KPDES No.: KY0021504 & KY0021491

Dear Mr. Lamey:

The Division of Water (Division) has reviewed the re-evaluation of your pretreatment program's local limits for Lexington-Fayette Urban County Government (LFUCG) received on February 26, 2016. On May 6, 2016, the Division issued a conditional approval letter, and on May 10, 2016, public notice of the program modification was published in the *Lexington Herald Leader*. Comments by Cintas, in response to the public notice, were received on June 7, 2016. LFUCG submitted revisions to the original re-evaluation to address the comments. The proposed limits and the Division's review will provide adequate protection of water quality, wastewater treatment plant operations, and sludge quality for the West Hickman WWTP and the Town Branch WWTP as defined in 401 KAR 45:100.
