

**GRANT AWARD AGREEMENT**

*Fiscal Year 2023 Class B Education Incentive Grant Program*

THIS AGREEMENT, made and entered into on the 13<sup>th</sup> day of March, 2023 by and between the LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT (LFUCG), an urban county government of the Commonwealth of Kentucky, pursuant to KRS Chapter 67A (hereinafter "Government"), on behalf of its Division of Water Quality, and PROVIDENCE MONTESSORI SCHOOL, INC., 1209 TEXACO ROAD, LEXINGTON, KY 40508 (hereinafter "Grantee" and "Property Owner").

**WITNESSETH:**

WHEREAS, the Grantee is a documented fee-payer of the Government's Water Quality Management Fee; and

WHEREAS, the Grantee has proposed a need for the funds requested to develop and implement a proposed project by submitting a valid grant application; and

WHEREAS, the Grantee's grant application has been reviewed and selected for funding by the LFUCG Water Quality Fees Board in accordance with Sections 16-408 and 16-410 of the LFUCG Code of Ordinances; and

WHEREAS, the Government has funds available through the Stormwater Quality Projects Incentive Grant Program to assist qualified Grantee in the development and implementation of projects that meet the goals of the program; and

WHEREAS, the Grantee desires to implement a specific project that meets one or more Incentive Grant program goals to improve water quality, reduce stormwater runoff, and provide public or private education related to stormwater quality; and

WHEREAS, any such improvements funded by the Government shall benefit the public through installed improvements and/or educational programming;

**THAT FOR AND IN CONSIDERATION OF THE MUTUAL PROMISES AND COVENANTS HEREIN EXPRESSED, GOVERNMENT AND GRANTEE AGREE AS FOLLOWS:**

- (1) Government hereby grants the Grantee the sum of \$7,150.00 (hereinafter "the Grant"), for use in implementing the project elements as listed in Attachment A which is incorporated herein by reference as if fully set out herein.
- (2) The Grantee agrees to use the Grant only for the activities set forth in Attachment A which includes installation of stormwater control infrastructure at the following site location(s): 519 West 4<sup>th</sup> Street, Lexington, KY 40508 currently owned by the Property Owner.
- (3) The Grantee shall provide equal opportunity in employment for all qualified persons; prohibit discrimination in employment because of race, color, creed, national origin, sex, age between 40 and 70 or disability; promote equal employment through a positive, continuing program of equal employment; and cause each of its subcontractors to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

