Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

Standard Title VI Assurance

The Lexington Fayette-Urban County Government, (hereinafter referred to as the "Recipient") hereby agrees that as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation, it will comply with Title VI of the Civil Rights Act of 1964, 78Stat.252, 42 U.S.C. 2000d-4 (hereinafter referred to as the "Act"), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, (49 CFR, Part 21) Nondiscrimination in Federally Assisted Program of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") and other pertinent directives, no person in the United States shall, on the grounds of race, color, national origin, sex, age (over 40), religion, sexual orientation, gender identity, veteran status, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the U.S. Department of Transportation, including the Federal Highway Administration, and hereby gives assurance that will promptly take any necessary measures to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

In 2013, the Mayor's Commission on Homelessness issued a report containing recommendations for reducing and preventing homelessness in Lexington. Among the Commission's recommendations was the startup of a Street Outreach Program to provide assertive contact with people experiencing homelessness and offer them access to housing and other assistance.

This issue was originally addressed in 2015 with a project to provide direct, assertive connections with people who are unsheltered. The target population for this project was anyone experiencing homelessness who is unsheltered.

As of summer 2018, Lexington has an average of 125 individuals unsheltered and in the cold months, an average of 30 individuals. The Office of Homelessness Prevention and Intervention (OHPI) identified Intensive Street Outreach as a gap in Lexington's homelessness services network. Based on the current landscape of programs, OHPI seeks to restructure the street outreach program into an intensive street case management program expanding from its original intent of "contacts" to include ongoing intensive case management for those unsheltered.

The Intensive Street Outreach team would be located in the downtown Lexington area and include, but not be limited to, a licensed clinical therapist, a peer specialist, and a housing navigator. This team could also include retired law enforcement. This team would carry a caseload of active clients as well as continued outreach "contacts" to those that have refused services or are new to the homeless system here in Lexington but have not engaged services.

This team would work in concert with Community-ParaMedicine, Community Action Council, and other providers while not duplicating efforts. This team should be designed and implemented in a manner that its abilities include: completion of 202A petitions, working active Adult Protective Service cases and Guardianship, filing and coordinating efforts for Tim's Law cases, engagement into encampments and relocation efforts, storage of personal belongings, completion of SOAR applications for those unsheltered only, and all other multi-faceted supportive services that may be needed in order to obtain permanent housing.

Eligibility

Eligible proposers are public organizations and private non-profit organizations with 501(c)(3) status and collaborations of such organizations so long as the proposer or at least one member of the collaboration has demonstrated track record of serving people experiencing homelessness or at risk of homelessness including operation of programming with measurable outcomes and proven success.

1.0 General Provisions

1.1 Purpose

The LFUCG is accepting proposals from qualified non-governmental, non-profit organizations with current 501(c)(3) tax exempt status and with a physical business or program site location in Fayette County (hereinafter referred to as "Proposer") for onetime homelessness prevention and intervention funding. This funding is reserved for new, innovative, and sustainable programming and may not be used for general agency operations, other than overhead required to support the subject program. This request for proposals is specifically to solicit projects that implement an intensive street outreach program for people experiencing homelessness in Lexington-Fayette County.

By responding to this RFP proposers agree to collaborate fully with LFUCG and/or its designee to collect all necessary data and provide reports needed to evaluate effectiveness of the project. Meticulous data must be maintained and provided on participant outcomes and the proposer must agree to collect all applicable data required by LFUCG. This is necessary to determine return on investment and to effectively evaluate the appropriateness of future funding by LFUCG or any other entity. Proposers also agree to provide financial information about project operations including, but not limited to, such items as staff time allocations, dollar value of leveraged services, etc. Any anticipated costs associated with data collection and evaluation should be included in the proposal to the extent possible.

1.2 Funding Period

The funding period is for one year to begin on or about September 1, 2019 with a possible continuation funding for up to two (2) additional years based on performance and outcomes. The intent of this allocation is to provide funding for startup and operations. LFUCG will conduct ongoing evaluation of the project to determine effectiveness including whether adjustments may be needed for the model in order to maximize outcomes and return on investment.

