- (c) Based on duties assigned to each position under subsection (a) herein, the job descriptions shall contain examples of the duties employees holding such positions may properly be required to perform. Such examples are descriptive and explanatory but are not restrictive. The listing of particular duties does not preclude the assignment of other tasks.

- (f) After examinations have been scored, a list of qualified eligible applicants in order of their earned rating will be compiled from those who have achieved passing scores. After compilation of the eligible list, it shall be submitted to the commission for approval. If the commission approves the same, the list shall be officially certified to the appointing authority. The director may provide for further, substantially identical examinations, given on the same basis as the original examination, to supplement a list so compiled. The results of each such subsequent examination shall be consolidated, upon approval of the commission, with the results of the prior examinations to provide an eligible list from among all of those who have taken such several examinations.
- (g) In case of a vacancy in the classified civil service where peculiar and exceptional qualifications of a particular professional or educational character are required, upon satisfactory evidence of reasons stated in writing by the appointing authority, the director may suspend the provisions requiring competitive examination under classified civil service.
- (h) The graded test paper of each person examined shall be available for the individual's own inspection in the division of human resources during business hours for a ten-day period, exclusive of Saturday, Sunday and holidays, following the posting of the list. A manifest error in the grading of any examination paper, if called to the attention of the director within this ten-day period, shall be corrected if certification has not occurred within this period, or if after certification, the director shall call the error to the attention of the commission.

Section 9 – That Section 21-11 of the Code of Ordinances be and hereby is amended to read as follows:

- (b) Seniority shall be given material consideration in filling a vacancy in the classified civil service of the urban county government as follows:
 - (1) One (1) year for each complete year served in good standing in the level or rank nearest the level or rank in which the vacancy exists up to a maximum of ten (10) years, and one (1) year for each complete year served in good standing in the division in which the vacancy exists, exclusive of "acting service time" or temporary appointment, up to a maximum of ten (10) years, shall be added to the evaluation/examination score of any present employee who applies for a classified civil service position; and the resulting number of points shall be added to the applicant's examination score.
 - (2) Seniority shall be measured from the date of entrance into classified civil service employment, but it shall not be earned during any leave of absence without pay or absence without leave. All seniority credit shall be extinguished upon dismissal

or upon acceptance of resignation.

- (3) Classified civil service employees in the division of community corrections, who were employees of the jailer prior to the consolidation of the offices of jailer and sheriff on January 3, 1994, shall be eligible to receive seniority credit as described in this subsection (b) for all years served as employees of the jailer; however, such seniority shall only be credited when these employees compete for positions within the division of community corrections.
- (c) In no case shall the application of the seniority or military preference consideration contained in this section operate to raise an applicant's unadjusted evaluation score if such score is below the minimum score set for qualification for appointment to the position for which application is made.

Section 10 – That Section 21-12 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 21-12. Eligibility lists.

- (a) The commission shall, as soon after examination as is practicable, certify to the appointing authority a list of the applicants so examined, with the one having the highest average ranked first and all others ranked numerically according to the results of the examination.
- (b) The director shall maintain an eligible list of all applicants who meet the minimum qualifications for each position to be filled.
- (c) The eligible list shall remain in existence for the time limit established by the director. In no case, however, may a list remain in effect beyond one (1) year from the time of the first interview from the list or beyond two (2) years from the time of certification. The eligible list shall be in effect from the date it is certified by the commission.
- (d) The name of an applicant shall be removed from the eligible list if the applicant has been certified by the commission from an eligible list more than five (5) times to the same division for the same or similar positions; however, certification for temporary appointment shall not be counted as one of such certifications.
- (e) The name of an applicant shall be removed from the eligible list at the expiration of such list, unless extended. In the latter case, the name shall be removed at the end of the extension; but in no case may a name remain in effect beyond one (1) year from the time of the first interview from the list or beyond two (2) years from the time of the certification of the list.
- (f) A person who refuses more than one (1) appointment or accepts appointment to a position in the class for which he is certified shall have his name removed from the eligible list.
- (g) A person who has engaged in fraud or made a misstatement of material fact in his application and/or examination shall have his name removed from the eligible list.

Sec. 21-13. Requisition and certification.

