

April 27, 2017

Chief Mark Barnard
Division of Police
Lexington-Fayette Urban County Government
150 East Main Street
Lexington, Kentucky 40507

Dear Chief Barnard:

Central Bank is pleased to continue its support for the excellent work your police force does to protect and serve the citizens of our community. We believe that one of the greatest challenges faced by Central Kentucky is the epidemic of opiate usage, especially by our young people.

At its April 2017 meeting, our Board of Directors authorized a commitment of \$25,000 to the Lexington Division of Police to purchase Narcan that will be used by first responders to serve citizens who have overdosed on opiates. If our commitment is accepted by your office and the LFUC Council we will distribute the funds to you immediately so they can be used to fight the growing crisis. Please contact me at 859-253-6201 with details on how we may proceed.

Thank you for all you and the Division of Police are doing to serve our community.

Sincerely,

A handwritten signature in black ink that reads 'Stephen C. Kelly'.