LFUCG intends to award only one (1) project with an annual budget not to exceed \$280,000 in LFUCG funds, unless otherwise agreed upon between the LFUCG and the selected applicant, but reserves the right to make multiple awards of varying amounts.

1.3 Proposal Submission

In order to be considered, proposals must be received by the deadline. The proposal must contain the required documents and respond to each of the required narrative questions to be complete. A complete proposal must also contain a line-item budget for years one through three of the entire project including separate identification of one-time and ongoing costs.

Proposals containing significant omissions of required information will be considered non-responsive and will be removed from the funding process. Significant missing responses to narrative questions constitute an incomplete proposal.

The final decision regarding proposal completeness and penalties will be determined by the Director of the Office of Homelessness Prevention & Intervention.

1.4 Acceptance/Rejection of Applications

The LFUCG reserves the right to reject any proposals which may be considered irregular, show serious omission, contain unauthorized alteration of form, or are incomplete.

The LFUCG reserves the right to accept or reject any or all applications in whole or in part, with or without cause, to waive technicalities, to implement scoring penalties, or to accept applications or portions thereof which, in the Urban County Government's judgement, best serve the interests of Urban County Government.

1.5 Requests for Clarification

The LFUCG reserves the right to request clarification of information submitted and to request additional information (to clarify the information submitted) of the applicant either orally or in writing. This may include negotiation of funding amounts, outcomes, and other adjustments prior to the execution of a funding award.

2.0 FUNDING PROCESS

2.1 Timeline

The LFUCG intends to conduct proposal evaluation immediately following the proposal due date and intends to make funding announcements no later than September 2019. This timeline is subject to change without notice.

Successful applicants will be contacted on or about August 15, 2019, to negotiate a funding agreement with expectations that an award be in place for the project to begin operations by September 1, 2019.

No funds may be expended prior to the execution of a funding agreement and grantees will not be reimbursed for pre-award costs.

2.2 Evaluation

Proposals will be evaluated by a neutral panel, the Program Performance & Evaluation Committee of the LFUCG Homelessness Prevention & Intervention Board, all of whom have some expertise in the field of human services but no affiliation with any applicant. The scoring criteria are outlined in Section 4.0 Evaluation.

2.3 Selection

The highest scoring proposal as determined by the panel will be recommended for funding and contacted to negotiate a funding agreement. Should no agreement be reached, the second highest scoring applicant will be contacted.

2.4 Reporting

The funded project will be required to submit quarterly financial reports. OHPI will pull project reports from the HMIS in order to evaluate progress toward outcomes established in the proposal and associated funding agreement. Report formats will be determined by OHPI as will due dates and submission process.

Failure to submit complete reports on time will delay processing of grant payments and affect the grantee's competitiveness for any future funding opportunities with LFUCG.

3.0 PROPOSAL FORMAT

A complete proposal contains each of the following components:

- One Page Cover Sheet containing:
 - o Organization or Lead Applicant Name and Authorized Representative
 - o Organization or Lead Applicant Address, Phone Number and E-mail
 - o Title of proposed project o Brief summary of proposed project (250 words or less)
- Project Narrative responding to each of the evaluation criteria described in Section 4.0 and utilizing format described below (15 pages or less)
 - o Double spaced

- Single sided
- Times New Roman 12-point font with 1-inch margins
- Page numbers in bottom right corner of complete submission
- Line-item Budget and Budget Narrative (2 pages or less)

4.0 EVALUATION

4.1 Project Design (30 Points)

The project design will evaluate whether and how the project creates new levels of service in Lexington through provision of intensive assertive street outreach to people experiencing unsheltered homelessness. Applicants should demonstrate an awareness of the needs among Lexington's population of people experiencing homelessness, especially those who are unsheltered. Then the narrative should explain how the proposed project design will address those needs.

How will the project identify people who are unsheltered and experiencing homelessness and how often will direct outreach occur?