- (4) The Grantee agrees to match the Grant above the first \$3,000.00, with contributions, labor and other services equal to or greater than 20% of the total project costs.
- (5) The Grantee agrees to perform periodic reporting as detailed in Paragraph (6) herein below, and produce a Project Final Report within 30 calendar days of the completion of the project elements in digital and hard copy following a standardized format to be provided by the Government summarizing all work completed and detailing the total expenditures, grant reimbursements, and match.
- (6) The Grant to the Grantee shall be disbursed in the following manner:
  - (a) The Grantee shall submit at least once every 3 months, if not specified otherwise in Attachment A, a Request for Funds to the Government's Grant Manager designated by the Director of the Division of Water Quality for the project. Each Request for Funds shall include documentation that the Grantee has already expended the requested funds or shall be in a position to expend properly the requested funds within thirty (30) days of receipt of the funds. The Request for Funds shall include full accounting of these eligible grant-related expenses, as listed in Attachment A. Copies of invoices, purchase orders, or receipts showing vendor, date, amount, and items purchased or ordered shall be provided with the Request for Funds. For project specific personnel costs and stipends, documentation of all billed hours shall include copies of employee timesheets, hourly payroll rate, and description of work performed for hours billed.
  - (b) Each Request for Funds shall be accompanied by a Project Status Report describing the progress of the project to date, including a description and schedule of all activities completed, and hardcopy or electronic copies of materials completed and/or used to date. For educational events, copies of the class rosters or sign-in sheets documenting the number of attendees and evaluation forms shall be provided.
  - (c) Each Request for Funds shall include documentation of all of the Grantee's Match Costs listed in Attachment A and claimed for the prior period. Each Request for Funds shall include a minimum of 10% cost share. For cash expenditures, this shall include receipts, showing vendor paid, date, amount, and items purchased. For donated project specific personnel costs and stipends, documentation of all billed hours shall include copies of employee timesheets, hourly payroll rate, and description of work performed for hours donated. For in-kind volunteer hours, this shall include sign-in sheets describing the events with signatures, name, address, time in, time out, for each participant (volunteers must be 12 years of age or older). For mileage, this shall include driver name, type of vehicle, location to and from, date, and total miles driven.
  - (d) The Government's Grant Manager shall review each Request for Funds and supporting documents for compliance with the terms of this Agreement and the guidelines of the Stormwater Quality Projects Incentive Grant Program. If the Grant Manager finds the Grantee's Request for Funds is in compliance with the terms of this Agreement and the guidelines of the Stormwater Quality Projects Incentive Grant Program and that the activity progress and management program of the Grantee satisfy the terms of the grant award, he or she shall approve the Request for Funds and forward it to the Division of Accounting for payment.
  - (e) Should the Government's Incentive Grant Program Administrator determine that the Grantee is not in compliance with the terms of this Agreement and/or the Stormwater Quality Projects Incentive Grant Program, including deficiencies in progress and management of the project, the Division of Water Quality shall notify the Mayor's Office and the appropriate district Council person and shall meet with the Grantee on matters that prevent approval of the Request for Funds. Failure to resolve any such matters to the satisfaction of the Government may lead to termination of the Agreement for cause pursuant to Paragraph (11) herein below.

- (f) The Government shall release payment of the final 10% of the Grant only after receipt and acceptance of the Project Final Report. The Government's Grant Manager shall review the Project Final Report and provide comments to the Grantee within 15 calendar days or, if acceptable, forward approval to the Division of Accounting for payment.
- (7) The Grantee agrees to obtain written approval from the Government's Grant Manager or Program Administrator for any proposed changes to the Project Team or Project Plan as listed in Attachment A prior to implementing the changes. Failure to gain written approval prior to making changes may lead to termination of the Agreement for cause pursuant to Paragraph (11) herein below.
- (8) The term of this Agreement shall be from the date of this Agreement until completion of the project outlined herein. The Grantee agrees to complete the project within 12 months. The Grantee agrees to obtain written approval from the Government's Grant Manager and Program Administrator for any time extensions beyond the schedule. Failure to gain written approval prior to making changes may lead to termination of the Agreement for cause pursuant to Paragraph (11) herein below.
- (9) The Grantee understands that the Grant shown herein in Paragraph (1) is a not-to-exceed amount, and any additional funding needed to complete the project elements listed in Attachment A is the responsibility of the Grantee. If it becomes apparent to the Grantee or the Government that the Grantee will be unable to complete the project either in the manner or for the amount described in this Agreement, then the Grantee must immediately notify the Government's Grant Manager and Program Administrator by providing a complete and detailed written explanation of its inability to comply with the terms of the Agreement. The Grantee must further provide the Government's Grant Manager and Program Administrator with a complete and detailed written explanation of any proposed changes, and the reasons for those changes.
- (10) The Grantee asserts that it is in full compliance with all applicable provisions of the Lexington-Fayette Urban County Government's Code of Ordinances Chapter 5 – Buildings and Building Regulations, Chapter 7 – Finance and Taxation, Chapter 12 – Housing, and Chapter 16 – Sewage, Garbage, Refuse, and Weeds, or in compliance with Kentucky Department of Housing Buildings and Construction rules and requirements as is appropriate for those state institutions, parcels, or buildings which are subject to state regulations and oversight as opposed to local ordinances and regulations. If the Grantee becomes out of compliance with any of these provisions, it will contact the Government's Grant Manager and Program Administrator immediately. Failure to resolve any such matters to the satisfaction of the Government may lead to termination of the Agreement for cause pursuant to Paragraph (11) herein below.
- (11) If, through any cause, the Grantee shall fail to fulfill in timely and proper manner its obligations under this Agreement, or if the Grantee shall violate any of the covenants, agreements, or stipulations of this Agreement, including any attachment thereof, the Government shall thereupon have the right to terminate this Agreement by giving written notice to the Grantee of such termination and specifying the effective date thereof, at least five (5) calendar days before the effective date of such termination. In that event, all finished or unfinished documents, receipts, and reports prepared by the Grantee shall, at the option of the Government, become its property and the Grantee shall immediately repay to the Government all monies received pursuant to this Agreement less any amount representing just and equitable compensation for the Government's share of any satisfactory work completed pursuant to the Agreement.
- (12) This Agreement may not be modified except by written agreement of the Government and the Grantee.
- (13) The Grantee agrees to comply with all applicable local, state, and federal rules, regulations, ordinances, and laws in implementation of the project.