- (a) Whenever a vacancy in a classified civil service position is to be filled, other than by transfer, the supervisor in whose unit the vacancy occurs will notify the appointing authority and the director as far in advance as possible. The appointing authority may request, on a form prescribed by the director, a current list of eligible applicants.
- (b) In cases where selective certification based on a bona fide occupational qualification is desired, the request for personnel will include complete justification for these qualifications.
- (c) At the time of certification to the appointing authority, the director will notify the supervisor in whose executive unit the vacancy exists of the current list of eligible applicants. However, it shall be the responsibility of the appointing authority, or if he delegates, the supervisor, to schedule a pre-employment interview with a minimum of five (5) candidates for all positions in which there are five (5) or more applicants on the list certified by the commission.
- (d) If the number of applicants with military preference points equals or exceeds three (3), the hiring manager shall interview no less than three (3) military applicants.
- (e) If the number of applicants with internal preference points (as defined by KRS 67A.270(6)) equals or exceeds three (3), the hiring manager shall interview no less than three (3) internal applicants.
- (f) Failure to appear at the pre-employment interview without furnishing satisfactory explanation to the supervisor shall warrant the director's removal of an individual from the eligible list.
- (g) When a vacancy is to be filled and a request for a new list has been refused by the director, appointment shall be made by selection of one (1) of the applicants from the current list of eligible applicants.

Section 12 – That Section 21-14 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 21-14. Appointments.

- (a) The appointing authority shall make all classified civil service appointments, probationary and permanent. Prior to appointment, the appointing authority shall receive recommendations from the supervisor in whose executive unit the vacancy exists. In all cases the appointing authority shall receive the recommendation of the chief administrative officer prior to a conditional offer being made. After recommendations are submitted to the appointing authority, the individual may authorize the division of human resources to make conditional offers. The division of human resources shall submit a report of all classified civil service appointments to the urban county council within thirty (30) days after the appointment is made.
- (b) All classified civil service appointments shall be made only from the list of applicants certified by the commission after examination. Appointments shall be made only by the selection of one (1) of the applicants from the current list of eligible applicants. All such appointments will be probationary pending completion of the probationary period. No employee appointed to a position requiring a physical examination or medical examination, as specified by the director, shall begin work until he has passed the required physical or medical examination. No employee shall be subject to a physical examination or medical examination until after a conditional offer has been made and accepted. If an employee successfully passes his physical examination or medical examination, he may begin his probationary period.
- (c) Before permanent appointment, employees shall serve a six (6) month

probationary period.

- (d) The probationary period shall be used for the effective adjustment of new employees through supervision, counseling and evaluation, as well as for the elimination of any probationary employees who do not meet the required standards of work. The appointing authority may terminate a probationary employee at any time during the probationary period without the right of a hearing before the commission.
- (e) No later than two (2) weeks prior to the conclusion of the probationary period, the employee's supervisor shall recommend in writing to the appointing authority the release or permanent appointment of the employee. The supervisor's recommendation shall not be binding on the appointing authority. A recommendation for permanent appointment shall be accompanied by a certification by the supervisor that the employee's probationary period has been successfully completed.
- (f) Prior to the conclusion of the probationary period, the appointing authority shall either terminate the employee under the same conditions as in subsection (d) or make a permanent appointment as provided in subsection (a). An employee who is not released prior to service of six (6) months in probationary status shall acquire permanent status automatically.

Section 13 – That Section 21-15 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 21-15. Temporary appointments.

- (a) In the event there is no appointee occupying a particular classified civil service position, a vacancy exists in such position. No person except a probationary or permanent appointee within the meaning of section 21-12 or an acting appointee within the meaning of section 21-16 shall assume the duties of a vacant classified civil service position unless a temporary appointment is made under these provisions. A temporary appointee shall be salaried at the entrance rate of pay of the grade salary range of the vacant position, except that any existing urban county government employee temporarily appointed shall be paid at the point in the higher grade salary range that will provide a total increase of seven (7) percent over the salary he received immediately prior to the temporary appointment if the appointment is one (1) grade higher than that occupied by the employee, three (3) percent for the next grade higher than that occupied by the employee and two (2) percent for each additional pay grade thereafter not to exceed the maximum of the assigned range; provided, however, the appointing authority may recommend and the urban county council may approve a rate of pay above the recommended rate of pay in recognition of market demands or in recognition of the experience or exceptional qualifications of the employee. A classified civil service employee of the urban county government who is temporarily appointed to another classified civil service position shall be credited with time of service in his own position for time spent in a temporary appointment.
- (b) Where it is imperative to fill a vacancy in the classified civil service, the appointing authority may make a temporary appointment, not to exceed ninety (90) days, from the list of those eligible for permanent appointment, if the person selected accepts such temporary appointment. Successive temporary appointments to the same position shall not be made under this provision. The acceptance or refusal by an eligible applicant of a temporary appointment shall not affect his standing on the register for permanent appointment, nor shall temporary service be counted as part of the probationary service in case of subsequent appointment to a permanent position.

