**RECOMMENDATION OF THE**  
**URBAN COUNTY PLANNING COMMISSION**  
**OF LEXINGTON-FAYETTE COUNTY, KENTUCKY**

**IN RE: ZOTA 2012-8: AMENDMENT TO ARTICLE 2 FOR GIS-BASED ZONING MAP ATLAS** – petition for a Zoning Ordinance text amendment to change the zoning atlas from the historical series of 81 maps, to use a system that would allow the LFUCG GIS system to serve as the official zoning map for the community.

Having considered the above matter on **June 28, 2012**, at a Public Hearing and having voted **10-0** that this Recommendation be submitted to the Lexington-Fayette Urban County Council, the Urban County Planning Commission does hereby recommend **APPROVAL**, for the following reason:

1. This is a timely and appropriate amendment to Article 2 of the Zoning Ordinance in order to make the official zoning map atlas a part of the government's digital geographic information system (GIS), rather than a series of 81 black and white, static maps. This text amendment will make it easier and more efficient to update the official zoning map, because the information is held in one location and shared digitally, rather than the historical practice of updating multiple hard copy maps in different divisions throughout the government.

**ATTEST:** This 1<sup>st</sup> day of August, 2012.