- (14) The Grantee agrees to allow the Government access to perform monitoring of the project elements for compliance with this Agreement.
- (15) In any written or oral communications, the Grantee agrees to identify the Lexington-Fayette Urban County Government as the source of the above referenced funds; the Grantee shall not specifically identify any individual or elected official as being responsible for the funds donated by the Government.
- (16) The Grantee agrees to allow the Government to publicize the Grantee's project through the Government's website and other media.
- (17) The Grantee agrees to reference the Lexington-Fayette Urban County Government's Water Quality Management Fee and the Stormwater Quality Projects Incentive Grant Program as a source of funding for the project on any permanent signage or educational brochures, presentations, websites, etc. produced using grant monies.
- (18) For any project which includes the installation of permanent capital infrastructure listed in Attachment A, the Grantee agrees that the Government is authorized to erect and maintain permanent signage at the location of the permanent capital infrastructure, referencing the Water Quality Management Fee and the Stormwater Quality Projects Incentive Grant Program as a source of funding for such permanent capital infrastructure. In the event that permanent signage is installed by the Government, such signage shall not be removed except upon written approval by the Government. Provided, however, that nothing herein shall require the installation of signage by the Government nor prohibit the Government from removing any signage so installed.
- (19) The Grantee agrees to prepare class rosters or sign-in sheets and provide evaluation forms to the attendees for any educational event funded by the Grant.
- (20) Equipment purchased or stormwater control constructed by the Grantee with the Grant for use on this project will remain in service and maintained by the Grantee or its members for at least the Service Life listed in the Inspection, Operation, and Maintenance Plan developed for each facility, and per the terms listed in Attachment A. Equipment purchased by the Grantee with the Grant for use on this project will remain the property of the Grantee unless otherwise noted in Attachment A. For capital infrastructure, the Grantee further accepts and agrees to enter into the "Agreement to Maintain Stormwater Control Facilities Funded by an LFUCG Class B Stormwater Quality Projects Education Incentive Grant" attached hereto as Attachment B and which is incorporated herein by reference as if fully set out herein.
- (21) The Government assumes no responsibility whatsoever in the Grantee's project activities. Grantee shall, to the extent allowed by law, defend, indemnify, and hold harmless Government from and against all liability, claims, losses, actions, costs, expenses, obligations, fines, and assessments of whatever kind, including defense costs and attorney's fees that are in any way incidental to or connected with, or that arise or are alleged to have arisen, directly or indirectly, in whole or in part, from or by Grantee's or its contractor(s), agents, or assigns, negligent acts or misconduct, or errors or omissions, in connection with the activities carried out pursuant to this Agreement, the Grant award, or the Stormwater Quality Projects Incentive Grant Program.
- (22) The Grantee is solely responsible for assuring that adequate and appropriate insurance or other necessary coverage is maintained during the term of this Agreement.
- (23) The Grantee's sole remedy for a breach of this Agreement by the Government shall be limited to the amount of the Grant.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement at Lexington, Fayette County, Kentucky, this the day and year first above written.

