2096/B01[1]

1 2096 B01 IBM System z9 Business Class

4 2096 GB1 IBM 2096 Memory - 1st 2096

Provides 1 GB of processor memory on the first 2096.

2 MAINFRAME VM VM Guest Selection (No cost)

7 DSDISK1 FCFN IBM Disk System

Includes: 250 GBs of RAID protected Tier 1 IBM disk, with PTC, PAV, HPAV authorization and Fibre Channel and FICON host connectivity

4 3592-FCON E05 IBM TS1120 Tape Drive - E05

Includes: One 3592 E05 tape drive on a 3592 J70 or 3592 C06 controller with one FICON port per two drives, and Encryption feature.

8 3270 PC PC with 3270 emulation

Personal Computer configuration including a Fast Ethernet port, Windows, and TN3270E 3270 terminal emulation software.

Prerequisite: 9074 Ethernet port with IBM assigned TCP/IP address.

1 9074 005 Non-SNA 3270 Controller

Includes: 2 FICON ports and 3 Ethernet ports

Prerequisite: A "3270 PC" solution is required for local non-SNA support. Support for any other PC connection requires a "REMCONS PKG1" solution.

2 2096OE2 1000 2096 OSA-Express2 1000BASE-T

Includes: One 2096 OSA-Express2 1000BASE-T Ethernet port. Maximum of four 2096OE2 1000 supported per 2096 processor.

Contract Number: CFT63BF.3.1.1

Equipment Configuration

Quantity Or Units	Type	Model	Product Description
----------------------	------	-------	------------------------

SAN Disk

- | | | | |
|-----|----------|------|-------------------------------|
| 1 | NULLCPU | STOR | Enterprise Disk & Tape Storag |
| 200 | SANDISK1 | FC | 250 GBs FC-SAN Disk |
- Includes: 250 GBs of RAID protected Tier 1 disk capacity with Fibre Channel connectivity.

BCRS technicians will manage and configure the connectivity and logical configurations.

Tape Library

- | | | | |
|---|-------|------|-----------------------|
| 1 | 3584I | BASE | IBM 3584 Tape Library |
|---|-------|------|-----------------------|
- Includes 3584-L22 with 16 cartridge I/O station, 199 cartridge capacity, FC connectivity, Advance Library Management System, Encryption Configuration, Control and Data Path Failover.
- | | | | |
|---|-------|-----|---------------------------|
| 2 | 3584I | D22 | IBM 3584-D22 Tape Storage |
|---|-------|-----|---------------------------|
- Includes 1 3584-D22 tape storage to 3584I BASE with 360 cartridge capacity.
Prerequisite: 3584I BASE configuration
- | | | | |
|----|----------|-----|-----------------------|
| 10 | 3584I-FC | E05 | IBM TS1120 Tape Drive |
|----|----------|-----|-----------------------|
- Adds one 3592-E05 Fibre Channel tape drive with encryption feature to 3584I BASE.

Network

- | | | | |
|---|----------|------|---------------------------|
| 1 | INT/ADDR | DHCP | DHCP Service For Internet |
|---|----------|------|---------------------------|
- Includes: - DHCP (Dynamic Host Control Protocol) server configured on the BCRS Internet router providing dynamic IP address assignment of the IBM provided IP address range OR customer provided IP address range
- Requires Internet bandwidth
- Notes: o Private IP addressing is NOT supported!
o Customer provided IP address range requires appropriate IP redirect entry (e.g. INT/MM GNRC)
- | | | | |
|----|--------|-----|------------------------------|
| 10 | INT/MM | IBM | MultiMegabit Internet Access |
|----|--------|-----|------------------------------|
- Includes: - Local access to ISP point of presence from an IBM provided recovery facility.
- Network interface equipment and IP router at the IBM provided recovery facility.
- Wide area network interface and appropriate Ethernet port on IP router.
- 29 registered IP addresses from a shared address pool. For additional addresses subscribe to INT/ADDR XYZ.

Notes:

- Each selection of Qty 1 is equivalent to 1Mb Internet Access
- This Internet solution uses shared resources available to customers at all recovery locations in the U.S. The additional Internet Access terms in your contract apply.
- Available during recovery exercise or outage emergency only.

