Representations

A. LFUCG and the Authority. B. Developer Representations. The Developer represents and warrants that: (i) the Developer (a) is a foreign limited liability company possessing the requisite authority to enter into this Agreement; (b) is not a "foreign person" as that term is defined in Section 1445 of the Internal Revenue Code; (c) has not, in this Agreement or any schedule, exhibit, document or certificate delivered in accordance with the terms of this Agreement, made any untrue statement of a material fact or failed to state a material fact; and (d) would not enter into this Agreement to undertake and construct the Project but for the commitment of LFUCG and the Authority to provide financial and other incentives to the Project as provided in this Agreement; (ii) the execution of this Agreement and the construction of the Project by the Developer will not knowingly violate any applicable statute, law, ordinance, code, rule or regulation or any restriction or agreement binding upon or otherwise applicable to the Developer; and (iii) there are no undisclosed actions, suits or proceedings pending or threatened against the Developer which would, if adversely determined, have a material effect on the Developer's ability to enter into this Agreement or construct the Project in accordance with this Agreement.

SECTION IV

Project

A. The Project that the Developer shall construct on the Project Site shall substantially consist of approximately 652,230 square feet of retail, hotel, restaurant and office uses and 439,090 square feet of multifamily residential:

1. Four (4) large anchor retail structures of about 25-50,000 square feet each
2. Freestanding out parcels for possible retail, restaurant, office and grocery store uses.
3. Mixed use buildings, consisting of retail, hotel, or restaurants on the first floor with office use or residential units above.
4. Multifamily residential structures
5. Public parking for which a majority of the parking spots will be free and open to the public all of the time. A minority of parking spots will be available for the public to rent on a monthly or yearly basis.

Several Affiliates will be established to develop, construct and/or operate the various Private Project Elements, and the Developer shall have the right to assign any rights created by this Agreement to one or more of the Affiliates. The Developer and its Affiliates shall remain in good standing with the Office of the Secretary of State for the State for the full-term of this Agreement. In addition, the Developer and its Affiliates shall provide a listing of their officers and managers to the Commissioner of Finance on or before June 30 of each year following the execution of this Agreement, with the current officer and managers of the Developer and its Affiliates being listed on Exhibit "E" attached hereto.

B. The Project shall be financed with Private Financing and equity provided by the Developer, and its Affiliates, subject to the pledge of State and LFUCG Incremental Revenues to reimburse the Developer for the cost of the Public Infrastructure Improvements as set forth in Section V of this Agreement. The Developer shall keep LFUCG informed as to the status of the Private Financing for the Project.

C. The Developer agrees that no site work, including grading, excavation or construction shall commence within the Project Site until firm commitments for the Private Financing have been provided to the Commissioner of Finance, along with certifications from the primary lenders(s) for the improvements to be done in each phase of the Project that all conditions relating to its financing have been satisfied, to substantially construct the Private Project Elements of the Project. Developer acknowledges and agrees that it may be necessary for the Authority or the LFUCG to retain services to undertake an independent review of the financing proposed for the Project to determine compliance with this financing condition. Such a decision to retain such services shall be made solely by the Authority or the LFUCG, and the Developer agrees to pay the costs associated with such review. Upon satisfaction with the required Private Financing commitments the Commissioner of Finance shall give notice to the Commissioner of Planning that construction permits for the improvements may be issued and construction may begin, assuming all other requirements for issuing construction permits have been met. The Authority and the LFUCG each agree that it will not unreasonably delay in reviewing the Private Financing documentation and the subsequent authorization to issue construction permits.

D. The Project shall be constructed in accordance with a certified Final Development Plan, and as it may be amended, that will be approved by the Planning Commission. The construction plans shall include adequate provisions to the satisfaction of LFUCG, in its sole discretion, to mitigate storm water impacts to properties adjacent to the Project Site during construction of the Project. In addition, prior to starting construction and the issuance of a building permit for construction of the Project, the Developer shall post a bond in favor of LFUCG, with appropriate security or surety, in an amount sufficient to ensure that the storm

water improvements included and part of the Final Development Plan are constructed. Furthermore, the storm water improvements that are to be constructed as part of the Final Development Plan shall be constructed and installed first, although other Site Work is permitted to occur contemporaneously with the construction of the storm water improvements. All storm waster improvements must completed to the satisfaction of LFUCG prior to the issuance of building permits for any Private Project Element.