- (c) Whenever it is imperative to fill a vacancy in the classified civil service before the commission can certify a list of persons eligible for appointment after competitive examination, the appointing authority shall nominate a competent person from the same class or the next lower rank to the commission; and if certified by the commission as qualified he may be appointed temporarily to fill the vacancy until an appointment can be made after competitive examination. Temporary appointments hereunder shall continue only until a regular appointment can be made from the eligible list prepared by the commission. In no case shall appointments hereunder continue longer than ninety (90) days; and in no case shall successive appointments be made of the same person or other persons to such vacancy, except as provided herein.
- (d) Where it is imperative to fill a vacancy in the classified civil service and where no one on the eligible list or by promotion from the same class or the next lower rank is available, competent and qualified, the temporary appointment may be made by the appointing authority without examination. Temporary appointments hereunder shall continue only until the regular appointment can be made from the eligible list prepared by the commission. In no case shall appointments hereunder continue longer than ninety (90) days; and in no case shall successive appointments be made of the same person or other persons, to such vacancies, except as provided herein.
- (e) Notwithstanding the ninety (90) day limit for temporary appointments established under the preceding subsections, temporary appointments made by reasons of these provisions, made necessary solely by reason of illness or disability of regular employees, may continue during such period of disability, but in no case longer than nine (9) months.
- (f) Subject to the statutes and urban county government Charter, and except as otherwise provided by law, classified civil service employees may be temporarily appointed to positions in the urban county government which are excluded from the classified civil service. Salary and service credit provisions shall be the same as in subsection (a) hereof.
- (g) An employee receiving a temporary appointment shall sign an agreement acknowledging the understanding that the appointment and pay are temporary and shall end when the position is filled or the employee is removed from the temporary position.

Section 14 – That Section 21-16 of the Code of Ordinances be and hereby

is amended to read as follows:

Sec. 21-16. Acting assignments.

- (a) In the event of the absence of an employee from any position in the urban county government, the director, on the recommendation of the supervisor or supervisors, involved, and with the approval of the chief administrative officer, may assign a classified civil service employee in an acting capacity to perform the duties of the position so absented. No employee so assigned shall receive any additional compensation by reason of said assignment but shall be credited with time of service in his own position for time spent in any position in which the employee is assigned in an acting capacity. If the absence of the employee, for which position a classified civil service employee has been assigned in an acting capacity, becomes vacant within the meaning of section 21-15, the procedures for making a temporary appointment thereunder must be initiated immediately.
- (b) If the absence of the employee exceeds fifteen (15) working days, the employee in the acting assignment shall receive pay at the point in the grade salary range of the absent employee that will provide a total increase of seven (7) percent over the salary he received immediately prior to the acting

assignment if the assignment is to a grade one (1) grade higher than that occupied by the employee, a-three (3) percent for the next grade higher than that occupied by the employee and two (2) percent for each additional pay grade thereafter not to exceed the maximum of the assigned range; provided, however, the appointing authority may recommend and the urban county council may approve a rate of pay above the recommended rate of pay in recognition of market demands or in recognition of the experience or exceptional qualifications of the employee. In no case shall the employee receive a salary lower than the entrance rate of pay of the grade salary range of the higher position. However, all employees so assigned whether entitled to a pay increase or not, shall receive credit for time of service in their own position for time spent in any position in which the employee is assigned in an acting capacity.

