From: 
Charles H. Martin, P.E., Director
Division of Water Quality

Date: January 17, 2014

Re: Change Order No. 1 – Emergency Generator Connections

The purpose of this memorandum is to request a resolution authorizing the acceptance of a change order to the LFUCG contract with T.E.M. Group, Inc. for Emergency Generator Connections. The deductive change order reduces the number of waste water pump stations where the contractor will be installing Quick Connect Double-Throw switches and extends the project completion date by thirty (30) days. The contract price will be reduced from \$393,067.00 to \$373,067.00. The original contract was authorized by Council Resolution No. 363-2013.

Questions regarding this agreement should be directed to Chase Azevedo at 258-3425.