How will continued case management to these individuals be conducted?

Explain how the project will work with key stakeholders such as OHPI, Lexington Police, Code Enforcement, Environmental Services, substance use recovery program, crisis providers of shelter, Social Security Administration, and a multitude of housing providers.

NOTE: Team will be responsible for compliance with LFUCG SOP for encampments and all responsibilities thereunto.

Include a list of members and job duties/responsibilities for any proposed outreach team.

Include the procedure and protocol to transport, inventory, storage, and return personal belongings.

Describe in detail how the intensive street outreach team will incorporate industry best practices.

Safety is especially important and applicants should describe plans to ensure the safety of both staff and participants. Be sure to describe the project's plan for interacting with each of the following subpopulations of people experiencing homelessness:

- Veterans
- Youth Ages 18-24
- Families with Children
- Victims of Intimate Partner Violence
- People with Severe Mental Illness
- People with Addiction/Substance Use Challenges
- People with HIV/AIDS

4.2 Services and Outcomes (15 Points)

What services will the project provide that aren't currently available?

How will the project provide access to these services in a way that is more intensive and assertive rather than a simple referral or one-time engagement?

How will transportation be available to someone identified on the street who wishes to seek shelter or housing but has no vehicle or bus access?

What services/access to services will the project provide for people experiencing substance abuse and/or mental illness?

Applicants should complete a table providing target numbers and percentages for the prescribed outcomes based on industry standards for street outreach and continue unsheltered engagement as well as intensive case management.

The numbers provided may serve as the basis for evaluating project success on quarterly and annual reports. However, OHPI reserves the right to change outcome targets based on industry standards and current environment.

NOTE: All Outreach Contacts should be unsheltered at time of initial contact. However, OHPI recognizes that some contacts may move to a shelter location post initial contact. The project focus should be primarily on those individuals who sleep outdoors while recognizing some individuals cycle back and forth between street and shelter.

4.3 Sustainability (20 Points)

It is the goal of OHPI is to ensure this project continues to operate as long as it produces successful results. However, funding in the Innovative & Sustainable Solutions to Homelessness Fund is limited and is largely intended for one-time, startup expenses and not ongoing program operations. Therefore, applicants should provide a detailed sustainability plan for how they will seek and acquire resources to continue operations beyond this grant award.

Plans should include specific public and private funding sources to be pursued and not just a blanket assurance that the applicant will seek funding.

4.4 Organizational Capacity and Experience (20 Points)

Describe the organization's experience with people experiencing homelessness, specifically people who are unsheltered. If the project will utilize a street outreach team, identify who will lead that team (provide resume if person is identified or job description if they are to be hired). Also, identify any people and/or organizations who have committed to participate with that team and describe their roles and experience with any particular subpopulation.

If the organization provides any current level of street outreach then describe that service and explain how this project will be an addition/expansion and not just provide funding for existing outreach.

Identify the project director and include a resume/CV. If the project director is to be hired, include a job description in the attachments (if different than coordinator described above).

Identify where the project will be housed within the organization's structure and where the project will be housed physically on a daily basis.

Describe the project management plan and provide a timeline for implementation.

Provide a description of the applicant's experience with grants management and financial accountability.

Briefly describe the organization's history, service delivery model and philosophy, and governance structure.

Describe the organization's current participation in HMIS and its plan to ensure full participation in HMIS for the proposed project. Full HMIS participation is required for this project in order to receive funding under this announcement.

4.5 Budget/Budget Narrative (15 Points)

Proposals should include a separate line item budget and budget narrative and will be evaluated based on reasonableness of expenses and overall feasibility. Budgets should reflect all program revenue and expenses for each year of the three-year project.

As a reminder, LFUCG Intensive Street Outreach grant funds may not be used for housing expenses such as rent, utilities, etc. – projects should leverage other resources for housing.

Budgets should include, at a minimum, the following line-items. For each category, identify the amount requested, the amount to be provided through cash match (if applicable), and the amount to be leveraged through other programs or organizations (if applicable).