E. The Developer shall construct the Project upon the Project Site, consistent with the Final Development Plan as provided in Section IV(D) of this Agreement, and upon the acquisition of all necessary permits and approvals required by LFUCG and the State, and in accordance with this Agreement. The Developer agrees to proceed expeditiously to complete construction plans and specifications to a level adequate to obtain all permits and approvals necessary to complete construction of the Project.

F. Construction Schedule. Subject to the condition in Section IV(C) of the Agreement regarding obtaining the Private Financing commitment(s) before construction, the Developer agrees to use commercially reasonable efforts to construct the Project in accordance with the Development Schedule attached hereto as Exhibit "B". However, should the Developer encounter an Unavoidable Delay or be delayed by the Developer's inability to obtain necessary government or other permits or required approvals, or any other cause which the Developer and LFUCG agree is justifiable, the Development Schedule may be reasonably extended by LFUCG. For all other reasons, the Developer shall obtain the prior written approval of LFUCG for any substantial amendment to the Development Schedule, which approval shall not be unreasonably withheld.

G. Project Costs. The Developer shall document all Project Costs and Capital Investment, including which costs represent Public Infrastructure Costs associated with construction of the Project and submit such costs to LFUCG and the Authority in the format to be determined by the Authority and KEDFA, to enable the Authority and LFUCG to comply with its reporting requirements as set forth in the Local Participation Agreement and the Tax Incentive Agreement.

H. The Public Infrastructure Improvements are itemized in Exhibit “D” to this Agreement and are eligible to be fully reimbursed by the Authority according to the terms of the Local Participation Agreement, and it is anticipated that a portion of the costs associated with such improvements will be eligible costs for reimbursement from State Incremental Revenues under the Tax Incentive Agreement and KRS 154.30-110.

I. Public Parking. The Developer acknowledges that the ability of the Authority and LFUCG to reimburse Developer from Incremental Revenues, as provided in Section V of this Agreement for Capital Investment for the construction of public parking, is dependent upon the public parking being considered by the State to be public infrastructure within the meaning of the Act.

J. The Developer agrees to comply with the regulations applicable to the LFUCG’s Sanitary Sewer Capacity Assurance Program for approval of new connections within the Project Site to the public sanitary sewer system.

K. The Developer shall assist the Authority in complying with any reporting requirements mandated by the Local Participation Agreement and Tax Incentive Agreement, in computing the baseline LFUCG and State baseline “old revenues” applicable to the Development Area, and in calculating the Incremental Revenues that may be due to the Authority from

LFUCG and the State. The Developer shall include provisions in any Affiliate agreements, construction agreements or leases relating to the construction or operation of the Project, to require the contractors constructing the Project and businesses operating within the Project to provide information, including federal and state tax identification numbers, etc., to the Authority or other information as may be required by the Authority, relating to the LFUCG and State taxes that may be generated from the Project.

L. The Developer agrees to notify the LFUCG, in writing, when it intends to request Activation of the TIF and/or if it intends to request an extension or delay of Activation of the TIF. The Developer agrees to provide the LFUCG with a statement of Project Costs and expenditures incurred for every six (6) month period upon preliminary approval of the TIF application and prior to activation of the TIF in compliance with the reporting requirements required by the State Tax Incentive Agreement.

SECTION V

Priority of the Use of Incremental Revenues

Pursuant to the provisions of the Act and the Local Participation Agreement, LFUCG and the Authority intend to Activate the TIF on January 1, 2015, which will potentially allow for Incremental Revenues to be available to the Authority beginning in calendar year 2016. In consideration of the Developer constructing the Project and complying with the requirements and conditions of Section IV of this Agreement, LFUCG and the Authority agree that priority for the use of the Incremental Revenues received by the Authority from LFUCG and the State shall be as follows:

A. Each year following the Activation of the Development Area until its termination, an administrative charge based on 0.02% of the total project amount of \$155,500,000.00, or \$32,000.00, will be collected from the Incremental Revenues received by the Authority pursuant

to the Local Participation Agreement and/or Tax Incentive Agreement and shall be retained by the Authority to cover administrative and other expenses incurred by the LFUCG or the Authority for the administration and implementation of the Development Area Ordinance, including complying with any reporting requirements set forth in the Local Participation Agreement and/or Tax Incentive Agreement, and costs for professional services related to this Agreement and/or finalizing any required amendments to the Local Participation Agreement or Tax Incentive Agreement. It is understood that if in any year the amount of Incremental Revenues received by the Authority are not sufficient to satisfy the annual charge of \$32,000, the amount not satisfied may be recovered by the Authority from the Incremental Revenues received by the Authority in future years.

