

TO: Mayor Linda Gorton
Council Members

FROM: Dewey Crowe, Director of Building Inspection

CC: Sally Hamilton, Chief Administrative Officer
Nancy Albright, Commissioner EQ & PW

DATE: May 3, 2021

SUBJECT: Fire Detection and Suppression System Review Fees

Request

Authorization to amend Code of Ordinances Section 5-29 to establish review fees for fire detection and fire suppression systems.

Why are you requesting?

This action is needed to fund the cost of performing reviews of fire detection and suppression systems. The Kentucky Department of Housing, Buildings & Construction required the Division of Building Inspection to assume primary responsibility for these reviews from the Fire Prevention Bureau as part of the renewal of our expanded jurisdiction contract. There are currently no fees associated with these services.

What is the cost in this budget year and future budget years?

There is no budgetary cost associated with this request. The revenue from the proposed fees is estimated to be between \$60,000 to \$65,000 annually.

Are the funds budgeted?

The estimated revenue has not been included in the FY20 budget.

Account number: 1101-505901-0001-41910

Director/Commissioner: Crowe/Albright