- Personnel – Identify each position allocated to the grant, role in the project and percentage of FTE allocated.
- Fringe Benefits – Include the organization's fringe benefit rate or show how fringe benefit costs were calculated for the proposed personnel expenses.
- Equipment – Describe any equipment needed for the project such as a tablet for conducting VI-SPDAT assessments in the field. Clearly identify one-time expenses versus ongoing expenses.
- Travel – Include anticipated amount of travel and mileage reimbursement rate. If out of area travel is proposed, identify its purpose and relevance to the project.
- Contractual – Describe any expenses associated with providing expanded supportive services or other services for which the organization intends to contract with another entity. Any of these expenses to be provided by the proposing organization at no additional cost (as leverage) should be included in other line items.
- Operating Expenses – Break down costs associated with supplies, office space, contracts for supportive services, HMIS expenses, and any other expense associated directly with the operation of the project. For each item identify the category, such as "HMIS License," and a brief justification of the amount requested.
- Indirect Costs – If an indirect cost rate is used, provide evidence of an approved indirect cost rate from the appropriate cognizant agency. If the organization does

not use an indirect cost rate, provide a clear indication of administrative costs as differentiated from direct operating expenses.

5.0 REQUIRED DOCUMENTS

5.1 Audit

Applicants must submit their most recently completed financial audit as an attachment to their proposal.

5.2 Match/Leverage Letters Match

If the proposer is using match or leverage to expand the program past the point of LFUCG available funding, all match and leverage amounts should be documented in commitment letters in order to receive full credit for budget scoring proposes. Letters do not count toward page limits.

Organizations contributing match and leverage should be aware they will be required to participate fully in the HMIS regarding data collection of this program.

Title of Proposed Project: Assertive Street Outreach (ASO) program

Project Summary: Community Action Council (CAC)'s Assertive Street Outreach (ASO) program is comprised of two key components: targeted, assertive street-based outreach to engage individuals experiencing unsheltered homelessness and residing in encampments throughout Lexington and the provision of housing-focused Intensive Case Management (ICM) services for those individuals with the most critical need for housing services.

ASO represents a collaborative effort between CAC, the Hope Center (HC) and New Vista (NV). ASO will utilize a team-based approach, including two Intensive Case Management Team Coordinators (ICMTC) and an AmeriCorps Member from CAC, one Peer each from HC and NV and a part-time Licensed Clinical Therapist (LCT) from NV to provide clinical therapeutic services. In addition, the ASO Team will convene monthly stakeholder meetings and communicate on an as needed basis with other local providers in Lexington's Housing Services Network, including local law enforcement, the Community Paramedicine team, and the Office of Homelessness Prevention and Intervention (OHPI), among others, to address the specific and unique needs of persons experiencing unsheltered homelessness.

The street-based outreach component of ASO will seek to engage with all persons experiencing homelessness persistently and consistently to establish and build rapport. ASO anticipates engaging at least 110 individuals annually. The housing-focused ICM component will target services to approximately 30 individuals annually who are identified as having the most critical need based on length of homelessness and acuity.

4.1 Project Design

The ASO program will be a collaborative effort between the lead/fiscal agent CAC, along with NV, and HC. The core members of the ASO Team will be the following:

CAC	NV	HC
2.0 FTE Intensive Case Management Team Coordinators (ICMTC)	1.0 FTE Peer Support Specialist (Peer)	1.0 FTE Peer Support Specialist (Peer)
1.0 AmeriCorps Service Member	0.5 FTE Licensed Clinical Therapist (LCT)	

ASO will use an individualized, strengths-based, person-centered and team-based approach to actively engage persons experiencing unsheltered homelessness. ASO will enhance and expand Lexington's Homelessness Services Network's capacity to empower the most vulnerable of persons experiencing homelessness to improve their health and quality of life.