B. After the annual obligations set forth in Section V(A) of this Agreement have been fully satisfied, and the Developer meeting its obligations set forth in Section IV of this Agreement, Incremental Revenues received by the Authority pursuant to the Local Participation Agreement and/or Tax Incentive Agreement shall be annually paid to the Developer to reimburse the Developer for the Capital Investment of the Public Infrastructure Improvements, up to the actual Capital Investment for the Public Infrastructure Improvements as certified by the Developer, but not to exceed \$26,513,240 in Capital Investment. No Incremental Revenues shall be paid to the Developer pursuant to this paragraph until the Developer has expended documented Project Costs to satisfy the Minimum Capital Investment of \$20,000,000.

C. After the State gives final approval to the TIF Project, Authority agrees to execute a Tax Incentive Agreement with the State that provides for the pledging of certain State Incremental Revenues to help pay for the Public Infrastructure Improvements within the Development Area.

D. After the obligations set forth in Section V(A) and (B) of this Agreement have been fully satisfied, Incremental Revenues received by the Authority pursuant to the Local Participation Agreement and/or Tax Incentive Agreement may be used by the Authority to pay for other eligible capital costs within the TIF Development Area and set forth in the Local Participation Agreement and/or Tax Incentive Agreement.

E. It is understood by the Parties that after the activation of the TIF any State Incremental Revenues that may be generated and available to be paid by the State to the Authority pursuant to the provisions of the Tax Incentive Agreement, shall be held in escrow without interest accruing thereon, until the Minimum Capital Investment of \$20,000,000 in documented Project Costs, required for the release of State Incremental Revenues, are certified as may be provided in the Tax Incentive Agreement. It is further understood that the payment of State Incremental Revenues to the Authority are limited to reimbursement for the Public Infrastructure Costs, and other approved costs that will be identified in the Tax Incentive Agreement, that are certified by the Authority to the State and approved by the State.

F. Notwithstanding anything to the contrary, nothing in this Agreement shall be interpreted to commit LFUCG and/or the Authority to pay for or reimburse any Project Costs, except for the Incremental Revenues that may be generated within the Development Area and due to the Authority as provided in the Local Participation Agreement and the Tax Incentive Agreement.

G. The obligations of the Authority to reimburse costs to the Developer as provided in Section V of this Agreement are contingent upon KEDFA approving Tax Incentive Financing for this Project to allow any portion of the Capital Investment costs for the Public Improvements and Public Infrastructure to be reimbursed with State Incremental Revenues as Approved Public

Infrastructure Costs. In addition, any obligations of LFUCG or the Authority to reimburse Project Costs from Incremental Revenues shall terminate in the event the Tax Incentive Agreement is terminated or not renewed as provided in the Act and the Tax Incentive Agreement. However, this Agreement shall continue in full force and effect to reimburse the Developer for Public Infrastructure Improvement costs set out in Exhibit "D" herein, even if the State reimbursement has reached its maximum cap, as provided in the Tax Participation Agreement.

SECTION VI

Default

If any Party or any Parties (in either case, the "Defaulting Party") materially breaches or defaults on any of its obligations under this Agreement, the other Parties may give notice that remedial action must be taken by the Defaulting Party within sixty (60) days of the notice. The Defaulting Party shall correct such breach or default within sixty (60) days after such notice; provided, however, if (i) the default is one which cannot with due diligence be remedied by the Defaulting Party within sixty (60) days, and (ii) the Defaulting Party proceeds as promptly as reasonably possible after such notice and with all due diligence to remedy such default, the period after such notice within which to remedy such default shall be extended for such period as may be necessary to remedy the same with all due diligence. If such action is not taken, the non-defaulting parties may, in addition to all other remedies available at law or in equity (including but not limited to specific performance and/or recovery of damages, including reasonable attorneys' fees and other costs and expenses), terminate this Agreement, or the portion of it affected by the default, by giving ten (10) days written notice to the defaulting Party or Parties.

In the event this Agreement is terminated, LFUCG and the Authority shall be (i) relieved of any executory obligations under this Agreement, (ii) released from undertaking any additional obligations as provided in this Agreement.

