This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

- (1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.
- (2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Central Christian Church (DOC) Inc.

SECTION 1

About

Central Christian Church, a 501(c) (3) nonprofit organization, is located at 205 East Short Street in downtown Lexington, Kentucky, has a rich and long history of serving families and children from varied and diverse backgrounds. Central Christian Church is affiliated with the Christian Church (Disciples of Christ) and was founded in 1816. Our campus is spread across four acres (1.62 hectares) it features the sanctuary building, a prayer garden, and our Outreach building serving various social outreach programs and other non for profits.

Central Christian Church, a Founding Disciples of Christ congregation serving in the heart of Lexington, is committed to extending compassion, mercy, and justice to our neighbors through our Outreach Ministries. These outreach initiatives seek to meet the needs of individuals, families, and our community through volunteerism, financial support, partnerships, relationships, and activism.

Central Christian Church is in good standing with the Kentucky Secretary of State and has been awarded the Gold Seal of Transparency with GuideStar. We do not proselytize or promote any religious philosophies with those we serve in our long-standing social outreach programming. As well, we agree to comply with all applicable local, state, and federal laws.

The Watkins Building

The staff and leadership are seeking funds for capital and operational improvements for our facility that serves and supports the many outreach and social programs we

facilitate. The building the church calls, "The Watkins Building", located at 219 E. Short St., was originally build in 1948 as the southeastern headquarters and bus station for Greyhound. The Watkins Building has always been an instrument of vital service in downtown Lexington. Since the church took over ownership of the building in 1973 we have reconfigured the space many times for our use to support various outreach and educational programs; a Clothing Shop, Sunday School classes, Youth Center, Book Shop, Café, Child Development Center, an Adult Day Center and to accommodate our administrative offices. We now house our Thrift Store, a God's Pantry client pick up spot, a homeless outreach program called Helping Hands and have a dedicated space for supporting a local school, William Wells Brown Elementary. Along with our staff offices on the second floor, several other offices are rented to local justice non for profits and to Micah Legal which provides legal services on an income-based fee schedule. And lastly a local AA group meets once a week in one of our rooms and has been doing so since the early 1980's. Currently we are working on a partnership with St. James Place to provide a space for hiring a Social Worker to be on-site five days a week to provide help to all the clients using our outreach programs. This summer we are starting a partnership with Christ Church Cathedral in downtown Lexington to begin our free clothing program called Community Closet. It might be a surprise to hear but the Watkins Building is the most used space on our campus. The number of people who are served, on a monthly basis, is 2,000+, through all the programs and non for profits that share space. Such an important space needs a lot of care. The more a space is used the more maintenance it needs.

The Central Outreach Programs housed in the Watkins Building are listed below:

Helping Hands

Helping Hands is a program that shows respect and love for homeless and others in need every month by distributing donated and purchased personal items (e.g. hotel size toiletries, socks, ChapStick, dental items, deodorant, bus tickets and much more).

These items are donated by members of our church and/or purchased by donations and funding from the church. The numbers of those we serve grow monthly but currently range from 120 to 140 per month. Items are distributed from 10 am to 12 pm on Monday and Wednesday of the first and third full week of every month in the McCullough Room of the Watkins Building. The program was started in the mid 2000's.

The Thrift Shop

The Thrift Shop has been open for more than 30 years. The shop offers inexpensive and high-quality second-hand clothing. The prices are low so that the Lexington community can find good quality clothing for less than \$5.00. All the funds raised through items purchased go back into the outreach programs Central Christian Church supports. The Thrift Shop is open 5 days a week, noon to 3 pm, on the first floor of the Watkins Building.

God's Pantry

In 2004 we partnered with God's Pantry to be the downtown location for food distribution to those in need, Monday-Friday. Since our partnership, we have continued to serve, even through these last two years of the pandemic, an average of 60 to 70 families per day. Central is undoubtedly committed to partnering with God's Pantry for the foreseeable future.

