's Springs Drive. The trail crosses Old Frankfort Pike, a major roadway corridor in an industrial area with heavy truck traffic. Sight distance at the trail crossing is poor and there are no mid block provisions to accommodate a safe pedestrian crossing.