LEXINGTON-FAYETTE URBAN COUNTY  
GOVERNMENT

BY: Linda Gorton  
LINDA GORTON, MAYOR

ATTEST:

*Deputy Mackenzie Stewart*  
CLERK, URBAN COUNTY COUNCIL

GRANTEE ORGANIZATION  
AND PROPERTY OWNER:

PROVIDENCE MONTESSORI SCHOOL, INC.  
1209 TEXACO ROAD  
LEXINGTON, KY 40508

BY: Amy Sither  
NAME: Amy Sither  
TITLE: Director

The foregoing Agreement was subscribed, sworn to and acknowledged before me by Amy Sither, as the duly authorized representative for and on behalf of Providence Montessori School, on this the 20th day of January, 2023.  
My commission expires: 2-8-2023.

Russ@EcoGro.net (email)

**PROJECT PLAN ELEMENTS**

The purpose of this project is to improve water quality by reducing ponding / flooding on a parking lot as well as treat stormwater runoff with green infrastructure on the property. A major component of the project is the stormwater educational opportunities.

All improvements shall be located on the property at 519 West 4th Street, Lexington, KY 40508, as shown in Figure 1 – Map of Project Location. No other property or right-of-way shall be disturbed without written permission from the property owners and / or LFUCG.

The general project elements include:

- a) **Rock Swale** – design and construct a swale to be lined with rock to convey stormwater from the asphalt parking lot without erosion or soil loss, while still allowing infiltration into soil below. The rock swale will also effectively serve as a forebay to collect coarse sediment and reduce buildup on amended rain garden soils.
- b) **Installation of a rain garden** - the rain garden bioretention basin will be sized to accommodate the appropriate Water Quality Volume and serve as both a water quality and quantity BMP. Soils within the rain garden basin will be amended (as needed) to infiltrate properly. In the event of a major storm, runoff in excess of the Water Quality Volume can bypass the rain garden and continue down the swale. The critical element of the swale is that it will penetrate through a berm area, which is currently impounding runoff. The swale will be located and built to have minimal disturbance to the root systems of existing mature trees. Undoubtedly, these trees will also process a large volume of runoff through evapotranspiration. All aspects of the design and construction will be in alignment with LFUCG stormwater standards and work to support water quality goals of the Town Branch watershed.

- c) Stormwater Education – During project design and installation, students will be engaged with the site to make observations, collect data and provide feedback. They will have the chance to choose from a selection of plants suitable for the site and work on the installation. Post-construction, students, teachers, and the grounds manager will “care for the project and perform periodic stewardship tasks.”

Through a rain garden design unit of study curriculum, students will be led through the process of design, site selection, volume calculations, and soil assessments. They will learn how to create digital maps, how to measure infiltration rates, and how to use online sources of information on soils and topography. After the design of the abiotic elements, students will be involved with plant species selections, layout, and installation with consideration for producing habitat components for birds, insects, and mammals which will also utilize the project. Students will have the opportunity to access and utilize the built features for future focus projects. In addition, they will have opportunities to explore the different pollutants that impact our water quality through visits to places such as the LFUCG Sewage Treatment Center and Town Branch Stream for water chemistry and biological assessments in accordance with our participation in the Kentucky River Water Watch. Students will develop visual aids or brochures to explain the components of the project and its sustainability implications to others. The project may be demonstrated to parents and visitors during showcase events, such as the school's Sustainability Fair and Open House Nights.

1) ***STORMWATER CONTROL FACILITIES DESIGN:***

Stormwater control facilities shall be designed for the specified site location. The proposed facilities are listed above and are further described in the Organization's grant application. Alterations to these elements can only be made in consultation with the LFUCG Grant Manager. Significant alteration of these elements may require approval by the LFUCG Water Quality Fees Board.

**Design plans shall be provided to the LFUCG Grant Manager for review prior to starting the construction phase of the project.**

- All existing utilities shall be located and shown on the design plans.
- All existing easements, adjacent property lines, and rights-of-way shall be shown on the design plans. If any work is proposed to occur within any easement (*i.e.*, utility, etc.), whether public or private, the Organization shall obtain all necessary encroachment agreements for the authorized agencies prior to the start of construction.
- Erosion and sediment control and traffic control measures shall be designed to meet all standards and follow guidelines in the LFUCG Engineering Manuals, and shall be shown on the design plans with appropriate notes.

