

City to decommission two traffic signals on North Upper

LEXINGTON (July 31, 2017) -- The city's Division of Traffic Engineering will begin decommissioning the traffic signal at North Upper and West Fifth and the signal at North Upper and West Sixth about 10 a.m. on Wednesday, Aug. 2, weather permitting.

Stop signs will be installed at those intersections, and the existing signals will remain in all-red, flash mode for 90 days while travelers become familiar with the change.

Citizens can get the most up-to-date information on accidents, lane blockages, and road closures through the city's Twitter accounts ([@lexwrecks](#) and [@lexkypolice](#)) or the city's website at lexingtonky.gov/traffic-ticker.