With a collective six-member team the ASO will: 1) incorporate assertive, targeted outreach and other engagement strategies to increase participation in and access to all available resources; 2) provide, with participant consent, direct mental health and/or substance abuse treatment services, including screening and assessment; 3) provide housing-focused ICM to link and retain participants in permanent housing and increase independence; 4) engage and enroll participants in mainstream benefits and resources, such as Medicaid, Supplemental Security Income (SSI), Social Security Disability Insurance (SSDI), Temporary Assistance for Needy Families (TANF), and/or Supplemental Nutrition Assistance Program (SNAP), 5) provide encampment relocation services in accordance with OHPI's Standard Operating Procedures (SOP), and 6) develop a collaborative framework with local community partners across Lexington's Homeless Services Network to share information, with participant's consent and in accordance with all privacy and HIPAA requirements, to improve outcomes for individuals experiencing unsheltered homelessness.

Lexington has made significant strides in addressing homelessness in recent years but there remains a strong need for additional services. LexCount reported the number of homeless individuals in Lexington as 685 in 2018 and 787 in 2019. During the most recent Point in Time Count, Lexington's shelter system was 33 percent over capacity. Individuals experiencing unsheltered homelessness are far more likely to have significant health issues, Substance Use Disorder (SUD) and Serious Mental Illness (SMI). According to LexCount, of the 787 identified homeless individuals, 18 percent had a diagnosed SMI and 20 percent had a SUD. Another concern is increased vulnerability and risk of victimization. The prevalence of victimization among homeless populations has been estimated to be between 14 to 21 percent. Those with longer episodes of homelessness are more at risk of being victims of, or witnesses to, violent crimes. The ASO program will address these realities by providing ICM services and trauma-informed practices to unsheltered persons, with or without an SMI or SUD, and provide a path for participants to reach their housing goals and achieve independence.

CAC and ASO partners are committed to working collaboratively to provide a holistic, culturally-appropriate, evidence-based program that provides assertive, targeted outreach and housing-focused ICM services for persons experiencing unsheltered homelessness. Additional information on various services for the subpopulations identified in the RFP can be found on page 9.

Identification and Frequency of Services: Persons experiencing unsheltered homelessness will primarily be identified through targeted street-based outreach efforts and the Coordinated Entry System (CES) which is facilitated in Lexington by CAC. ASO will accept referrals from program and community partners, such as local law enforcement, Community Paramedicine, local hospitals, psychiatric facilities and the OHPI.

ASO will typically operate between 8:30 AM-5:00 PM Monday through Friday, including drop-

in hours and street-based outreach services, with at least one early morning and/or late evening shift occurring each week in accordance with best practices. The ASO Team will also accept after-hour calls until 8:00 PM with follow-up occurring on the next business day. CAC will finalize preliminary arrangements for drop-in hours at the Lexington Public Library (LPL), New Life Day Center (NLDC), HC and/or the new NV Drop-In Center upon award. The ASO Team will target its assertive, street-based outreach efforts to areas known to be frequented by persons experiencing homelessness. The ASO Team will visit encampments more frequently (at least once per day) to assist with relocation efforts as needed and directed by OHPI. Street-based outreach will take place using a team approach with two team members present at all times, in accordance with best practices and to ensure participant and staff safety. All participants must provide consent to receive ASO Team services as described below.

Case Management Activities: The flexibility of the ASO model will enable rapid service delivery to address acute needs and provide ongoing support to assist participants in reaching short-term and long-term goals to exit homelessness and obtain and maintain permanent housing. Acute needs that may be addressed for both potential and enrolled participants include:

- *Encampment engagement and relocation:* Activities will be guided by OHPI's SOP when working with individuals encamped on public lands. A primary role of CAC in facilitating encampment relocation efforts will be the collection and storage of personal belongings. Please see page 7 for more details of the protocols for collection and storage of personal belongings. This mechanism ensures a minimum of two contacts with individuals, increasing the likelihood of continued engagement and participation in housing-focused case management.
- *Tim's Law Cases:* Participants clearly needing outpatient mental health services and who are unable to avail themselves of services on their own may be considered for filing under Tim's

Law. Decisions to coordinate and file such cases will be made in consultation with the LCT.