2) ***STORMWATER CONTROL FACILITIES CONSTRUCTION:***

**No grant-funded construction activities shall occur until the LFUCG Grant Manager gives Notice to Proceed, in writing, for the start of the construction phase of the project.**

Facilities shall be constructed per the design plans and specifications. Construction of the proposed facilities shall also meet the following stipulations:

- Construction shall not begin until all permits, approvals, agreements, etc. are obtained and copies provided to the LFUCG Grant Manager.
- All existing utilities shall be located, contacted, and coordinated with prior to any work being performed.
- Where the disturbed area is greater than or equal to 5,000 square feet, the Stormwater Pollution Prevention Plan, including the Erosion and Sediment Control Plan, shall be provided to the LFUCG Divisions of Water Quality and Engineering for review. The LFUCG Land Disturbance Permit shall be obtained by the contractor after placement of the ESC and traffic control measures.

- Failure to place acceptable erosion and sediment control measures into service prior to start of construction will result in shut-down of the job site until the measures are put in place. Construction practices shall be put in place to prevent the illicit discharge of sediment, dirt, sand, fluids, trash, and any other pollutant into the Municipal Separate Storm Sewer System or Waters of the Commonwealth.
- The Organization shall host a pre-construction meeting with all parties related to the Stormwater Control Facilities. The LFUCG Grant Manager shall be invited and provided five (5) days advanced notice of this meeting.
- The Organization is responsible for providing all construction oversight, administration, and daily inspections. LFUCG shall not provide these services.
- The Organization shall document construction by taking before, during, and after photographs. Photographs shall be provided in digital format to the LFUCG Grant Manager.
- Once construction of the Stormwater Control Facilities is complete, a final punch-list inspection shall be performed. The LFUCG Grant Manager shall be invited to this inspection and provided five (5) days advanced notice. If punch-list items are identified, a second inspection shall be performed once those items are resolved, and the LFUCG Grant Manager shall be invited to this inspection and provided three (3) days advanced notice.

#### **TARGET AUDIENCE**

The primary target audience for this project is the students, families, and staff of Providence Montessori Middle School. This is made up of approximately 120 - 200 people each school year.

A secondary audience will be any visitors to our campus from the surrounding community, our elementary students and families from our Texaco Road Campus, and potentially neighbors of the middle school.

#### **PROJECT SUSTAINABILITY**

- 1) *Long-term Component for Ongoing Education and Involvement:* The study of sustainability is an annual part of the middle school's science curriculum. In addition, every other year, students have a unit of study on Water & Geology. During both of these science units, students will explore the concepts that support the implementation of the project and learn the importance of the ongoing maintenance of the project. Finally, as part of our weekly land curriculum (facilitated by Mr. Harr, land manager), students will be involved in monitoring the function of the project and maintaining or improving it as needed.
- 2) *Personnel for Long-Term Implementation:* It is anticipated that the curriculum will be taught by the teachers of Providence Montessori as part of their annual lessons.
- 3) *Ongoing Sources of Funding for Future Program Implementation beyond the Grant Period:* Ongoing sources of funding for future program implementation beyond the grant period will come from the Providence Montessori annual budget which allocates a certain amount of money for ongoing maintenance and improvement projects. Where necessary, portions of that budget will be allocated to this project.

#### **PROJECT SUCCESS MEASURES**

- 1) Approximately 37 - 60 students will directly participate in this project during the course of the grant timeline. Looking forward, approximately 120 - 200 students and parents will have direct and / or indirect engagement with the built features each year.
- 2) Determine the number of gallons of stormwater runoff retained on the property. This would be estimated by determining drainage area, forecasting typical annual runoff rates, assessing capacity of built features, and generating a typical volume of runoff infiltrated into the soil.

