SUBJECT: Memorandum of Agreement with the Downtown Lexington Management District
for Solid Waste Container Storage

Request

Authorization to enter into a Memorandum of Agreement with the Downtown Lexington Management District (DLMD) to ensure that adequate space is available for the Lexington Fayette Urban County Government to keep solid waste storage containers permanently displaced by the Historic Courthouse Rehabilitation Project. A permanent "herbie corral" will be constructed. The DLMD will also provide services related to the maintenance of the storage area. The Lexington-Fayette Urban County Government will reimburse the DLMD for the cost to lease an area of 1,000 sq. feet.

Why are you requesting?

Department needs this action completed because the Historic Courthouse Rehabilitation Project displaced the solid waste container storage for businesses adjacent to the 5/3 pavilion. A temporary storage area was constructed on Market Street. Materials to purchase a permanent solution have been purchased; this MOA will allow the permanent storage solution to be built.

What is the cost in this budget year and future budget years?