William Wells Brown Elementary School Relationship

In 2017 the church set out to help a school in our neighborhood. A need was determined for us to support WWB school by the superintendent 's office because 90% of the children are on a free lunch and breakfast program. The church has been in partnership with the school through many programs.

We have a room in our Watkins building that provides the space for this program where we sort, pack, and process all the donations and services we provide to WWB. Through Feeding America, we pack 120 weekend snack bags every week with 9 items in each bag. Also, during the summer, we provide food for a four-week food program which is 60 bags per week. This past year the church raised \$12,000 to support both food programs. Every winter the church donates pajamas and socks for every child in the school, serving 320 children each year, on average.

Every Fall we partner with the school to help the teachers with school supplies. Each year Central Christian Church provides approximately \$7,000 worth of supplies. At the same time, we sponsor the fall orientation food for the children and parents. A new program we have been able to provide in the last year has been hygiene kits for the older students at a cost for supplies at \$700. Lastly, we have partnered with WWB through the 21st Century Federal Afterschool Program to help create a garden project on the property. In 2018 Central was awarded the Golden Apple awarded from the school system to celebrate all our support of the children and parents of William Wells Brown. These are OUR kids!!

Community Closet

Central and Christ Church Cathedral are starting a partnership in July 2022 to provide free clothing to the community. It will be a program that is open every Saturday from 10am to 12pm, fully staffed by volunteers. Central will be the host for the program providing the space needed to let clients select the items they need. The goal is to serve 30 to 50 families per week. This is yet another new program that will be housed in The Watkins Building, so new updates and repairs to this space are well needed and will add value for decades to come.

Organization Partners We Support with the Watkins Building:

Micah Legal is a nonprofit, sliding-scale law office, providing high quality civil legal services to Lexingtonians who cannot afford to hire a market rate attorney. Located inside the Watkins Building since it was founded, Micah Legal serves individuals and families with incomes up to 400% of the Federal Poverty Guidelines. Half of the clientele of Micah Legal are living with incomes at or below the poverty line and have been turned away from Legal Aid.

The mission of Micah Legal is to increase access to justice for low-income Lexingtonians, and they have been doing so for over five years. Micah Legal has three full-time attorneys and one part-time attorney who provide affordable services in the areas of family law (70%), estate planning (20%), and expungements (10%). Among the family law clients of Micah Legal, a third or more are survivors of domestic violence who have been referred through their partnerships with The Nest and GreenHouse17. Micah Legal works in close partnership with other local nonprofits to meet the legal needs of their shared clients, as well; organizations including: Bluegrass

Care Navigators, St. James Place, The Fatherhood Initiative, and more. In an average month, Micah Legal serves 200 or more clients out of the Watkins Building.

Korean Methodist Christian Church

The Korean Methodist Christian Church rents our small chapel for their worship service and bible study. On Sunday's we provide a room in the Watkins Building so they can share a meal together. We have partnered with them since 2010.

SECTION 2

Demonstrated Need

The poverty rate in Lexington-Fayette is 15.8%, as stated on www.worldpopulationsreview.com. In the last year, 56,039 of 301,778 Lexington-Fayette residents reported income levels below the poverty line. Downtown Lexington where Central Christian Church is located, has one of the highest poverty rates of the city. The zip code of 40507, where Central Christian Church is located, has the second highest rates in Lexington with a 19.10%. The Lexington zip code of 40508 has the highest poverty rate of all zip codes in Lexington at 31.21%. The lowest poverty rate is found in zip code 40514 at 1.36%. Source: 2020 <https://www.welfareinfo.org/poverty-rate/kentucky/lexington>

A Lexington social worker and Executive Director for the East End Development Corporation, Billie Mallory, asked the Urban County Council to do something about what she says is an increasing homeless population in the East end. "I'm not against the homeless, I'm a social worker, and I've worked with the homeless about 15 years. But this is different, this is a different kind of homeless" said Mallory. Billie Mallory says her concerns are with people at Third Street and Martin Luther King corner and Third Street

and Elm Tree corner. Source: Lexington Herald Leader, June 16, 2021. Central Christian Church is the anchor in this neighborhood. We see and know that our vulnerable neighbors need care and support. We are absolutely committed to helping our city address the lives impacted by homelessness.

