4. BID SCHEDULE – SCHEDULE OF VALUES

The Bidder agrees to perform all the Work described in the Specifications and shown on the Plans for the following proposed lump sum and/or unit prices, if applicable, which shall include the furnishing of all labor, materials, supplies, equipment and/or vehicle usage, services, all items of cost, overhead, taxes (federal, state, local), and profit for the Contractor and any Subcontractor involved, within the time set forth herein. If unit prices are applicable, Bidder must make the extensions and additions showing the total amount of bid.

Form of proposal must include unit bid prices written in words, unit price written in numbers and total amount bid (unit price x quantity) per line item OR bid may be considered non-responsive. In case of price discrepancy, unit bid price written in words will prevail followed by unit price written in numbers then total amount bid per line item.

If a discrepancy between the unit price and the item total exists, the unit price prevails except:

If the unit price is illegible, omitted, or the same as the item total, item total prevails and the unit price is the quotient of the item total and the quantity.

If the unit price and the item total are illegible or are omitted, the bid may be determined nonresponsive. If a lump sum total price is illegible or is omitted, the bid may be determined nonresponsive.

For a lump sum based bid, the item total is the bid amount the Division uses for bid comparison.

For a unit price based bid, the sum of the item totals is the bid amount the Division uses for bid comparison.

The LFUCG's decision on the bid amount is final.

The contract, if awarded, will be on the basis of materials and equipment specified in the specifications without consideration of possible substitute or "or equal" items.

The estimated quantities of items of unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract price. Determination of the actual quantities and classification of unit price work performed by the Contractor will be made by the Engineer in accordance with the General Conditions.

2016 Capacity

TOTAL OF ALL BID PRICES FOR Assurance TFM Project (Items 1 through 7) in words and figures. In case of discrepancy, the amount shown in words will govern.

Ninety-two thousand, seven hundred, and fifty-two dollars and zero cents (\$ 92,750.⁰⁰).

The quantities indicated in the Bid Schedule reflect those anticipated for the 2016 monitoring season. Estimated quantities may change after the contract is awarded. Final quantities will be at the OWNER's discretion. The CONTRACTOR shall specify the unit price for each item in the Bid Schedule without regard to quantity. The CONTRACTOR will not be permitted to alter the unit price identified in the Bid Schedule for changes in estimated quantities for any Item No.

Additional information regarding the preliminary monitoring sites for 2016 is provided in Section 4.06 of the Technical Specifications.

Monitoring equipment used to perform the work shall be furnished by the CONTRACTOR. Ownership of monitoring equipment remains with the CONTRACTOR. No equipment is to be provided to the OWNER as part of this contract.

Experience Summary

Responsible for data analysis, engineering supervision, report preparation, client and government liaison and project planning. He has directed data analysis and supervised report preparation for I/I Analysis and SSES projects at Sewer System Evaluations for the past twenty-three years.

Representative Projects

Flow Monitoring Study: Chambersburg, Pa. The Borough was under a consent decree to monitor flows at a minimum of 15 locations for at least one year. SSE provided all field services, data reporting, and analysis of the existing sanitary sewer flows. The intent of the project was to determine potential overloading or surcharge locations within the system. 15 flow meters and two rain gauges were installed, the flow data collected and analyzed on a monthly basis. A report was prepared outlining the summary of the flow results and recommendations.

Infiltration/Inflow Study: Anaheim, CA -This project was done with National Plant Services with 23 meters installed for six months. Project Engineer responsible for analyzing existing sanitary sewer for I/I, and provide recommendations for improvements and further testing. The report was prepared in the same format and organization as the ADS report for Orange County consisting of study description, analysis and recommendations. Flow data was presented in tabular and graphical form.

Flow Monitoring Study: Stanley Consultants; Bettendorf, Ia. - The City had experienced backups in its downtown area and was required by the City of Davenport to monitor flows to determine I/I and other potential sources for the overloading. Monitored at 19 locations for six weeks and collected rain data at three sites. SSE provided all field services, data reporting, and analysis of the existing sanitary sewer flows. The intent of the project was to prioritize the 19 flow basins for potential investigative work and continue with manhole inspections and smoke testing where required.

10. EQUAL OPPORTUNITY AGREEMENT

The Law

- * Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- * Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and subcontractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.

- * Section 503 of the Rehabilitation Act of 1973 States:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- * Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal Contracts.
- * Section 206 (A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors, and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractor may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.