SECTION VII

Miscellaneous Provisions

A. Term; Survival; Termination. The term of this Agreement shall be from the date of this Agreement until the earliest of (i) the final payment of the Incremental Revenues and the use of such Incremental Revenues pursuant to this Agreement, the Local Participation Agreement and the Tax Incentive Agreement, or (ii) the termination of this Agreement in accordance with its terms or (iii) the termination of the Local Participation Agreement and the Tax Incentive Agreement. This Agreement shall not terminate upon the execution of any agreements required or contemplated by this Agreement, or referred to in this Agreement, and the provisions of this Agreement shall not be deemed to be merged into any such agreements, it being the intent of the Parties that this Agreement shall survive the execution and delivery of any such agreements and shall continue throughout the entire development of the Development Area.

B. Governing Law. The laws of the State shall govern as to the interpretation, validity and effect of this Agreement.

C. Severability. If any provision of this Agreement or the application thereof to any person or circumstance shall to any extent be held in any proceeding to be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to persons or circumstances other than those to which it was held to be invalid or unenforceable, shall not be affected thereby, and shall be valid and enforceable to the fullest extent permitted by law, but

only if and to the extent such enforcement would not materially and adversely frustrate the parties' essential objectives as expressed herein.

D. Force Majeure. LFUCG, Authority or Developer shall not be deemed to be in default in the performance of any obligation on such parties' part to be performed under this Agreement, other than an obligation requiring the payment of a sum of money, if and so long as the non-performance of such obligation shall be directly caused by Unavoidable Delays; provided, that within fifteen (15) days after the commencement of such Unavoidable Delay, the non performing party shall notify the other party in writing of the existence and nature of any such Unavoidable Delay and the steps, if any, which the non-performing party shall have taken or planned to take to eliminate such Unavoidable Delay (provided, however, that a failure to give such notice timely shall not be a default hereunder or impair the non-performing party's immunities hereunder or account of Unavoidable Delay, unless the failure to give such notice timely actually prejudices the other party). Thereafter, the non-performing party shall, from time to time, on written request of the other party, keep the other party fully informed, in writing, of further developments concerning such Unavoidable Delay and the effort being made by the non-performing party to perform such obligation as to which it is in default.

E. Notices. Any notice to be given under this Agreement shall be in writing, shall be addressed to the party to be notified at the address set forth below or at such other address as each party may designate for itself from time to time by notice hereunder, and shall be deemed to have been given upon the earliest of (i) three (3) days following deposit in the U.S. Mail with proper postage prepaid, Certified or Registered, Return Receipt Requested, (ii) the next business day after delivery to a regularly scheduled overnight delivery carrier with delivery fees either

L. Construction. No provisions of this Agreement shall be construed against a Party by reason of such Party having drafted such provisions.

P. Diligent Performance. With respect to any duty or obligation imposed on a party to this Agreement, unless a time limit is specified for the performance of such duty or obligation, it shall be the duty or obligation of such party to commence and perform the same in a diligent and workmanlike manner and to complete the performance of such duty or obligation as soon as reasonably practicable after commencement of the performance thereof. Notwithstanding the above, time is of the essence with respect to any time limit specified herein.

Q. Assignment of Rights and Delegation of Duties. Neither LFUCG nor the Authority shall assign this Agreement without the prior written consent of the Developer, which shall not be unreasonably withheld. The Developer shall have the right to assign this Agreement, or any part hereof, to an Affiliate, provided the assignee shall assume all assigned liabilities and obligations of the Developer hereunder and LFUCG provides its consent in advance in writing, which consent shall not be unreasonably withheld.

**LOCAL PARTICIPATION AGREEMENT
Summit Lexington Development Area**

THIS LOCAL PARTICIPATION AGREEMENT (this "Agreement") is made as of the 13th day of August, 2013 (the "Effective Date") by and among the LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT, a Kentucky urban county government (the "LFUCG"), and the DEPARTMENT OF FINANCE AND ADMINISTRATION OF THE LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT (the "Agency") and BAYER PROPERTIES, LLC, a Delaware limited liability company authorized to do business in Kentucky (the "Developer");, collectively (the "Parties");

RECITALS

WHEREAS, pursuant to the Act, as hereinafter defined, the LFUCG has on the 26th day of September, 2013, adopted Ordinance Number 116-2013, (the "Development Area Ordinance"), whereby it established The Summit Lexington Development Area (the "Development Area") for the purpose of promoting a mixed-use development of previously undeveloped land; and

WHEREAS, the Council of the LFUCG recognize and determine individually that the real property that constitutes the Development Area has been and is currently characterized by underutilized land, that continuation of the underutilized status of this land within the Development Area will discourage and interfere with the Urban-County's' growth policies to encourage the sensible development of land within the existing Urban Service Area , and that the acquisition, financing, construction and development of those improvements and buildings, as identified in Exhibit B herein (collectively, the "Project"), will contribute to the public welfare of the citizens of the Urban- County, and the Commonwealth of Kentucky (the "State") and will thereby materially enhance the

area and be in furtherance of the general health and welfare of the citizens of the Urban- County and the State; and

