

3/20/2025

TO: Mayor Linda Gorton
Urban County Councilmembers

FROM: Jonelle Patton, Director
Lexington Enhanced 911

RE: Cummins Generator Maintenance Agreement

Request:

The Division of Enhanced 911 is requesting authorization for the Mayor to sign a 3-year maintenance agreement with Cummins Sales and Service.

Why are you requesting?

The Division of Enhanced 911 (E911) is responsible for generators that supply emergency power to public safety radio infrastructure at three (3) separate locations throughout Lexington and northern Jessamine County. Those locations are: WKYT (2851 Winchester Rd), WLEX (1065 Russel Cave Rd) and WVRB (2166 Brannon Rd, Nicholasville). E911 would like to enter into a 3-year maintenance agreement with Cummins Sales and Service. E911 recently obtained service related quotes from a total of three (3) different vendors and Cummins offered the lowest cost for the services requested. This service will insure that all generators maintained by E911 are inspected and serviced twice annually, in accordance with our SOP and accreditation standards.

The termination clause of this agreement states that 'either party may terminate this Agreement with or without cause by providing thirty (30) days' written notice to the other. Unless otherwise agreed by Cummins in writing, this Quote is valid for a maximum period of thirty (30) days from the date appearing on the first page of this Quote ('Quote Validation Period'). At the end of the Quote Validation Period, this Quote will automatically expire unless accepted by Customer prior to the end of the Quote Validation Period.

What are the costs in this budget year and future budget years?

\$3,429.31 for FY2025 (Year 1 of 3)
\$3,429.31 for FY2026 (Year 2 of 3)
\$3,429.31 for FY2027 (Year 3 of 3)

Are the funds budgeted?

Yes. Budgeted in: 1101-505602-5621-76101

File Number: 0308-25
