ROMAC can self perform re-insulation as needed. ROMAC has also the services from Minco, Inc. on large scale projects. See attached letter of introduction for Minco, Inc.

March 27, 2014

To: Mr. Joe Webster  
Romac Inc.  
136 Outer Loop  
Louisville, Ky. 40214

Reference: Letter of Introduction

Joe,

I would like to take the opportunity to introduce you to Minco, Inc. dba Mechanical Insulating Contractors, Inc.

Minco, Inc. was established in 1977 and for 37 years has been serving contractors, plants, factories, ect. both in Kentucky and out of state. Our work has been performed both on a contract, and Time and Material basis.

With our substance abuse program, our safety training program, and our hazardous material communication program we are capable of providing all of our customers with safety minded, skilled craftsman for any insulation requirement. Minco has an excellent record and currently has an experience modification rate of .78

We would be glad to answer any questions and could provide references upon request.

Respectfully,

William N Harrison  
President

## ***Welcome to ROMAC, Inc.***

ROMAC is a full service environmental company specializing in asbestos abatement as well as lead abatement and stabilization.

ROMAC was the *first* certified asbestos abatement contractor in Kentucky receiving Kentucky's first contractor asbestos abatement license issued in 1985.

ROMAC was also among the first to recognize the importance of lead safe work practices to protect its employees and the public. I first received lead abatement training at the Environmental Institute as a lead supervisor in 1991 and training at the Environmental Training Center in Cincinnati Ohio as a Project Designer in 1999.

ROMAC has completed hundreds of asbestos abatement and lead abatement and stabilization projects for the following owners over the past 25 plus years in Kentucky, Indiana, Tennessee, Ohio, Illinois and Missouri. The list below is a sampling of our past and present projects for your review.
