

TO: Mayor Linda Gorton  
Urban County Council

FROM:   
Mark Sanders, P.E., Interim Director  
Division of Water Quality

DATE: April 1, 2026

SUBJECT: AED Three Year Lease Renewal

---

**Request**

The Division of Water Quality is requesting approval to utilize an Omnia Partners Cooperative Contract to renew the lease for AED (Automatic External Defibrillator) units in the various division facilities. The annual cost to lease these AED units is \$13,716. This contract was previously held under Resolution number 345-2023.

**Purpose of Request**

The lease for AED units allows the Division of Water Quality to continue to provide potential lifesaving equipment for employees in various division facilities. Utilizing this lease allows for the third party vendor (Cintas) to provide the units as well as ongoing maintenance including unit testing and pad and battery replacement.

A majority of Water Quality staff receive First Aid/CPR training every two years which includes the use of AED units.

The Omnia Partners Cooperative Contract is similar to a state master agreement; the Division of Water Quality utilized this contract for the previous lease agreement.

**Project Cost in FY2027 budget year and future budget years**

Funds for the AED lease program were included in the FY2027 budget. The proposed lease will be \$13,716 for the next calendar year.

**Are Funds Budgeted**

FY2027 funds for this lease are budgeted in 4002-303401-3402-75101

**Director/Commissioner**

Sanders/Martin
