Agency: Repairers Lexington (Repairers) —**MOVED TO Mission Lexington January 2015**

Program Name: Faith Pharmacy

LFUCG Partner Agency Program Funding: \$5,350

Program Summary: Faith Pharmacy is a state-licensed pharmacy providing free-medications to persons who are uninsured or under-insured. It is located in the East Seventh Street Community Center on the northeast side of Lexington. MSPC owns and operates the building, and generously donates the space, utilities and maintenance rent free. Patients are referred to Faith Pharmacy by various community organizations, such as the Health Department, Salvation Army, Hope Center, Community Action Council, Christians in Community Service, Catholic Social Service Bureau, Nathaniel United Methodist Mission, Central Baptist Hospital, the University of Kentucky and others. Each Saturday morning 15-50 patients are waiting at 8:30AM for patient check in. Along with a referral from a social services agency, patients complete a questionnaire and volunteers then take the prescriptions and update the patient's file with the medication they are seeking from the pharmacy's formulary. By 9:00 AM the pharmacy is in full operation with 2 to 3 volunteer pharmacists and 3 to 4 pharmacy students. The pharmacists counsel the patients and attempts are made to enroll them in Patient Assistance Programs. Church members, social workers and local physicians also volunteer their time to this humanitarian effort.

The mission of Repairers is to combat the negative effects of poverty by filling individual, family, and community needs unmet by available social programs. The specific goal of Faith Pharmacy is to provide necessary medications to indigent patients, provide pharmaceutical care by way of counseling and monitoring of disease states, and enroll eligible patients in PAPs.

Long-Term Program Goals: The goal of Faith Pharmacy is to provide free prescription medicine to those who cannot afford it, resulting in more Central Kentuckians actually taking their medicine and maintaining their health. The specific objective of this grant is to assist Faith Pharmacy in paying for both generic and name brand pharmaceutical drugs for its patients.

ACTIVITIES	OUTPUTS	OUTCOMES
filling prescriptions for up to 3 months	3500 prescriptions filled for 400 patients	Patients take their prescribed medications
enrollment in PAP's where patients will obtain the prescribed medications after 3 months	PAP administrators will conduct at least 7 interviews per week	Patients obtain prescribed medications through PAP's
pharmacists counsel patients	Pharmacists will counsel at least 7 patients per week	Medical problems and trips to the hospital/doctor/ emergency room will decrease among Faith Pharmacy Patients because they are taking their medications

INDICATOR	MEASUREMENT TOOL/APPROACH	SAMPLING STRATEGY & SIZE	FREQUENCY & SCHEDULE OF DATA COLLECTION

Agency: Repairers Lexington (Repairers)

Program Name: East 7th Street Center

LFUCG Partner Agency Program Funding: \$5,350

Program Summary: The East 7th Street Center provides several direct services for approximately 100 socio-economically disadvantaged youth in census tract 3 of Lexington, Kentucky each year, including Kids' Café, educational enrichment activities, computer access, tutoring and field trips.

Kids' Café provides free meals to youth (ages 3-17), Monday - Friday, 3-5:30pm. By providing a nutritious meal, Kids' Café helps to relieve the pressure on parents & guardians to feed their children on limited funds. In addition, by providing a safe and nurturing place for youth to socialize, supervised by caring adult volunteers, Kids' Café prevents these young people from engaging in risky behaviors they may otherwise participate in at a less supervised location.

Long-Term Program Goals: The long-term goal of the program is directly stated in the mission statement of the agency: to combat the negative effects of poverty by providing direct social services and opportunity for substantial and lasting improvement in client quality of life. The goal of Kids' Café is to relieve the pressure on parents & guardians to feed their children on limited funds and to prevent the young people of Census Tract 3 from engaging in risky behaviors they may otherwise participate in at a less supervised location. The goal of the enrichment activities is to help participants develop self-expression, encourage them to take on new challenges and give them an opportunity to develop healthy friendships. The goal of the tutoring program is to motivate children to learn and to foster academic skills needed to improve academic performance, thus giving them the confidence needed to succeed in school and life.

ACTIVITIES	OUTPUTS	OUTCOMES
educational enrichment activities	Minimum of 50 new educational enrichment activities will be completed by a minimum of 20 Census Tract 3 resident youth	Census Tract 3 youth develop greater confidence in their academic abilities and a greater interest in school, and become better adjusted and happier.
tutoring sessions	Minimum of 10 Census Tract 3 resident students will be enrolled in and minimum of 5 Census Tract 3 resident students will complete at least one school year of tutoring.	Census Tract 3 youth behave better in class, handle conflict more effectively, and cooperate more with authority figures and with their peers.
field trips	Minimum of 10 field trips will be planned and executed for Census Tract 3 youth	Census Tract 3 youth complete more and better-prepared homework.
meals	Minimum of 3000 meals will be served to Census Tract 3	Census Tract 3 Youth participating in the tutoring program meet initial individual (specific) learning objectives set at the initial meeting between student, parent and staff.
computer lab sessions	Minimum of 20 Census Tract 3 youth will utilize computer lab to complete homework assignments	Census Tract 3 Youth participating in the tutoring portion of the Youth Program improve their academic performance.

INDICATOR	MEASUREMENT TOOL/APPROACH	SAMPLING STRATEGY & SIZE	FREQUENCY & SCHEDULE OF DATA COLLECTION
confidence and interest	teacher evaluations	all participants for which we can obtain teacher evaluations	December and May
behavior and cooperation	teacher evaluations	all participants for which we can obtain teacher evaluations	December and May
homework	teacher evaluations	all participants for which we can obtain teacher evaluations	December and May
learning objectives	participant's file, tutor's notes, tests or quizzes	10 most regular tutoring participants	December and May
grades	report cards	10 most regular tutoring participants	December and May