- 2 LINE 000 Analog Dial Line
- 1 REMCONS PKG1 Hotsite Remote Console Access
 Console infrastructure access
 Support for Serial and GUI Users
 Secure Access/Firewall Front End
- 1 WEBVPN 10 Remote Access SSL WebVPN
 Includes: Remote access to the IBM recovery center via customer web browser.

- 10 UserID's
- Broadband (Internet) gateway with appropriate microcode at IBM recovery center.
- private 192.168.net addresses will be assigned to users.
- IBM design of IP tunneling function between customer end-user device(s) and SSL VPN gateway at IBM recovery center.

NOTES:

- IBM will provide certain configuration parameters including userid and password for use during exercise and outage.
- Customer is responsible for providing Internet Explorer, Mozilla Firefox or Safari web browser on their end user PCs.
- Customer is responsible for providing Internet access for their end users.
- Customer agrees to comply with prerequisites and implement instructions provided.

- 1 CIASA 5540 Cisco Model 5540 ASA
 Includes: Cisco Adaptive Security Appliance 5540 with:
- 2GB DRAM
 - (4) 10/100/1000 Copper Ethernet interfaces
 - (1) 10/100 management FastEthernet interface
 - 5000 VPN peers
 - Adaptive Inspection and Prevention Security Services Module 20 (AIP-SSM-20)(Includes IDS)
 - (2) Virtual Firewall contexts
 - (2) SSL VPN licenses
 - IDS/IPS Capable

- 1 PALOALTO 3050 Palo Alto Networks PA-3050
 Includes: Palo Alto Networks PA-3050 With:
- 4 Gbps Firewall Throughput
 - 2 Gbps Threat Prevention Throughput
 - 500 Mbps IPSEC VPN Throughput
 - (12) 10/100/1000Mbps Ethernet ports
 - (8) SFP Optical Gigabit
 - 2000 GlobalProtect (SSL VPN) Users

Amendment to the IBM Customer Agreement

Attachment for Multivendor Information Technology Recovery Services

Applicable Supplement Number(s): All in U.S.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT ("you") and International Business Machines Corporation ("IBM") agree that the following terms and conditions amend the IBM Customer Agreement Attachment for Multivendor Information Technology Recovery Services, specifically for the above Supplement Number(s) as follows:

1. In Section 2, "IBM Responsibilities", subsection "Product Removal", at the end of the subsection, insert the following new subsection:

Device "End of Life" Notice

You have requested that IBM include one or more Cisco ASA 5510, 5520, 5540, or 5550 devices ("Withdrawn Equipment") in the Configuration IBM provides you. The manufacturer has announced that these devices will no longer be supported after September 30, 2018. If you request IBM provide the devices after September 30, 2018, you acknowledge and agree that:

- a. IBM's ability to provide the Withdrawn Equipment after September 30, 2018 is dependent on the availability of properly functioning equipment;
- b. IBM will use commercially reasonable efforts to procure maintenance coverage for the Withdrawn Equipment, however (a) any maintenance coverage provided will be subject to the availability of parts and necessary skill, (b) may result in changes to the charges, and (c) IBM will not warrant maintenance on devices that are not supported by the manufacturer;
- c. Withdrawn Equipment will not be subject to any performance expectations (including SLAs however stated) nor will IBM be liable for any failure or delay in providing the Services to the extent that such failure is attributable to a failure of the Withdrawn Equipment.

2. In Section 4, "Contract Period", subsection "Termination", after the first and only paragraph, insert the following one new paragraph:

Notwithstanding the preceding paragraph, during the period of 01/01/2016 through 12/31/2018 and on three (3) months' written notice and payment of an adjustment charge, you may terminate any of your Subscriptions before the End Date specified in the then current Supplement for Multivendor Information Technology Recovery Services of such Subscription if you develop or acquire an internal backup solution similar to the Multivendor Information Technology Recovery Services IBM provides you. The adjustment charge will be the sum of the then current Total Monthly Charges of the terminated Supplement(s), multiplied by twenty percent (20%) multiplied by the number of months, full or partial, remaining until the End Date in the terminated Supplement(s).

