LFUCG Extended Social Resource Grant Program FY18 & FY19 Funding: \$144,620 (\$72,310 per FY)

Program Summary: NAMI Lexington and the Participation Station (PS) program have spent considerable time and resources and implemented strategic collaboration opportunities to identify gaps in mental health services and research and visit evidence-based practice programming. PS has developed and refined an innovative program that focuses on evidence-based Peer Support Services to provide care that is not available anywhere else in our community.

Participation Station offers a variety of services to individuals to assist in their journey to recovery from Mental Illness and Substance Use Disorders.

1. Educational Tracks - these are educational groups offered Mon-Fri (4 each 45 minute groups daily).
2. Support Groups - offered weekly including Emotions Anonymous, NAMI Connections and Double Trouble in Recovery for individuals with co-occurring mental health and substance abuse issues.
 1. These are evidence based support groups and are well attended.
 2. The Warmline - a telephonic support line, which offers peer support to individuals who may be isolated or fearful of leaving their home. Numerous reports from individuals utilizing this service indicate that it is their LIFELINE to support.
 3. System Navigation - Our System Navigator helps individuals with whatever issues are interfering with their recovery. They help people with food, housing, education/GED, mental & physical health issues, legal issues, addiction support, etc. We currently have one System Navigator on staff and hope to expand this service. With this expansion, we hope to increase our services to individuals at the Fayette County Detention Center for inmates with mental health/substance abuse issues. Our current System Navigator visits the jail at least one day per week.
- 4.

All of these services along with the social components of the program significantly assist individuals with serious mental illness to recover and become productive involved citizens in our community.

Desired Outcomes for Clients: Development of self-efficacy through role modeling and assisting peers with ongoing recovery through mastery of experiences and finding meaning, purpose, and social connections in their lives. The philosophy of the program is that recovery is not a linear trajectory but is instead a series of experiences that help an individual live a more meaningful, fulfilling life.
