Bureau of Administration

Please allow this memo to serve as a request to designate Mavron, Inc. as a Sole Source Vendor.

The Lexington Police Department currently utilizes Mavron custom manufactured boxes for our Patrol Wagons. The prisoner transport insert provided by Mavron is completely customizable to meet the needs of the Lexington Police Department pertaining to the safety of the officer and the prisoner while in the care and custody of the Lexington Police Department. Utilizing the Mavron insert gives us the capability to provide more room in each prisoner compartment. The material used for the compartment is constructed of heavy duty aluminum which will help prevent against rust as the insert ages. The Mavron insert has several access and exit points making it a unique design allowing for safer prisoner management, which is not provided from any other vendor.

Several quotes from other vendors have been obtained offering a prisoner transport solution but they are not customizable like the Mavron insert. The other inserts offered do not provide the safety and security the Lexington Police Department desires. The Lexington Police Department has been using Mavron products for several years and are extremely happy with the product quality and the customer service provided by Mavron.

We request a Sole Source designation for the Mavron prisoner transport inserts.