As presented in the history and vitality of the Watkins Building, one can identify how important the facility has been historically, as well as currently, in providing services to low-income, and at times, highly fragile individuals and families. Families we serve are vulnerable and suffer as a result. To better serve them, we must have a safe, solid building structure for many decades to come. Our building is in dire need for repairs, restoration, and renovation. We know that once this building is made safer with improved accessibility, working HVAC, new elevator, new windows, a better security system, among many other capital improvements, we will be better able to serve even more individuals in need of our services. With better facilities, we will be in the position to grow partnerships, relationships, and friendships that will ultimately impact better outcomes for individuals, families and children for decades to come.

SECTION 3

Applicant Capacity for Project and Meeting ARPA Requirements

The Watkins Building is in dire need of capital improvements so that we can continue this vital work on behalf of vulnerable individuals, families, and children. We are wholeheartedly committed to improving outcomes for those we serve. A refreshed, repaired, and renovated Watkins Building will ensure that our commitment will be manifested. At Central Christian Church we fully understand the expectations, rules, and policies of the

American Rescue Plan Act. We have the internal capacity to seek proper bids, choose the best one, prioritize projects, and provide proper oversight in the whole process as evidenced by our long and successful history of facility project management.

Central Christian Church has a long history of managing a large campus of buildings, their upkeep, a very large parking lot, and the programming that inhabits this extensive campus. Lexington with the amazing help from the ARPA funds. Through our Board of Directors and SR Staff all projects will be managed and have detailed oversight, as with all current daily manage of our campus already has. We believe we have the tenacity, the skill sets, the expertise, and the love to make sure our projects are well managed to bring hope to those in downtown Lexington.

We have secured the bids for a majority (approximately 80%) of our proposed capital and operational needs for The Watkins Building stated in this document. Once we are notified of our success in achieving the contract with LFUCG, we are ready to set forth in getting our vendors ready to begin within thirty days! This is a distinct and real advantage in our proposal. These bid documents are available upon request.

We are committed to following all local, state, and federal rules and guidelines and are fully aware of the expectations of the ARPA federal grant funds. We are open to all support and technical assistance from LFUCG, the federal government, and will provide all reports and documents needed. Our financials are audited yearly by a local CPA firm and organized in a way that will allow us to keep all ARPA projects separated. We are committed to a diverse work force, hoping to provide contracts for work done to minority-owned businesses. Social justice is one of the most important tenants of Central Christian Church. It is one we take seriously as witnessed in our social

programming. We do not proselytize, nor do we promote any religious philosophies to the individuals we serve. We only wish to provide quality and meaningful services to our community of downtown Lexington as part of our mission.

She and her husband own a restaurant in downtown Lexington, Sawyer's Downtown Bar & Grill.

Gary McCracken, Facility Coordinator

Email: gary@centralchristianlex.org

Gary joined the church staff team in December of 2020. Gary's experience in construction, project management and safety and security knowledge are invaluable to the Church and our staff. He has five years' experience as a project manager in construction and renovation, thirty-five plus years in residential construction with various commercial experience, twenty-one years as owner/operator of his own renovation/construction company, twenty years in training/teaching while in the Fire Service, and twenty plus years' experience in providing building inspections for FHA/HUD/State.

All of the Outreach Programs of Central Christian Church also have a volunteer manager, who is a member of our church. Each manager reports to the staff on a weekly basis through our staff meetings. Many members of our church are committed to the outreach programming of Central through their volunteer work. As well, many of our most committed volunteers are members of our community, but do not belong to our congregation. Having a variety and diversity of volunteers makes for a rich partnership in serving our community. All volunteers are carefully vetted, trained in child protection, family safety, cultural competence, diversity, and inclusion. Our volunteers are vital to the success of our programming.