- (c) In the event a vacancy within the meaning of section 21-15 arises, which vacancy must, owing to a bona fide emergency, be immediately filled by an employee, the mayor, the chief administrative officer or the supervisor or supervisors involved may assign a classified civil service employee to such position in an acting capacity. Exempt employees required by their job duties to hold a commercial driver's license (CDL) shall receive a forty-three dollar and twenty cents (\$43.20) weekly supplement so long as they hold a position requiring the commercial driver's license (CDL). The director shall make reasonable rules and regulations necessary to implement this section.
- (d) The urban county council may, on the recommendation of the director and with the approval of the chief administrative officer, authorize a salary supplement to classifications in the classified civil service under the following terms and conditions:
 - (1) Employment market conditions must make it exceptionally difficult to recruit and retain qualified employees in the classifications as reflected by multiple unsuccessful recruitment processes, excessively high turnover rates and evidence from outside sources that employment market conditions warrant such a supplement.-
 - (2) When the employment market conditions supporting the salary supplements change so as to make the salary supplement unnecessary for a given classification, the director, with the approval of the chief administrative officer, shall recommend to the urban county council that the supplement be discontinued.
 - (3) The salary supplements shall not be included in the computation of salary increases; such increases are based on a percent of each employee's base salary without the supplement.
 - (4) The director shall make reasonable rules and regulations to implement this section.

 - (2) The director, after desk audits of positions identified as having high physical demands or hazardous working conditions in the current position classification system, shall identify those employees whose positions qualify them for the high risk job pay supplement.

- (3) A position identified as high risk must, for a majority of the employee's work time, either singly or cumulatively, expose the employee to: lifting, carrying, pushing or pulling; heavy equipment; falling; machinery with moving parts; confined spaces; traffic; excavation; ladders or scaffolding; hazardous materials and chemicals; falling objects; or biological or infectious diseases.
- (4) If a given position is not identified as a high risk position, the employee holding the position may appeal to a committee comprised of the director, the director of the division in which the position is located, the commissioner of the department in which the division is located, and representatives from the division of human resources and the office of the urban county council. Each individual workweek shall serve as the standard for determining entitlement to overtime compensation and, accordingly, averaging of hours over a two (2) workweek payroll period shall not be permitted.
- (d) Overtime compensation shall only be paid for more than forty (40) hours actually worked within a workweek. Accordingly, no employee shall be paid overtime compensation solely for working in excess of eight (8) hours per day or for work on Saturdays, Sundays, holidays or regular days of rest; and time spent on vacation leave, sick leave, bereavement leave, leave of absence, holiday leave, disability leave, military leave or any other approved leave shall be excluded in computing entitlement to overtime compensation under this section.

then divided by the total number of hours worked, at all jobs.

- (f) At the time the payroll report is submitted to the division of accounting, the supervisor shall submit to the chief administrative officer a report stating which employees worked overtime and the necessity therefor. In the event there are insufficient funds to provide this increase, all employees shall receive an amount equal to the "structure" percentage change in the World at Work index, provided, however, that if sufficient funds are not available for this increase, the urban county council shall, by ordinance, establish a substitute percentage increase. In no case, however, shall the employee receive a salary lower than the entrance rate of pay for the grade salary range.
- (b) An employee whose pay grade is changed to a lower grade through a reclassification or reallocation shall retain his salary at the higher level. All employees receiving a rate of pay above the maximum rate prescribed for the class to which their position was reclassified or reallocated shall continue to receive such pay without further increase so long as their positions remain in a class having a rate below the rate now being paid the employee.

- (c) An employee shall be eligible for a salary increase or cost of living adjustment in the position to which he has been reclassified or reallocated on the first day of the fiscal year after the reclassification or reallocation.

 - (4) Compensatory time may only be accrued and utilized upon the supervisor's prior approval of an employee's written request. In situations where an employee is unable to obtain prior written approval, the employee may contact his supervisor and obtain verbal approval prior to using compensatory time. A leave form shall be submitted once the employee returns to work to document the verbal approval.

- (5) No employee shall be paid for accumulated compensatory time upon separation from urban county government employment.
- (6) Once maximum accumulations have been reached, employees may not count hours worked in excess of their regular hours as compensatory time. Once their hours drop below maximum accumulation, only hours worked subsequent to the reduction shall be credited as compensatory time. Compensatory time hours shall be posted at the end of each pay period; and, in no event, shall any compensatory time hours be credited retroactively.