- *202A petitions*: All team members who can effectively speak to the need for an individual to receive psychiatric assessment may complete a 202A petition.
- *Adult Protective Service*: The Team will work with Adult Protective Services (APS) for all participants with active APS cases, as well as with new participants. Cooperation with APS will center on ensuring the wellbeing of the participant and may include providing summaries of service interactions, self-neglect, or incidences of abuse/neglect.

Case management activities may include: conducting initial housing intake assessments using the Vulnerability Index-Service Prioritization Decision Assistance Tool (VI-SPDAT); enrollment into the CES; collaboration on housing case management plans; assistance in completing goal steps and activities; provision of voluntary therapeutic services; assistance in obtaining necessary documentation; assistance in applying for mainstream benefits, including completing SSI/SSDI Outreach, Access, and Recovery (SOAR) applications. Other activities may include providing or assisting with transportation or linkage to available transportation resources; referrals to employment and training programs; assistance in applying for insurance and accessing healthcare; assistance in accessing mental health and/or substance abuse treatment; life skills training; implementation of harm reduction strategies; and landlord engagement.

Stakeholder Interaction: While the day-to-day activities and efforts of the ASO program will be managed by the six-member core team, in order to deliver truly relationship-building and supportive services that will allow for participants to make progress toward becoming housed, the ASO project must and will include collaboration with a variety of caring, community-based professionals and programs to help the ASO team achieve their overall goal.

To begin, the ASO team will be in regular contact with OHPI via phone, email, HMIS, and monthly

stakeholder meetings, regarding updates on specific individuals in needs of service and the overall progress of the program. The Lexington Police Department will be invited to join the monthly stakeholder meetings, with person-specific contacts identified for each shift and sector to facilitate police services as needed. The ASO Team may also work with the Sherriff's office for additional support to coordinate services. Members of Code Enforcement will be invited to attend the monthly meetings and ongoing contact will be made with them, primarily by the ICMTCs, regarding encampments and other community-impacting issues, such as if an encampment is located on private property. The ASO Team and Community Paramedicine will provide mutual collaboration and coordination to address the unique service needs for individuals with high utilization rates.

Given that both NV and HC operate substance abuse recovery programs, connection to these particular services will be easy for all participants of the ASO program. However, the ASO program is person-centered, so all applicable SUD treatment options will be provided to the participant for their decision/selection. Other SUD programs will be invited to attend the monthly meetings, as will crisis shelter providers. ASO participants will be given information on how to access all shelter programs and ICMTCs, as appropriate, will advocate with and on behalf of participants who may have been banned from a particular shelter but who wish to return. Participants who are disabled and wish to access social security benefits will be given the option of completing a SOAR application and can also sign permission to have the ICMTCs assist in delivering/receiving Social Security Administration information in a timely manner.

ASO team members will work with all Continuum of Care (CoC) housing programs for such needs as verifying program eligibility, locating housing options and, most importantly, ensuring a warm transfer of services. The ICMTCs will, at the individual's direction, contact landlords to coordinate

the completion of application and lease signing. The ICMTCs will also provide life skills coaching regarding the maintenance of housing and how to mitigate issues with landlords, should it ever be necessary.

ASO Team Members and Responsibilities: The ICMTCs will be responsible for the provision of non-clinical case management and street-based outreach services, including those described in the sections above. The AmeriCorps Member will assist the ICMTCs in conducting outreach activities, completing VI-SPDAT assessments, and identifying available housing options. Peers will provide engagement assistance; recovery orientation and rapport building; and in assisting in the outreach activities as described above. The Peers will be invaluable in securing and maintaining participant buy-in among participants with mental and substance use disorders. Peers provide support by sharing their lived experiences that may often mirror those of participants. Peers who have previously been homeless and are now permanently housed and in the *Thriving* stages of recovery provide tangible proof to participants that housing and recovery are possible. Peers will assist ICMTCs in life skills training activities and provide support in all aspects of recovery. The LCT will assist with providing therapeutic services to individuals experiencing homelessness who have SMI or SUD. The LCT will dedicate approximately 10 hours per week to street-based outreach activities, with the remaining 10 hours per week spent meeting with participants during scheduled drop-in times or in the community at the participant's discretion. The LCT will also be available to assist with direct outreach services on an as needed/on-call basis. Drop-in appointments will occur during scheduled hours at the NV Drop-In center on Mechanic Street or at the LPL. The LCT may conduct diagnostic assessments, conduct therapy sessions, determine triage risk (i.e. suicide and self-harm), use the level of care utilization system (LOCUS) tool to determine care need, serve as a link to substance use treatment services such as Medication

