The shelter shall have a sufficient amount of clean organic bedding material, e.g., straw, hay or wood shavings, to keep the dog warm and dry. For all other animals, "adequate shelter" means an appropriate structure that provides the animal adequate protection and shelter, as determined by the animal's species, from heat and cold and from the direct effect of wind, rain and snow.

(4) Adequate water means constant access to a supply of clean, fresh, drinkable water, unless restricted by a veterinarian, which is provided in a sanitary manner.

(5) Veterinary care means an appropriate level of professional medical care and treatment by a licensed veterinarian to maintain the proper health and condition of an animal as determined by its species, breed and age.

(4) For any person to permit the accumulation of animal excrement on property he or she owns or leases so as to cause unsightly litter or fouling of the air by odor, thereby creating an unreasonable annoyance or discomfort to neighbors or others in close proximity to the premises where the animal is kept or harbored.

(4~~5~~) For the owner or harbinger of a dog to use a collar or harness made of wire, flat chain, chain with sharp edges, or chain with rusty or non-uniform links.
