### **Kentucky Department of Education Additional Food Component Recommendations**

The State Agency has adopted more stringent guidelines for the adult meal pattern. The meal pattern has been revised to more closely reflect the Dietary Guidelines for Americans. Adult day care sponsors must ensure quality meals are served to adults and that nutrition education is encouraged. When planning menus, the following requirements must be met:

#### **Milk**

- The fat content of milk for adults must be 1%, fat-free (skim) or flavored fat-free (skim). A medical referral form must be on file for those requiring 2%, whole milk or flavored whole milk.

#### **Vegetable or fruit or juice**

- Vegetable or fruit juice must be full-strength, pasteurized and 100% juice. Unless orange or grapefruit juice, it must also be fortified with 100% or more of Vitamin C.
- Fruit juice must not be served more than once a day, including snack.
- A fruit and vegetable or two vegetables must be served at lunch and/or supper. Two fruits may not be served.

#### **Whole Grains**

- Whole grains must be served at least once daily. To be considered a whole grain, the first grain ingredient must be whole grain, not enriched.
- Prepackaged grain/bread products must have whole grains, enriched flour or meal as the first ingredient listed on the package.
- Only ready-to-eat breakfast cereals containing no more than 6 grams of sugar or less per dry ounce (no more than 21 grams sucrose and other sugars per 100 grams of dry cereal) may be served.
- At least one serving per day, across all eating occasions, must be whole grain-rich.
- Grain-based desserts (e.g. cookies, donuts, granola bars, etc.) do not count towards the grain requirement.

#### **Meat/meat alternate**

- Commercially processed combination foods (convenience entrees – frozen or canned) must have a CN label or product fact sheet from the manufacturer stating the food component contribution to the meal pattern.
- A serving of cooked dry beans or peas may count as a vegetable or as a meat alternate, but not as both components in the same meal. Less than 1/8 cup of vegetables and fruits may not be counted to meet the vegetable/fruit.
- Yogurt must not contain more than 23 grams of total sugars per 6 ounces.
- At breakfast, meat/meat alternates may be used to meet the entire grains requirement a maximum of three times a week. One ounce of meat/meat alternate is equal to one ounce equivalent of grains (one serving).

**Please note that donated foods cannot be used to contribute to the meal pattern requirements for catered meals!!\***
