

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

Sole Source Purchases are defined clearly, based upon a legitimate need, and are limited to a single supplier. Sole source purchases are normally not allowed except when based upon strong technological grounds such as operational compatibility with existing equipment and related parts or upon a clearly unique and/or cost effective feature requirement. The use of sole source purchases must be justified and shall be limited only to those specific instances in which compatibility or technical performance needs are being satisfied.

Sole Source Services are defined as a service provider providing technical expertise of such a unique nature that the service provider is clearly and justifiably the only practicable source available to provide the service. The justification shall be based on the uniqueness of the service, sole availability at the location required, or warranty or defect correction service obligations of the service provider.

This form must be filled out for the request to purchase any good or non-professional service that requires a competitive procurement process (informal quotes (\$1001-\$10,000), formal quotes (\$10,001 - \$19,999.99), or formal bid (\$20,000 or more) as defined in the LFUCG's Purchasing Manual. This form must be completed in its entirety and attached to the purchase requisition.

Note: Sole Source Purchase requests for goods exceeding \$20,000 will require approval by the Urban County Council by submitting an Administrative Review Form. A copy of this form must be signed off by Central Purchasing and attached to the Administrative Review Form.

Address 1720 Fortune Court, Ste. 140

Phone (859) 293-0573 Email jfarley@cedlexington.com

STATEMENT OF NEED: (Add additional pages as needed)

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

My division/department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the LFUCG. I know of no conflict of interest on my part, and I have no personal involvement in any way with this request. No gratuities, favors, or compromising actions have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials, persons or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

1. Describe the product or service and list the necessary features this product provides that are not available from any other option.

The Town Branch Wastewater Treatment Plant Currently own's RS Logix 5000 Software which is compatible with Allen Bradley Automation Equipment and CED-Lexington is the Rockwell Automation appointed distributor currently authorized to sell Allen Bradley and Rockwell Software products, along with related services, in this area. As a matter of Company policy, full factory product & sales support is made available only to the local authorized distributor.

2. Below are eligible reasons for sole source. Check one and describe.

☐ Licensed or patented product or service. No other vendor provides this. Warranty or defect correction service obligations to the consultant. Describe why it is mandatory to use this licensed or patented product or service.

☒ Existing LFUCG equipment, inventory, custom-built information system, custom-built data inventory system, or similar products or programs. Describe. If product is off-the-shelf, list efforts to find other vendors (i.e. web site search, contacting the manufacturer to see if other dealers are available to service this region, etc.)

☐ Uniqueness of the service. Describe.

☐ The LFUCG has established a standard for this manufacturer, supplier, or provider and there is only one vendor. Attach documentation from manufacturer to confirm that only one dealer provides the product.

☒ Factory-authorized warranty service available only from this single dealer. Sole availability at the location required. Describe.

☐ Used item with bargain price (describe what a new item would cost). Describe.

☐ Other – The above reasons are the most common and established causes for an eligible sole source. If you have a different reason, please describe:

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

3. Describe efforts to find other vendors or consultants (i.e. phone inquiries, web site search, contacting the manufacturer to see if other dealers are available to service region, etc.).

Plant superintendant, Mark Stager received an estimate from Dresser Root, the manufacturer of the four blowers installed at the Town Branch WWTP. Dresser Roots estimated cost would exceed \$125,000.00 per blower to upgrade PLC's, HMI's and all other necessary parts and components.

4. How was the price offered determined to be fair and reasonable?

(Explain what the basis was for comparison and include cost analyses as applicable.)

After receiving estimates from the Dresser Root, manufacture of the current blowers at the Town Branch WWTP as well as checking prices listed on the internet for other area's with similar needs the price offered by CED of Lexington is said to be fair and reasonable.

5. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier.

At this time no other Automation Equipment would be compatible with the RS Logix Software currently owned and operated at the Town Branch WWTP. Therefore, to avoid thousands of dollars in additional cost of replacement software, it is in the best interest of the Lexington-Fayette Urban County Government to purchase the Allen Bradley Automation Equipment (PLC's, HMI, parts and components).
