SUBJECT: Request approval of Ecological Services Contract Agreement with Advanced Mulching Technologies, Inc. DBA EcoGro for Post-Construction Monitoring, Reporting, and Maintenance of the Coldstream Park Stream Corridor Restoration and Preservation Project

**Request**

The approval of an Ecological Services Contract Agreement with Advanced Mulching Technologies, Inc. DBA EcoGro for the post-construction monitoring, reporting, and maintenance of the Consent Decree Supplemental Environmental Project (SEP) completed at Coldstream Park. Advanced Mulching Technologies, Inc. DBA EcoGro was one of two respondents and they were the lowest cost submitter.

**Why are you requesting?**

In order to construct The Coldstream Park Stream Corridor Restoration and Preservation SEP, LFUCG had to obtain a Water Quality Certification (WQC) from the Kentucky Division of Water. A condition of the WQC requires a minimum of five years of post-construction monitoring and reporting to ensure the project is achieving the success criteria that were selected for this project.

**What is the cost in this budget year and future budget years?**

The cost for FY19 is \$54,312.00. The cost for FY20 - FY22 is \$39,060 per year and the cost for FY23 is \$51,972.

**Are the funds budgeted?**

BA 9981 is in process to cover the cost for FY19 and if approved will be available here:
