Dear Mr. Lubeck:

Enclosed is our standard joint-funding agreement 24NFJFA00000129 between the U.S. Geological Survey OKI Water Science Center and Lexington-Fayette Urban County for the operation and maintenance of multiple streamgages (see attached), during the period July 1, 2024 through June 30, 2025 in the amount of \$123,000 from your agency. U.S. Geological Survey contributions for this agreement are \$54,500 for a combined total of \$177,500. Please sign and return one fully-executed original to Nathan Wood at ncwood@usgs.gov or mail to the address above.

You will notice that the contribution for this year's JFA has increased for the first time in eight years. We have done everything within our means to maintain the lowest costs possible for our cooperators but are now at a point where we must request a modest increase for this coming year to offset the current higher cost of goods and services. If you have any questions or concerns related to the increase, please contact Jeff Woods (317-430-3086; jwoods@usgs.gov).

Federal law requires that we have a signed agreement before we start or continue work. Please return the signed agreement by **July 1, 2024**. If, for any reason, the agreement cannot be signed and returned by the date shown above, please contact Jeffrey Woods at (317) 430-3086 or email jwoods@usgs.gov to make alternative arrangements.

This is a fixed cost agreement to be billed quarterly via Down Payment Request (automated Form DI-1040). Please allow 30-days from the end of the billing period for issuance of the bill. If you experience any problems with your invoice(s), please contact Nathan Wood at phone number (571) 386-7644 or ncwood@usgs.gov.

The results of all work performed under this agreement will be available for publication by the U.S. Geological Survey. The U.S. Geological Survey appreciates the opportunity to work with the Lexington-Fayette Urban County and looks forward to continuing the relationship in future fiscal years.

Sincerely,

Jeffrey Frey
Director