## REPORTING REQUIREMENTS

In addition to the reporting requirements outlined in the Grant Award Agreement, the following special items are noted for this project:

- 1) The Organization shall allow LFUCG twenty-one (21) calendar days to review the submittals and provide comments. If revised submittals are required, the Organization shall allow LFUCG ten (10) calendar days for review per submittal. LFUCG may choose to have a third-party engineering consultant assist LFUCG in review of these submittals.
- 2) **The construction phase shall begin only after the LFUCG Grant Manager gives Notice to Proceed, in writing, for the start of the construction phase of the project.**
- 3) If, during construction, the contractor requests a deviation or addition to the quantities or costs in the construction contract, the LFUCG Grant Manager shall be notified within two (2) business days. Additions or modifications to the project that are not directly related to the intended and correct function of the stormwater control project elements as described in the Project Elements listed above and in the original incentive grant application are not eligible for Grant reimbursement. Therefore, the Organization is advised that it should coordinate closely with the LFUCG Grant Manager during construction to ensure the work being performed is in compliance with this Agreement. **Note that per the Grant Award Agreement all overruns that result in the project costs exceeding the Grant amount are the responsibility of the Organization.**
- 4) After construction is completed, the Project Final Report shall include digital and hard copies of the following:
  - Summary of final construction costs and quantities
  - Copies of final inspection minutes, punch-lists, etc.
  - Photo documentation of site conditions and improvements before, during, and after construction
  - Any materials generated, including those for educational purposes (i.e., curriculum, advertisements, etc.)
- 5) LFUCG shall make final payment of the 10% retainer after acceptance of the Project Final Report.
- 6) All handouts and educational materials shall be provided to the LFUCG Grant Manager in hard copy and electronic (PDF) format as part of the Requests for Funds & Project Status Reports and/or the Project Final Report supporting documentation.
- 7) Photographs and records documenting events, programs, training, workshops, et cetera shall be provided to the LFUCG Grant Manager in electronic format with the Project Final Report.
- 8) Sign-in sheets for Professional Development events shall be maintained and provided to the LFUCG Grant Manager upon request. Participation attendance counts shall be maintained and provided to the LFUCG Grant Manager, with reporting for all other events.
- 9) Materials associated with printed teacher lesson plans and best practices for implementation within their classrooms from the field trips or other facilitated educational programs shall be provided to the LFUCG Grant Manager in hard copy and electronic (PDF) format with Requests for Funds & Project Status Reports and / or the Project Final Report.
- 10) Copies of program evaluations collected in association with the facilitated educational programs, and public participation shall be provided to the LFUCG Grant Manager in hard copy or electronic (PDF) format with the Project Final Report.
- 11) All evaluations, especially those listed under the Project Success Measures, shall be provided to the LFUCG Grant Manager with Requests for Funds & Project Status Reports and/or the Project Final Report.
- 12) All attachments to Requests for Funds & Project Status Reports shall reference the associated line from Table 2 – Eligible Expenses. Nothing in the Reporting Requirements listed above or

in item #7 under Additional Stipulations shall require the Organization to include in any report or attachment the name or face of any student.

**ADDITIONAL STIPULATIONS**

In addition to the reporting requirements outlined in the Grant Award Agreement, the following special items are noted for this project:

1. Applicant shall obtain written approval / agreement prior to work being done on properties not owned by the Applicant.
2. The project shall not proceed with field work until written approval to proceed is obtained from the Grant Administrator or Director of Water Quality, because of the potential for conflict with future LFUCG projects.
3. Applicant shall verify the need and ensure all permits are received (*i.e.*, Land Disturbance, FEMA, Army Corp, DOW, etc.) prior to any construction work.
4. Plantings shall be selected from Lexington-Fayette Urban County Government’s (LFUCG) Rain Garden Manual.
5. Tree plantings shall be coordinated with existing utilities prior to plantings, and if possible, trees shall not be planted within 10’ of an existing utility. Encroachment agreements shall be obtained when working within any private utility areas.
6. An Inspection, Operations and Maintenance Plan (IOM) shall be provided at the conclusion of the project.
7. Both electronic and hard copies of all educational materials are to be provided to LFUCG, for its use, as part of the grant deliverables.
8. Organization proposes a larger cost share beyond that required by the grant program. Budget shall reflect the 23.5% cost share offered in the application (approximately \$1,275.00).