SECTION 4

Operational Feasibility

With the number and variety of capital and operational needs projected in this proposal

for the Watkins Building, determining a timeline has a few challenges. There must be an order that is organic and makes sense. Once the grant has been awarded, we will first address the most imminent needs to be completed while other projects can be completed concurrently such as a new fire alarm system, new elevator, windows, HVAC system, porch roof, the construction of the new offices in the interior, and lastly the technology system work. We will work with the contractors in establishing realistic timelines with our prioritized list of projects. We understand timelines and deadlines as we have a proven track record of accountability in completing all of our previous capital projects, including our 2010 church building renovation. Central Christian Church does have an experienced, strong Leadership in our Property Committee that works closely with our staff and contracted vendors. One big advantage is that we have already attained approximately 80% of our project bids. Having those in place ensures that we can begin within thirty days of receiving the award!

In the unlikely chance that funding runs short for any of the proposed capital projects, Central Christian Church will jump in and ask our congregants to step up with some special giving for The Watkins Building. We are also prepared to research other grant opportunities for The Watkins Building. The Watkins Building has all the hope and promise to bring our mission of service to fruition for decades to come. We must be good stewards of the building that has been so supported by the United States' taxpayers if we are to be awarded this grant. We take this opportunity seriously and mindfully as we go forward.

We do have a good number of qualified staff to carry out the goals and timelines of the project (please see the brief bios in Section 3). We strongly feel our church has the

expertise and proven track record of managing large and complex capital improvement projects. We feel quite comfortable in managing it in its totality with completion in April of 2024.

SECTION 5

Watkins Building Capital Projects

As presented in the history and vitality of the Watkins Building, one can identify how important the facility has been historically as well as currently in providing services to low-income, at times, fragile individuals, and families. Families we serve are vulnerable and suffer as a result. To better serve them, we must have a safe, solid building structure for many decades to come. This building is in dire need for repairs, restoration, and renovations. We know that once this building is made safer with improved accessibility, working HVAC, new elevator, new windows, a better security system, among many other operational and facility improvements, we will be better able to serve even more individuals in need of our services. Central Christian Church is the cornerstone for downtown Lexington, offering vital outreach programs that create a safe place for our community of neighbors. With better facilities, we will be in the position to grow partnerships, relationships, and friendships that will ultimately impact better outcomes for individuals, families and children.

Operational Investments (1 project)

Elevator Replacement-Our current elevator is no longer repairable due to age and vendor unable to find parts, it dates from 2008. Currently the elevator is out of service and all client's/church members/guests must call the office or non for profit to set up

meetings on the first floor. The cost is very expensive for the church, but the need is great for people to access our second floor. **DC Elevator \$55,200**

Fire Alarm System Replacement-Current system is more than 30 years old. All parts of the system can no longer be upgraded. The Church will have to make the choice to replace the whole system at some point. It would be a very big expense for the us, but not one we can forgo any longer. **New Tech and Elliott Electrical \$147,000**

Computer System Upgrades: To create an optimal working space for our volunteers, staff and clients, a new **WiFi segregated system** must be available for first floor. **Other system upgrades** include replacing our server, which is 10 years old, with a new system and other access upgrades.

Safety for our clients and our staff is of high priority for the Watkins Building. We need to upgrade our security system with an **increased number of cameras. An Additional Keypad System** installed will add to the security of the Watkins Building. **All computer upgrades and safety projects total \$46,054.**

Facility Improvements (4 projects)

1. Exterior of Watkins Building

Porch Roof replacement \$36,000. We have much to do on repairing our porch, which has seen the deterioration of our columns over the last month. The only bid we have thus far is the roof replacement. We currently do not know the other costs associated with repairing our porch, nor do we know to the full extent what the insurance company will be covering on this project.