WHEREAS, the Council of the LFUCG recognizes and determines individually that the project is a mixed-use development which includes both significant public storm water and sanitary sewer facilities designed to comply with a community-wide court decree mandating corrective action by the local government; and

Project Description

Description of project location, components, and estimated cost

The Summit Lexington is a planned mixed-use development located at the intersection of Man O' War Blvd. and Nicholasville Rd. in Lexington, Kentucky. Framed by East Tiverton Way, Walhampton Drive, Tangleway Way, and Habersham Drive, the 48.56 acre, "P"-shaped property is settled between Nicholasville Rd., Man O' War Blvd, and residential communities. Except for a small mulch business, the land is currently undeveloped; it remains the only farmland plat on Nicholasville Road within Man O' War Blvd. The surrounding area is heavily trafficked, as Nicholasville Road serves as one of the main thoroughfares into town. Popular commercial centers, such as Fayette Mall, have made it a prime destination for retail.

The development will cover the majority of the property. With over 20 separate buildings, the mixed-use development merges retail and residential alongside a greenspace, "new urbanism" setting. In total, the development currently plans to add over 400,000 square feet of retail, 400 units of residential space, and nearly 2,500 parking spaces.

Overall, the proposed development will have the following components:

- Large, anchor retail structures (4), 25-40,000 square feet each
- Multi-use structures (4) along the main throughway, consisting of retail shops and restaurants on the first floor and multi-family residential complexes above
- Separate multi-family residential structures (4)
- Freestanding outparcels, used for retail (10+)
- Parking spaces throughout, including parking structures attached to two main, mixed-use buildings; estimated 2,477 spaces in total

The Summit Lexington Components	
Retail & Restaurants	401,500 Square Feet
Residential	400 Units
Parking	2,477 Spaces

The total estimated cost of the project is \$92.5 million. This includes an estimated private development cost of \$66.0 million and qualifying public infrastructure cost of \$26.5 million.

EXHIBIT D

The Plan for Financing the Project

Description of development assistance

To provide funding support for the needed capital improvements set forth in the Development Plan and to provide support for the Project and provide development assistance, the Lexington-Fayette Urban County Government (LFUCG) plans to create the Summit Lexington Development Area pursuant to the provision of KRS 65.7041 to KRS 65.7083 and to utilize a portion of the new incremental revenues generated to support the financing of public infrastructure improvements.

The plan provides that the LFUCG will pledge 80% of the new incremental revenues, generated from the footprint of the Summit Lexington project, from real property taxes and occupational taxes over a 20-year period to pay for project costs and provide development assistance. It is understood that the local revenues from the footprint of the Project that were being generated from the area prior to the Project's development shall not be subject to any pledge of revenues to support the Project or provide development assistance.

In addition, the plan provides for the LFUCG to submit an application to the Kentucky Economic Development Finance Authority (KEDFA) to seek a pledge of 80% of new incremental state revenues from the footprint of the Project, to provide funding for approved public infrastructure costs.

Financing Plan

The Project is made up of both public and private components. The total cost of the project is estimated to be approximately \$92.5 million. This includes approximately \$66.0 million in private expenditures and \$26.5 million in qualifying public infrastructure costs.

Both the public infrastructure and private development costs of the project will be financed privately by the developer. There will be no bonds issued by a public entity to finance this project. The incremental revenues pledged in this agreement will be granted to the developer on a receipts basis, as outlined by KRS 154.30-090. Though no public entity will provide up-front financing assistance in the form of bonds, the pledge of these incremental revenues is critical to the affordability of financing the project.

The developer has discussed the proposed development with several lenders and underwriters and has received positive feedback on the financing of the proposed project costs. Until the structure of the deal is finalized - and the balance of public and private cost sharing delineated - it is too early at this time to detail the financing costs of the project. The developer has strong relationships with many of the country's leading lending institutions and is confident that there should be no difficulty in obtaining the financing for the project costs once the aforementioned public revenues are formally pledged.

“Old Revenues” to LFUCG from occupational taxes (net profits and payroll taxes) from the Development Area shall be based on the calendar year receipts to LFUCG for 2012 from the Development Area, which are \$100 from net profits taxes and \$2,648 from withholding taxes, for a total of \$2,748.
