Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers'

representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

Standard Title VI Assurance

The Lexington Fayette-Urban County Government, (hereinafter referred to as the "Recipient") hereby agrees that as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation, it will comply with Title VI of the Civil Rights Act of 1964, 78Stat.252, 42 U.S.C. 2000d-4 (hereinafter referred to as the "Act"), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, (49 CFR, Part 21) Nondiscrimination in Federally Assisted Program of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") and other pertinent directives, no person in the United States shall, on the grounds of race, color, national origin, sex, age (over 40), religion, sexual orientation, gender identity, veteran status, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the U.S. Department of Transportation, including the Federal Highway Administration, and hereby gives assurance that will promptly take any necessary measures to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Section 1: Directly Provide or Indirectly Facilitate the Provision of Services to Low income, Underserved, or Marginalized Lexington-Fayette County Residents – Magoffin Street Triplex Hardscape Project

The mission of Gleanings Housing is to develop and manage safe, affordable rental housing for very low and extremely low-income households in the Lexington area. Rents are based on 30% of household income, which will include utility costs. This type of affordable housing assists in creating economic equity for low-income households by allowing increased expendable monthly income. Gleanings Housing’s affordable housing development model focuses on scattered site, small scale multifamily residential housing to increase access to more diverse and resource rich neighborhoods. To successfully meet this mission, Gleanings Housing must cover the gap between rents paid and the cost of housing development and management. The following methods will assist in covering the gap:

1. Creating a ‘community’ of volunteers, both skilled and unskilled, to help build and/or rehab properties decreases cost of production.
2. Limit debt carried for building or rehabbing by using grants and donations.
3. Create a ‘community’ of monthly donors to supplement the funds available to cover costs of management. 25 donors giving \$25 a month can cover the monthly cost of one housing unit.
4. Provide case management services for tenants - as needed – to increase their ability to be stable in the unit. It is a goal of Gleanings Housing to have 40% of

rental units available to individuals or families with a history of chronic homelessness.

The Gleanings Housing facility being proposed for improvement is our under-construction triplex at 721 Magoffin Street, Lexington KY 40505. Gleanings Housing has already begun the process to build the triplex. This two-story triplex has one unit with three bedrooms/two baths and two units with one bedroom/one bath. This property will provide housing for three separate households. The 3-bedroom unit will be available for a family with several children. The one-bedroom units will be for households of single individuals or couples.

Each phase has been completed as funding and volunteer labor has been available. The following list outlines the timeline to up to this point.:

- June 2021 – Gleanings Housing purchased lot for \$35,000.
- July 2021 thru October 2021 – Gleanings procured all necessary architectural and engineering plans for construction.
- October 2021 – Gleanings obtained commercial new construction permit (BLD-CNC-21-00068) for triplex.
- October 2021 – Partnered with Southside Technical School carpentry classes to construct framing for the first floor in sections. (To be transported to site)
- January 2022 – completed site preparations and construction driveway.
- March 2022 – began foundation work. Developed partnership with Kentucky Plumbing Department (local contractor) to donate his services to complete water/sewer groundwork and rough-in plumbing for slab.

- April 2022 – Plumbers and Pipefitters Union, Local 452 donated the plumbing materials for groundwork and rough-in for slab.
- May 2022 – Completed the block construction component of foundation. The final phase of foundation will be poured after under slab plumbing/pipework is installed.
- June and July 2022 – sewer/water groundwork and completed concrete pour for foundation.
- September and October 2022 – completed framing of two-story building.
- November 2022 – subcontractors installed rafters.
- January 2023 through April 2023 – volunteers with some subcontractors installed metal roof, windows, doors, and porches.
- May 2023 – plumbing rough in was installed by volunteers and inspected.
- April through August 2023 – volunteers installed siding. Electrical volunteers installed rough-in wiring, electrical boxes. Inspection waiting on final needs of HVAC units.
- August 2023 to present – HVAC volunteers are installing ductwork, exhaust venting. All HVAC units have been purchased. Due to the present workload of volunteers, HVAC rough-in installation will not be complete until late October 2023.
- Gleanings Housing has already secured funding to complete the remaining interior finish work including insulation, drywall, interior doors, flooring, trim and molding, paint, kitchen cabinets, lights, and bathroom fixtures. We have

volunteers to assist with necessary installation. This work will occur after rough in inspection.

The only items remaining for Magoffin triplex to obtain certificate of occupancy involves the completion of hardscape for exterior of triplex. The hardscape includes driveway, parking lot, sidewalks, porch steps and privacy fence. This is an area of need.

Compliance with Appropriate Regulations

Gleanings Housing is in good standing with the Kentucky Secretary of State (see Addendum A Annual Report) and has a Gold Seal of Transparency.