Assisted Treatment or to prescribers for other psychiatric medicines. The LCT will be the primary point of contact for determining the need for 202A petitions and Tim’s Law cases and will be responsible for completing necessary mental status exams.

Procedure for personal belongings: The following table outlines the policies and procedures for the collection, inventory, transportation, storage and return of personal belongings collected during encampment relocation activities.

Table 1. Personal Belongings Procedures and Protocols**

Action Steps
1. ASO Team will visit identified encampment at least once per day upon notification from OHPI and will continue to do so until the completion of the removal process.
2. ASO Team will post a “Notice of Street Outreach and Services” at encampment location in English and Spanish (or other languages as needed) within three business days of notification.
3. ASO Team will conduct onsite assertive outreach at the identified encampment for up to five business days to establish a relocation and service delivery plan with encampment residents.
4. Within seven business days of posting the “Notice of Street Outreach and Services,” the ASO Team will submit a written relocation and service delivery plan to OHPI including a) number of individuals contacted and b) timeline for refusal, relocation or service delivery.
5. The ASO Team will work with local housing providers to identify emergency shelter or available housing for encampment residents.
6. The ASO Team will be onsite during removal process and with owner permission, will be responsible for the collection, transportation, inventory, and storage of personal belongings.
7. Individuals requesting storage must, at the time of collection, sign an inventory form and acknowledgement that all personal belongings must be picked up within 60 days of collection. An extension beyond 60 days may be requested.
8. All those requesting storage of personal belongings must participate in the inventory of belongings and sealing of the container. Items must fit in one storage container; though additional storage space may be made available on a case by case basis.
9. Items stored will be inventoried and the list of items will be stored in the box. The ASO Team will seal the box in the individual’s presence and label with his/her initials and birthdate.
10. The ASO Team will transport stored belongings to a non-climate-controlled storage unit.
11. A hardcopy of the signed inventory and acknowledgment form will be kept on file and all boxes will be numbered and tracked via spreadsheet.

12. Individuals may request the removal of items from the storage bin by advance appointments made via phone, email or in person during drop-in hours.
13. Individuals may request a maximum of one removal per week, unless a move-in is occurring, in which case, staff will make every effort to facilitate any number of removals, as possible.
14. The ASO Team will attempt to contact individuals refusing to participate in case management services at least twice per month until such time as items are removed, individual agree to participate in ongoing case management, or the 60-day period expires.
15. Items uncollected after the 60-day period without a request for an extension will be discarded.
<i>** In accordance with the SOP from OHPI regarding the identification and removal of an encampment.</i>

Best Practices: ASO will incorporate industry best practices into all aspects of the program. All services will be strengths-based and person-centered. Team members will collaborate with participants to enable their individual strengths and empower participants to work toward achieving their short- and long-term goals. ASO will utilize a housing-focused case management strategy to assess participant need, develop a housing case management plan, provide linkage to available housing resources, and connection to the CES. The ASO Team will utilize a trauma-informed care approach to reduce risks of re-traumatization of individuals who may have experienced complex trauma. Staff will receive training in Mental Health First Aid so that individuals in or approaching crisis receive an appropriate, supportive response. Motivational Interviewing techniques will be utilized to determine an individual’s motivation in developing goals and strategies. Assertive Engagement will be used in place of Motivational Interviewing when necessary. Assertive Engagement provides concrete examples of why a behavior or action has been harmful or maladaptive and assists Team members in breaking down barriers to change language, such as projection or internalization.