Section 30 – That Section 21-37.2 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 21-37.2. Sick leave transfer program.

- (a) A sick leave transfer program for classified and unclassified employees shall be established to provide that any eligible employee may transfer unused accrued sick leave hours to another eligible employee experiencing disabling illness or injury or a death in the immediate family. The program shall be administered by the division of human resources.

 - (1) *Employee* means a civil service or unclassified civil service employee with more than six (6) months employment.
 - (2) *Recipient* means an employee who is eligible to receive sick leave benefits under this program.
 - (3) *Donor* means an employee who meets the requirements to transfer leave under this program.
 - (4) *Disabling illness or injury* means a medically certified illness or injury of an employee or an employee's family member, which will result in the employee being absent from duty for at least ten (10) consecutive working days, for which the employee does not have available paid leave and which may result in the employee incurring a substantial loss of income.
 - (i) "Disabling illness or injury" does not include self-inflicted injuries, job related illnesses or injuries covered by workers compensation, illnesses or injuries covered by automobile insurance benefits, and/or illnesses or injuries suffered as a result of secondary employment.
 - (5) *Family member* means a parent or step-parent, spouse, child (including step or adopted children), grandparent, spouse's parent, spouse's grandparent, qualified adult as defined in CAO Policy No. 46, any relative for whom an employee is legally responsible, or relatives who are residing with and are under the care of an employee during the relative's disabling illness or injury.
- (c) In order to participate in this program, the donor and recipient must meet the following criteria:
 - (1) A recipient must complete the sick leave sharing application and submit the application to the division of human resources. To be eligible to participate in this program, the recipient must have exhausted all available paid leave, including sick leave, vacation, holiday and compensation time;

- (2) A donor wishing to transfer unused accrued sick leave to a qualified recipient must file the sick leave sharing donation form with the division of human resources requesting that a specified number of hours of accrued sick leave be transferred to another eligible named employee. However, only employees with a sick leave balance of over one hundred sixty (160) hours are eligible to be donors. And an employee's requested transfer of sick leave may not result in that employee's sick leave balance dropping below one hundred sixty (160).
 - (3) The minimum number of sick leave hours that an employee may transfer annually is eight (8).
- (d) Once the proper documentation has been submitted by both the proposed recipient and donor employees, the human resources department shall within five (5) days of receipt review the documentation and notify the donor and recipient, in writing, if they meet the eligibility requirements of this program. If so, the recipient shall be entitled to use the transferred sick leave under this program.

 - (2) The third Monday in January (Martin Luther King, Jr. Day).
 - (3) The third Monday in February (Washington's Birthday).
 - (4) The last Monday in May (Memorial Day).
 - (5) The nineteenth day of June (Juneteenth Day).
 - (6) The fourth day of July (Independence Day).
 - (7) The first Monday in September (Labor Day).
 - (8) The eleventh day of November (Veterans Day).
 - (9) The fourth Thursday (Thanksgiving Day) and Friday in November.
 - (10) The twenty-fourth day of December (Christmas Eve).
 - (11) The twenty-fifth day of December (Christmas Day).
- (b)(1) When any holiday listed above falls on a Saturday or Sunday, the preceding Friday or following Monday may be designated as a holiday by a proclamation of the mayor.
- (b)(2) In addition, on January 1 of each calendar year, each employee shall be granted two (2) swing holidays which may be taken by employees at any time during the calendar year in accordance with the requirements of subsections (c) and (d) of this section.
- (c) No employee shall lose any pay as a result of the advent of a designated holiday. Employees required to work on a holiday shall be compensated by equal time off at the earliest opportunity instead of by additional pay. Holiday leave may only be utilized upon the supervisor's prior approval of the written request of the employee. Holiday leave time may be used in any increment; provided that holiday leave will not be granted in excess of holiday credit earned by service prior to the starting date of leave. It shall be scheduled with regard to operating requirements, seniority of the employees, and insofar as possible, as requested by the employee. An employee may not carry forward more than ten (10) working days (eighty (80) hours) of holiday leave past January 1 of any calendar year. Upon separation from service, all employees shall be paid for accumulated holiday leave at their then current pay rate computed on an hourly basis.