~~Window replacement~~ is vitally necessary. Windows date from the 1980's, some are original to 1948, most cannot open, most are without screens now, water is able to penetrate the building, the molding around the windows is rotting out. Good windows are crucial for a well-maintained, energy-efficient and safe building. **Bid Marsh Building \$121,000**

~~Outside Door Replacements~~ Over the last several years we have been able to replace a few outside doors on the building. We have four left that we would like to replace. The age of the doors varies from 15 years to 30 years old. **Current estimate/quote is \$5,400**

~~Painting of exterior of The Watkins Building~~ We have no date as to when the building was last painted. A painting of whole outside of building is needed once the windows and doors are replaced. **Current quote is \$17,000**

~~Signage~~ Signage has always been an issue for us because we have so many entrances. Now that we rent space to other nonprofits on our second floor it is more important to direct their clients to their offices. Our vision for the future growth of organizations and resources in this building makes better signage that much more important. Having three to four social programs going on daily, directing people has been very difficult because we need to have more professional signs made for us. **Current estimate from all vendors totals \$37,880** for install of one large digital sign for our property.

2. Interior of Watkins Building

~~Lighting Replacement~~ This is needed for the whole building. We are what is called a Green Chalice Church for our denomination, which means that we take steps to change

our old technology when we can to newer green options. The lighting in the building needs to be upgraded. **Bid: All Phase Lighting \$9,700**

Ceiling Tile Replacement—We have in-house employees that can handle this type of remodel. The estimate for the material is **\$1,000**

Painting and Carpet—We intend to update all the carpet on the first floor in three rooms and paint those rooms. (Helping Hands, WWB and a processing donations room) **The estimated costs are \$16,710**

Water Fountain replacement—Our fountain is very important for our clients and the downtown area. We would like to install a bottle accessible fountain. The cost is estimated at **\$1,400**

As part of the renovations for first floor, **Signage** is necessary. **This estimate is \$2,200**

3. Partnership Improvements

Shalom Room renovation/remodel on First Floor—The Church is partnering with St James Place through a grant to house a Social Worker. An office on the first floor needs to be created for the person to meet with clients. Tasks to be completed are; construction of the space, furniture, painting, some electrical additions, and moving HVAC ducting. **Total estimates for this project are \$15,000**

Second floor shared office space remodel

Remodeling for Rooms—Creating another office for rental space for a non-for-profit group will help with on-going costs with the building as well as build partnership among human service agencies. We envision the Watkins Building as a hub for providing resources, shared programming, a sort of a “one-stop-shop” to better serve our vulnerable neighbors. We see the potential for an active, welcoming space for people to access food,

support, and meaningful friendships in this newly renovated space. The following is need for remodeling, carpet, painting, construction, furniture and fixtures. **Total estimated for this project is \$58,725**

4. HVAC System

The current HVAC system chiller was replaced in 2018, but the replacement of each of the fan coil units in the building was put on hold due to funding. Many if not all the units date to the 1970's. Each year we work on a few at a time, but it is costing more to maintain what we have than to purchase new units. Some of the units simply do not work due to the unavailable parts it would take to fix the unit. Those areas of the building are simply warmer than others. **The fan coil units** must be replaced to make the Watkins Building safe, viable, and able to serve the numbers of people we serve currently and will in the future. These new units will save money in the future due to it being energy efficient. It is a good use of funds on this project. **Fan Coil Unit / Thermostat Replacement** is currently estimated at a cost replacement of **\$71,500 Hubbard Mechanical**.

Closing

As one can see, this grant proposal showing the need for operational investments and facility improvements is varied and complex. Central Christian Church believes we have the expertise, motivation, and tenacity to make these changes come to fruition by April, 2024. We see our outreach programming as dynamic, shifting, and evolving to meet the everchanging needs within our community. Making the Watkins Building live up to its potential with the ARPA funds will guarantee the promise we at Central Christian Church hold so dear.