**EQUIPMENT**

Any equipment purchased with the Grant shall remain the property of the Organization.

**PERMANENT FACILITIES / INFRASTRUCTURE**

**Monitoring:** The Organization agrees to allow LFUCG staff access to the property to monitor the installed features for compliance with this agreement.

**Ownership:** The proposed facilities are expected to reside on private property in Fayette County and be owned by the Property Owner.

**GRANT PERIOD & PROJECT SCHEDULE**

The grant period starts on the date of execution by the Mayor and extends for the time period as listed in the Grant Award Agreement. Any time extensions must be approved in writing by the LFUCG Grant Manager. The project schedule shown in Table 1 is preliminary. Proposed changes to the project which alter this schedule significantly shall be discussed with the LFUCG Grant Manager prior to implementation.

**TABLE 1 – PRELIMINARY PROJECT SCHEDULE**

Activity	Schedule
Grant Award Agreement and Notice to Proceed (NTP)	(anticipated March 2023)
Development and delivery of stormwater curriculum, student engagement, site assessments, rain garden design	April – May 2023
Earthworks and installation of rain garden structures, stabilization	July 2023
Delivery of stormwater curriculum, public engagement, planting plan, installation and maintenance	September – November 2023
Monitoring, observations and maintenance	December 2023 – March 2024
Provide Project Final Report to LFUCG	March 2024

**PROJECT BUDGET – GRANT ELIGIBLE EXPENSES & ORGANIZATION COST SHARE**

Table 2 lists the eligible expenses for this project. Only properly invoiced items shall be reimbursed with grant monies or counted toward the Organization’s cost share.

Any work performed on this project prior to grant award by the Urban County Council and Notice to Proceed from the LFUCG Grant Administrator is NOT an eligible expense and shall not be reimbursed or counted toward the cost share.

**The Grant is a not-to-exceed amount, and any cost overruns are the responsibility of the Grantee.** Donated professional service hours shall be valued at the Median Hourly Wage for the service provided as published by the U.S. Department of Labor, Bureau of Labor Statistics, State Occupational Employment and Wage Estimates for Kentucky (current website: [http://www.bls.gov/oes/current/oes\\_ky.htm](http://www.bls.gov/oes/current/oes_ky.htm)).

**TABLE 2 - ELIGIBLE EXPENSES**

Activities	Type of Expense	Participants	Item	Unit Price	Qty.	Funded by Organization	Funded by Grant	Total Expense
<b>1 Project Element: Rain Garden Design and Installation</b>								
2 Project Management	Personnel Hours	Amy Sither, Project Manager	Personnel hours at current payroll rate	\$ 35.00 per hour	15	\$ 525.00	\$ -	\$ 525.00
3 Rain garden design	Professional Services	Russ Turpin, EcoGro	Site analysis, infiltration tests, rain garden design, permitting (as-needed)	\$ 2,000.00 lump sum	1	\$ 150.00	\$ 1,850.00	\$ 2,000.00
4 Rain garden installation	Professional Services	Russ Turpin, EcoGro	Excavation, grading, soil amendments, erosion controls, plant materials, mulch, etc.	\$ 5,000.00 lump sum	1	\$ -	\$ 5,000.00	\$ 5,000.00
5 Curriculum development and delivery	Professional Services	Russ Turpin, EcoGro	Professional development and training, lesson plan, student engagement and participation in design and installation	\$ 600.00 lump sum	1	\$ 300.00	\$ 300.00	\$ 600.00
6 Student participation, maintenance	Personnel Hours	Michael Harr, Grounds Manager	Personnel hours at current payroll rate	\$ 20.00 per hour	15	\$ 300.00	\$ -	\$ 300.00
<b>TOTAL PROJECT BUDGET:</b>						<b>\$ 1,275.00</b>	<b>\$ 7,150.00</b>	<b>\$ 8,425.00</b>
						<b>ORGANIZATION SHARE 23.5%</b>	<b>GRANT SHARE 60.3%</b>	
MATCH % AFTER FIRST \$3,000 = <b>23.50% OK</b> MUST BE > 20%