Safety: CAC will always operate the street-based outreach activities using multiple teams of at least two-members. CAC will strengthen its relationship and formalize its partnerships upon award with other local providers, including local law enforcement and the community paramedicine

team, to ensure staff and participant safety. Staff will be provided with a mobile telephone and training and materials on topics such as safe syringe disposal; overdose prevention, recognition, and response, including Narcan; CPR and First Aid; cultural competency; and procedures for documenting outreach activities, including any adverse incidents.

Subpopulations: Every individual, regardless of subpopulation, will receive the case management and outreach services described above. CAC recognizes that members of various subpopulations may have their own particular needs and niche service requirements. The ASO program will follow the following general guidelines for each identified subpopulation:

1. *Veterans:* Connection to Every Veteran Housed will be provided as will assistance with DD214 documentation, connecting with VA representatives, and identifying other resources.
2. *Youth Ages 18-24:* Assessments will be completed using the Youth VI-SPDAT and placed on the CES according to their acuity scores. Participants will also be given the opportunity to connect with Arbor Youth Services for additional supports.
3. *Families with children:* Assessments will be completed using the Family VI-SPDAT and will be placed on the CES according to their acuity scores. Families will also be given the opportunity to connect with CAC's Emergency Family Housing or Salvation Army.
4. *Intimate Partner Violence:* Assistance in filing Emergency Protection Orders/Domestic Violence Orders and in connecting to Greenhouse17 or other support groups/shelters.
5. *Severe Mental Illness:* Persons with suspected SMI will be linked with the LCT and assessed for referral to the Assertive Community Treatment (ACT) Team or a local psychiatric facility. The LCT will also be on-call, as availability allows, in the event of crisis situations occurring during street-based outreach. The ASO Team will assist those with SMI in accessing needed medications, applying for healthcare coverage, and by providing transportation to doctor's

appointments or local pharmacies.

6. *Substance Use Disorders*: Persons with SUDs will be assisted in developing a harm reduction plan to leverage available community resources such as developing a scheduled use plan, identifying safe use spaces, and providing access to needle exchange programs. Individuals will be given the option of accessing treatment at a substance use program of their choice.
7. *Persons with HIV/AIDS*: Those with HIV/AIDS will be assisted in accessing necessary medications by helping them obtain healthcare coverage or coordinating transportation to medical appointments and pharmacies. They will also be connected to AVOL Kentucky, Inc.

4.2 Services and Outcomes

Many of the services provided by ASO are currently available within Lexington's Homeless Services Network. However, ASO represents a concerted effort to coordinate these existing services into a comprehensive model to ensure that those with the greatest need can access all the supports and services currently available. ASO will also provide funding to address the gap in access to therapeutic mental health/substance abuse services for individuals who are not enrolled in a supportive service program and who also lack healthcare coverage. This program also meets and provides services for participants where they are, without requiring them to come to an office. This is particularly important for those with a SUD or SMI. While ASO will offer drop-in and scheduled office hours, it will also allow for access to the LCT during street-based outreach activities. Finally, ASO also provides targeted, assertive outreach and ICM services for individuals experiencing unsheltered homelessness that are disconnected from other local resources or that have elected not to participate in Lexington's CES.

Typical homelessness programs provide services only to individuals electing to participate in them. ASO will provide assertive street outreach for all disconnected individuals, regardless of

enrollment in a program or service. All identified unsheltered individuals will receive person-centered, trauma-informed assistance. HC will provide a van for transportation assistance for individuals seeking shelter. CAC will work with other local providers to identify/coordinate transportation using bus passes and shuttle services.

The LCT will provide substance use and/or mental health services during scheduled drop-in hours, by appointment, and during street-based outreach activities, including encampment relocation efforts and on-call services during regular business hours. All individuals presenting with SUD or mental health concerns will be assessed for services and referred to appropriate resources beyond those provided by the LCT in the course of their ASO duties.