In situations where an employee is unable to obtain prior written approval, the employee may contact his supervisor and obtain verbal approval prior to using holiday leave. A leave form shall be submitted once the employee returns to work to document the verbal approval.

- (d) In the event that a supervisor certifies and the chief administrative officer approves, with justification, that it is not practical to give equal time off because of shortages of personnel or otherwise, then employees required to work on holidays because of the continuous nature of the operation or scheduling difficulties shall be paid in addition to their holiday pay for each hour worked between the hours of midnight and midnight on the holiday, at their then current pay rate computed on an hourly basis.

Section 32 – That Section 21-39 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 21-39. Disability leave.

- (a) Any classified civil service employee who suffers injury or illness as a result of service-connected accident or illness shall be granted, upon proper investigation and authentication, leave equal to full pay for a period up to twelve (12) months for each incident. At the end of the first thirty (30) days and again following each thirty-day period thereafter, the director may require the employee to be examined by competent medical authority to determine the employee's entitlement to full disability leave.
- (b) As soon as possible after a service-related injury or illness, but no later than ninety-six (96) hours after the occurrence, the employee, through his supervisor, shall submit the disability leave request and light-duty/substitute work form to the director. Failure to submit the appropriate paperwork will void an employee's eligibility for disability leave except in unusual or exceptional circumstances where an injury or illness is not immediately apparent, but one is subsequently substantiated by appropriate medical authority and documentation submitted to the director within one (1) calendar month of the work-related incident. An employee's immediate supervisor or a supervisor designated by the division director shall submit the paperwork in the event that the employee is incapacitated. The employee may be placed on accumulated sick leave or vacation leave until a determination is made by the director that the injury or illness is service-connected and a determination of disability is made by competent medical authority. Once such determinations are made, sick days and vacation days shall be restored and the employee placed on workers' compensation and disability leave. If the employee has insufficient sick leave or vacation leave accumulated, he may be placed on workers' compensation and disability leave immediately upon injury or illness. Time spent on workers' compensation or disability leave status over ninety (90) consecutive calendar days shall not be included in computing months of service under sections 21-33 and 21-34, and neither sick leave nor vacation leave may be accumulated during absence from duty in excess of ninety (90) consecutive calendar days.
- (c) The disability leave payable under the foregoing sections shall be supplementary to any workers' compensation income benefits to which the employee is eligible. In the event that any supplemental payment is made under the foregoing sections and a subsequent workers' compensation income benefit is paid to the employee for the period for which payment under this chapter has been made, the employee shall refund to the urban county government an amount equal to any workers' compensation income benefits received for a period for which the salary of the subject employee has been paid by the urban county government under the foregoing provisions. In no case shall payments under this section exceed the difference between the employee's workers' compensation benefits and his average weekly earnings as, defined in KRS 342.140.
- (d) Upon a determination of permanent disability by competent medical authority, the employee will be instructed to apply to the appropriate pension fund for disability retirement benefits. Failure to so apply or commencement

of disability retirement benefits will terminate disability leave short of the twelve (12) months. Disability leave shall also be terminated early if such medical authority determines that the employee is able to return to duty and perform the same or substitute work at the same salary.

- (e) Disability leave shall terminate at the end of the twelve-month period. If the employee is not then, in the opinion of competent medical authority, able to return to duty, he shall receive a lump sum payment for accrued vacation leave as provided by section 21-33. An employee placed on disability retirement may elect to supplement his disability retirement as provided in section 21-36, but in no case shall the total weekly income from the pension and sick leave exceed his average weekly wage as defined in KRS 342.140. On the recommendation of the chief administrative officer, with approval of the urban county council, an employee who fails to qualify for disability retirement at the end of twelve (12) months may be continued on disability leave; but no payment for accrued vacation leave or sick days shall be made until termination of disability leave benefits.

- (g) The suspension or reprimand appealed from may be reviewed, reduced or revoked by the commission after a hearing in which the person taking the

disciplinary action shall have reasonable opportunity under rules established by the commission to support his charges. The commission shall have the power, in the event it finds any suspension or reprimand hereunder in error, to take such action as shall be necessary to compensate the appealing employee for such error.

- (h) The director shall, by July 14, 1983, develop and implement a uniform disciplinary code for all employees, except probationary employees, and shall administer and monitor the uniform disciplinary code.
