SUBJECT: Pipeline Relocation Agreement – Columbia Gas
West Hickman Trunks B & C Consent Decree Project

Request

The Division of Water Quality is recommending the execution of an agreement between LFUCG and Columbia Gas for the relocation of an existing 12-inch diameter natural gas pipeline to accommodate the completion of the West Hickman Trunks B & C Project. This agreement contemplates a \$120,311.00 cost to LFUCG for this relocation.

Purpose of Request

The purpose of this request is to execute the necessary documents required by Columbia Gas. The above referenced gas line is in direct conflict with the proposed sanitary sewer improvements and must be relocated in order to complete the Consent Decree project.

Project Cost in FY17 and in Future Budget Years

This agreement contemplates a \$120,311.00 cost to LFUCG for relocating the pipeline but allows for reconciliation of actual costs (more or less than the estimate). There is no impact for future fiscal years.