**ATTACHMENT B  
TO FY2023 CLASS B EDUCATION GRANT AWARD AGREEMENTS**

DO NOT WRITE ABOVE THIS LINE

**Agreement to Maintain Stormwater Control Facilities  
Funded by an LFUCG Class B Education Stormwater Quality Projects Incentive Grant**

The upkeep and maintenance of stormwater control facilities is essential to the protection of aquatic resources. All property owners receiving grant funds from the Lexington-Fayette Urban County Government through the Stormwater Quality Projects Incentive Grant Program for construction of any stormwater control facility are expected to conduct business in a manner that promotes resource protection. For purposes of this document, a "stormwater control facility" is an equivalent term for "stormwater control device" or "stormwater management system or facility," and is any detention basin, detention pond, drainage way, extended detention basin, retention basin, catch basin, outlet, or any other structure or equipment or feature thereof, in whole or in part, designed to control stormwater quantity or improve stormwater quality. This Agreement contains specific provisions with respect to maintenance of the stormwater control facilities described below.

**PROPERTY SITE ADDRESS:** \_\_\_\_\_

**PROPERTY OWNER NAME:** \_\_\_\_\_

**DESCRIPTION:**  
Funded by Stormwater Quality Projects Incentive Grant: Fiscal Year \_\_\_\_\_, Class   B    
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Whereas,           <property owner name>          , has proposed to construct stormwater control facilities on the property described above and whereas the goals of the Lexington-Fayette Urban County Government are to ensure the protection and enhancement of Fayette County's aquatic resources, the **Lexington-Fayette Urban County Government (LFUCG)** and           <property owner name>           hereby enter into this Agreement. The responsibilities of each party to this Agreement are identified below.

**THE           <property owner name>           HEREBY:**

1. Agrees to implement the stormwater control facility Inspection, Operations, and Maintenance Plan developed for each facility and incorporated by reference herein.
2. Agrees to maintain the stormwater control facilities in good working condition, acceptable to the LFUCG, so that they are performing their design functions.
3. Grants permission to the LFUCG, its authorized agents and employees, to enter upon the property with reasonable advance notice of at least 24 hours and proper identification, except in such circumstances where advance notice is inappropriate for the purpose of entry, and to inspect the stormwater control facilities whenever the LFUCG deems necessary. The purpose

On property where a stormwater control device is located fully or partially underground, <property owner name> further understands that an annual inspection of the underground facility is required by LFUCG Code of Ordinances 16-88(c), and an annual inspection report, prepared by a Professional Engineer licensed to practice in Kentucky, must be submitted to the LFUCG compliance representative listed in this document. This report shall address the condition of the device for meeting its intended purpose, and shall be included with the annual report described in Section (9) below.

9. Agrees to provide an **Annual Report** to the LFUCG regarding implementation of the programs referenced in (1) and (2) above, upon request from the Grant Administrator or MS4 Permit Coordinator. The report shall contain, at a minimum, the following items:
- A. Name, address, and telephone number of the business, the person, or the firm responsible for plan implementation, and the person completing the report.
  - B. Time period covered by the report.
  - C. Copy of all inspection reports performed as part of the operations and maintenance program referenced in (1) above, including if applicable, the annual inspection for underground devices described in (8) above.
  - D. A chronological summary of activities conducted to implement the program referenced in (1) and (2) above. A photocopy of the applicable sections of the logbook, with any additional explanation needed, shall normally suffice. For any activities conducted by paid parties not affiliated with <property owner name>, include a copy of the invoice for services.
  - E. An outline of planned activities for the next year.