Gleanings Housing, as the contractor, will make a concerted effort to include Minority-Owned (MBE), Woman-Owned (WBE), Disadvantaged Business Entities (DBE), and Veteran-Owned Business as subcontractors or suppliers in their bids. Gleanings Housing will remain in compliance with submitting all proper paperwork and documentation of inclusion. (See Equal Opportunity Agreement in Addendum B and Affidavit and General Provisions in Addendum C).

As Gleanings Housing is a volunteer organization, there are no paid employees. All volunteers are welcome. Volunteer opportunities are publicly displayed on organization website, Facebook events/page, through faith organizations and through any other person interested in the mission of Gleanings Housing. (See Addendum D for organization workforce).

Section 2: Demonstrated Need

Fayette County continues to experience a shortage of housing stock and the cost of housing continues to escalate. As a result, rental housing that is affordable for

lower income families and individuals has been nearly eliminated. Gleanings Housing, Inc. was established to help provide affordable housing within the Central Kentucky area. The organization works to develop and manage rental housing that will provide housing with rent based on household income. According to Lexington-Fayette Urban County Government Consolidated Plan of 2020, there were 35,280 households that rent in Lexington whose incomes are at or below 50% of the AMI. These are our very low and extremely low-income households. Of 35,280 households, 37% (13,335 households) are paying more than half their income on rent and 19% (6725 households) are paying between 31% to 50% of their income in rent. These households are severely cost burdened or cost burdened, according to HUD standards. Such cost burdening increases the risk of homelessness and leads to many households doing without other necessities just to pay the rent.

Obtaining funding through facility improvement grant to complete the hardscape of Gleanings Housing triplex aligns perfectly with the mission and objectives of Gleanings Housing. The hardscape of driveway and parking lot are required to obtain a certificate of occupancy for the triplex. We will not be able to rent the units out, even if the triplex building is complete without having a driveway and parking lot. Obtaining the certificate of occupancy will allow Gleanings Housing to provide three low-income or very low-income households with secure and stable housing affordable on their income. Completing this project without debt – through the reimbursement of costs keeps ongoing costs of property management, utilities, and maintenance low enough to be covered by 30% rent payments and our monthly donor support process. Affordable housing is the foundation for building a community that prospers. Affordability of

housing affects several aspects of a person's life and overall well-being. Gleanings Housing, Inc. has a mission to provide the communities of Lexington with more than just construction. Gleanings offers case management via a social work professional, as a part of the rental process and ongoing mission to aid tenants in increasing their circle of community connections within the local infrastructure and supports. Use of our prosperous community ideal and mission pushes our nonprofit to seek out the advancement of work, education, and health monitoring of our clients.

When housing is closer to economic assets or resources within the city of Lexington there is a greater likelihood for residents to obtain better paying employment. The increased access to competitive pay increases the potential for expendable income and financial security. Without affordable housing in areas with access to resources, people are forced into marginal employment and housing instability. It has been shown in various Health Impact Assessments (HIA) that a person's overall health and the health of their family will be adversely affected through the many stressors related to housing that consumes more than 50% of a person's monthly income.

Prosperous communities create more effective opportunities for a learning environment for children. When communities have housing available for all spectrums of income, then the jobs that are within the community can be held by those residents. Working with a case manager, the client can interact with a professional who is trained to appropriately address the lack of educational and health resource connectedness for those Gleanings' client households. This project fits with the broader mission of affordable housing development in scattered sites to connect to resource rich

neighborhoods. The triplex on Magoffin St. is in Loudon Park subdivision. Loudon Park has traditionally been a neighborhood of low to moderate income households with a mixture of both owner occupied and rental residential properties. It is a neighborhood presently experiencing revitalization. Per research performed by Gleaning Housing on the Fayette County Property Valuation Administrator website (2022), properties have changed hands between 2018 and 2022 resulting in significant increases in property costs. Within a one block radius of the lot, houses sold for \$62,000 to \$65,000 in 2018 and resold in 2020/2021 for \$107,000 to \$298,000. Often, lower income households lose their place in neighborhoods when revitalization happens due to increased rental costs. Developing affordable housing in gentrified neighborhoods increases the potential for long-term rental residents to remain in their neighborhood and experience the benefits of revitalization. This project opens the possibility for potentially displaced neighborhood families to stay in their community while providing safe and functional housing. See Addendum E for site plan, Addendum F for landscape plan and Addendum G for building permit issues by Lexington Fayette Urban County Government.