3. At the end of Section 5 "Charges", insert the following one new subsection:

Guaranteed Monthly Charges

Notwithstanding the foregoing, during the period of 01/01/2014 through 12/31/2018, your Total Monthly Charges will be fixed and firm unless you request changes (additions and/or deletions) to a Configuration, in which case IBM will adjust your Total Monthly Charge, subject to the Minimum Total Monthly Charge of the Subscription for which the change is being requested. Any such adjustment will be based on IBM's then current prices for the adjusted item.

Guaranteed Monthly Charges does not apply to Usage Charges (Initial Recovery Charge, Daily Recovery Charge, Additional Exercise Time Charge, and Cold-Site Daily Charge), Telecommunications Charges (One-Time Charge, Recurring Charge, and Usage Charge), or Temporary Transfer of Configuration Charges (Temporary Transfer of Configuration for Exercise and Temporary Transfer of Configuration for Recovery).

Under Guaranteed Monthly Charges, unless you make changes, IBM may increase the Total Monthly Charge only at Subscription renewal. If IBM intends to exercise this right, IBM will provide you written notice at least three months before the End Date of the current Contract Period.

4. At the end of Section 7 "Other Terms", insert the following one new subsection:

Open Systems Imaging Support - System p NIM/NIM2 Restore

Under this subsection, IBM will use the standard System p save/restore facility and Network Installation Manager ("NIM") procedures to load your System p operating system and to recover "ROOTVG" onto a Configuration that is provided for your use during an Event and that includes a System p machine as part of the Configuration. The provisions of this subsection are applicable whenever: i) "IMAGE NIM" or "IMAGE NIM2" is included in the Configuration, and ii) a corresponding Operating System Restore amendment or Recovery Program Execution Statement of Work is included in a Subscription.

IBM Responsibilities for System p NIM/NIM2 Restore

For each Event, IBM will:

- a. using the standard System p save/restore NIM procedures and the backup images you provide to IBM, load your System p system(s) at the beginning of the Event, using such images; and
- b. turn control of the system over to you at the completion of the restoration.

Your Responsibilities for System p NIM/NIM2 Restore

For each Event, you will:

- a. provide IBM with the required system software at the current level prior to a scheduled Exercise, or as soon as feasible following your declaration of an Outage Emergency;
- b. complete and return worksheets that describe your system environment;
- c. assume control of the operating system and recovery of your other data and/or applications; and
- d. warrant that you have the appropriate licenses and written authorization to use any software you request IBM to load on your behalf. You also warrant that you have received written authorization for IBM to copy such software to the Configuration to which you will have access during an Event. You agree that under no circumstances will IBM be liable for any damages relating to the license agreements between you and your software providers. You agree to indemnify IBM against any third party claims arising from IBM's performance of System p NIM/NIM2 Restore.

If there is a conflict between the terms and conditions of this Amendment and those of 1) the IBM Customer Agreement, 2) the IBM Customer Agreement Attachment for Multivendor Information Technology Recovery Services, or its 3) Supplement(s) and any Addendum(a) and Statement(s) of Work, those of this Amendment prevail. Except as modified by this Amendment the terms and conditions of such Amendment, Attachment, and Supplement(s) and Addendum(a) and Statement(s) of Work for Multivendor Information Technology Recovery Services remain in full force and effect.

Each party acknowledges that it has read this Amendment and any attached Addenda, Supplements, and Statements of Work, understands them, and agrees to be bound by their terms and conditions. Further, both parties agree that the complete agreement between the parties about Multivendor Information Technology Recovery Services will consist of 1) this Amendment including any Addendum(a), Supplement(s), and Statement(s) of Work, and 2) the IBM Customer Agreement, 3) the IBM Customer Agreement Attachment for Multivendor Information Technology Recovery Services and 4) its Supplement for Multivendor Information Technology Recovery Services, and other Supplement(s), Addendum(a) and Statement(s) of Work, if any. This statement of the agreement supersedes all proposals or other prior agreements, oral or written, and all other communications between the parties relating to the subject.
