## EXHIBIT A

### TENANT BASED RENTAL ASSISTANCE (TBRA)

#### Introduction

The Lexington Fayette Urban County Government's (LFUCG) HOME-funded Tenant-Based Rental Assistance (TBRA) program provides rental assistance to low-income individuals who are homeless or near homeless and/or members of a special needs population. The program is part of the local government's strategy to provide housing and supportive services to low-income members of homeless or near homeless and special needs populations.

The program is funded with HOME Investment Partnership funds awarded annually to the local government as an entitlement community by the U.S. Department of Housing and Urban Development (HUD). *As such, all activities must comply with applicable HOME regulations, which are found in 24 CFR Part 92.*

The local government's HOME-funded TBRA is a tool that agencies can use to assist members of homeless or near homeless and/or special needs populations to obtain stable, safe, decent and affordable housing. Targeting members of the populations they already serve, agencies may use the funds to complement services they currently provide. With the knowledge that housing by itself is ineffective in improving disabling conditions of many homeless and very low income households, agencies may design a program that links existing services to the TBRA program. Through the required use of individual housing service plans, agencies can help link rental assistance to supportive services that help program participants cope with their disabilities and improve their economic circumstances.

The LFUCG's HOME-funded TBRA program relies on non-profit agencies selected through the Consolidated Plan application process to administer the program. Each agency designs its TBRA program to assist eligible members of the homeless or near homeless and/or special needs population they serve on a daily basis. Each must demonstrate their experience with the population they propose to help and develop a program within the guidelines provided by the local government for the TBRA program. Once approved by the local government, the agencies act as program sponsors identifying eligible program participants and helping them lease housing. The agency determines the eligibility of all applicants for assistance, assesses their housing service needs and helps them draw up individual housing service plans while continuing to provide on-going services required to maintain their housing stability and improve their economic condition. The agency administers most other aspects of the rental assistance program including helping tenants enter into leases, paying deposits and the eligible portion of monthly rent and utility costs. Additionally, the agency ensures the program participants pay their portion of the rent and utilities and comply with their housing service plan. Each agency will help program participants maintain suitable housing to improve the effects of their disabling condition and to prevent their homelessness.

#### PROGRAM DESIGN

##### *Eligible Participants:*

- The Project Sponsor will serve persons who are homeless or near homeless, and/or persons with special needs including persons with a disability, which may be mental, emotional, physical or developmental; victims of domestic violence, and persons with HIV/AIDS; and

- The Lexington Fayette Urban County Government will ensure that all units meet the lead-based paint requirements as required by 24 CFR Part 35 prior to initial occupancy.

*Occupancy Standards:*

- The Project Sponsor will calculate eligible occupancy at 2 persons per living/sleeping area. The basic standard can be modified to take into consideration specific household composition and circumstances.