Section 3: Applicant Capacity for Project

The construction committee members have already successfully obtained bids and had work completed by subcontractors for various aspects of the construction, such as roof rafter installation. Section 4: Operational Feasibility

Gleanings Housing has completed the exterior structure including siding. The rough in plumbing for all three units has passed inspection. Electrical rough in has been completed except for final electrical wiring for external HVAC condensers. Our present professional HVAC volunteers are working to install ductwork at this present time and target completion in mid-October of 2023. Once rough in approval has been obtained, Gleanings Housing has secured funds from private donors to complete the remaining interior finish work including insulation, drywall, interior doors, flooring, trim and molding, paint, kitchen cabinets, lights, and bathroom fixtures. We have volunteers to assist with necessary installation. The anticipated completion date for triplex is April of 2024 and it will be debt free.

The Gleanings Housing hardscape project will coincide with interior work. The plan for layout of work will be directed by the landscape plan and site plan submitted to

LFUCG with modifications of decreased parking spaces as required by new 2022 ordinances – dropping the parking space requirements for affordable housing developments. We will have one parking space per unit, rather than the parking space per bedroom. requirement. The project will begin with obtaining quotes for tree removal and construction of asphalt driveway and parking lot. Quotes to complete concrete work for driveway apron, sidewalk and porch steps will also be obtained. Once the bids have been obtained. The construction committee will review all bids and determine the most appropriate bid. Once the contracts and agreements between the subcontractor and Gleanings Housing have been completed, the work on tree removal will begin. There are two trees directly in the area identified for fence. These two trees will need to be removed prior to any work on site due to the potential of tree removal requiring a bucket truck. It is appropriate to have any large equipment access site on our construction driveway prior to installation of permanent driveway to avoid damage to new concrete and asphalt work. Once trees are removed, excavation of driveway and parking lot will begin. All work will be completed by a professional contractor. Once excavation is completed a layer of stone foundation is applied to the driveway and parking lot. Asphalt applications are weather dependent and usually not performed during winter months. The driveway apron, sidewalks and porch steps will be concrete. A professional contractor will complete the steps and sidewalks after excavation is completed. The curb will be cut out and reformed with an apron made of concrete between the street and sidewalk. The steps and sidewalks will be completed during the winter months. The final layer of asphalt will be poured onto the driveway and parking

lot, if not completed before mid-December, in early spring. The driveway apron will be completed last.

A 290-foot privacy fence will be located on three sides of the property. It will begin along the driveway as identified in the Landscape plan. It continues along the back of lot ending on the opposite side of lot even with porch. The fence will be installed using volunteer labor and be built from standard wood fencing.

The timeframes listed below are estimations that are only accurate barring outside influence such as weather, illness, economic changes, or other reasonably unforeseeable events.

Narrative Timeline for Hardscape work on Magoffin triplex landscape

1. November 2023

After the grant award, Gleanings Housing construction committee will obtain quotes for tree removal and driveway/parking lot installation. Contractor will obtain permit for driveway and parking lot installation. Once the trees are removed, we will begin excavating the driveway and parking lot.

2. December 2023

As soon as excavation is complete, a 4" layer of DGA will be laid and the compacted followed by a second 4" layer of DGA to be laid and compacted.

Depending on the weather, a 2" layer of Bituminous base will be poured.

Gleanings Housing construction committee will obtain bids for concrete work on porch steps and sidewalks.

3. January 2024

Once contracts are signed and completed for sidewalks, steps and apron, the work can begin. Sidewalks and steps will be completed first. Work is weather dependent.

4. February 2024

Gleanings Housing construction committee will obtain bids for driveway apron installation. A contractor will be chosen, and necessary permits will be obtained.

5. March 2024

The final layer of asphalt will be installed on the driveway and parking lot. After the final compaction roll is completed on asphalt, the concrete apron will be installed.

6. April and May of 2024

Once the interior of triplex is completed and certificate of occupancy has been obtained, Gleanings Housing volunteer crew will begin work on privacy fence.

The installation is expected to require five to six full workdays for a volunteer crew of four people. A permit for the fence will be acquired. The fence perimeter will have 4x4 posts installed with concrete base at intervals of 7 and ½ feet.

Once posts are erected, volunteers will plank fencing. The privacy fence offers security and an opportunity for tenant families to enjoy outdoor area.

Section 5: Cost Analysis.

The costs for exterior landscaping requirements of driveway, three parking space parking lot, two sidewalks with porch steps and three-sided privacy fence with appropriate landscaping will be provided by local contractors and suppliers, thus are reasonable for Fayette County market.

Budget Narrative for Hardscaping of Magoffin Triplex

The cost for installing a driveway, parking lot, two sidewalks with porch steps and privacy fence on three sides of lot at 721 Magoffin triplex will total \$34,954.00.

1. Tree removal (\$3,700.00) - There are two trees that require removal to install privacy fence along the property boundaries on left and right side of property. There is a hackberry tree on the left side of property that needs to be removed and a mulberry tree on edge of property on right side that needs to be removed. The mulberry tree hangs over neighbor's shed, which will increase difficulty of removal and the price for removal. Cost based on estimate obtained by from Buck'in It Up Tree Service on 9/12/2023. (See Addendum J for estimate)
2. Driveway and Parking Lot (\$24,070.00) - LFUCG code also requires off street parking for multifamily dwellings. Due to new code modifications established in 2022, affordable housing multifamily properties require only one parking space per unit. All off street parking for multifamily properties must be behind structure.
 - A. Asphalt driveway and parking lot - A subcontractor will excavate to a depth of approximately 9 inches a 10 ft x 140 ft driveway with 3 parking spaces at 18 ft x10 ft wide situated behind the house, with spoils removed. The parking lot will have a turnaround space connected to the driveway. The entire area will have a base layer of GDA 4 inches deep, a second layer GDA 4 inches deep, 2-inch layer of asphalt followed by a 1 ½ inch layer of Class 1. Each layer will be compacted prior to application of the next layer. Estimate obtained by Lexington Blacktop on 9/11/2023 for work = \$22,850. (See Addendum K for estimate). Due to changes in oil prices which effect asphalt costs and

anticipation of increase in costs come spring of 2024, the final 1 ½ inch of Class 1 asphalt additional 50 cents per square yard. The 240 yards of Class 1 asphalt @\$0.50 per yard = \$120.00. Total cost of asphalt driveway and parking lot = \$22,975.00.

B. Concrete Apron – The driveway apron will be completed by subcontractor.

The subcontractor will cut out 150 inches of curb between the two storm drains, excavate the 3-foot area between sidewalk and curb by hand, build the forms to reform curb and concrete paving between street and sidewalk to begin driveway. The cost of labor is estimated at \$30 an hour. Work is expected to require 24 hours of labor. Labor cost for apron is 24 hours @ \$30/hour = \$720.00. The cost of materials is calculated as follows: 1 cubic yard of concrete @ \$180 = \$180, 2 cubic yards of gravel/stone @ \$70 = \$140, 10 2x4x8 @ \$3.98 = \$40, and one 4x8 concrete reinforcing wire mesh panel @ \$15 = \$15. Total cost for driveway apron = \$1095.00.

3. Sidewalks with Porch Steps (\$2,427.00) - For tenants to safely access the apartment entry doors, a sidewalk is needed from driveway to front porch and from parking lot to back porch. The front porch will require a one-step concrete staircase to safely access the porch from the ground. The back porch will require a two-step concrete staircase to safely access the porch from the ground.

A. The sidewalks will be 3 1/2 feet wide with the front walk being 15 ½ feet long and back sidewalk being 6 feet long. The labor for the sidewalks will require hand excavation, building molds for poured sections of walk, spreading aggregate and hand pouring concrete. Labor is estimated at 24

hours at \$30 per hour = \$720. The cost of materials is calculated as follows;
1 cubic yard of concrete @ \$180 = \$180, 3 cubic yards of gravel/stone @
\$70 = \$210, 12 2x4x8 @ \$3.98 = \$48, and 3 4x8 concrete reinforcing wire
mesh panel @ \$15 = \$45. Total cost for sidewalks = \$1203.00

B. There are two staircases, each set attaching to a porch, that will be poured
on site by subcontractor after building form and preparing site. Each step will
be 7 inches high and 11 inches wide. Labor is estimated at 20 hours at \$30
per hour = \$600. The cost of materials is calculated as follows; 1.5 cubic
yards of concrete @ \$180 = \$270, 3 cubic yards of gravel/stone @ \$70 =
\$210, 6 2x4x8 @ \$3.98 = \$24, 2 4 ft x 8 ft pieces of plywood @ \$26 = \$52, 1
roll of 6 in aluminum flashing at \$18.00 per roll = \$18, and 2 4x8 concrete
rebar wire panel @\$25 = \$50. Total cost of steps = \$1224.00.

4. Three-sided privacy fence (\$4,757.00) - A 6 ft privacy fence is required on three
sides of property surrounding the driveway and parking lot, per site
plan/landscape plan accepted by LFUCG. All labor for fence will be completed by
volunteers. The following materials are needed for construction of privacy fence
on three sides of the lot; 38 4x4x12 treated wood posts @ \$19.00 = \$722, 72
bags of 50lb concrete @ \$4 = \$288, 38 fence panels @ \$85 = \$3,230, 4 tons of
gravel @ \$75 = \$300, 4 5 lb 3" wood screws @ \$54.32 = \$217. Total cost of
privacy fence = \$4,757.00.
