## **Laws and Regulations**

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

## **Equal Employment Opportunity**

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

## **Kentucky Equal Employment Opportunity Act**

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;

(2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or

subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

## **LFUCG Non-Appropriation Clause**

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

### The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

*The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.*

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

*The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.*

\*\*\*\*\*

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy MWDBE goals.

# Request for Qualifications (RFQ) for Professional Engineering Services - HVAC

## 1. Background

The Lexington-Fayette Urban County Government, Department of General Services (DGS) is accepting statements of qualifications from interested consulting engineering firms for professional engineering services, including design, bidding assistance and construction administration for heating, ventilation and air conditioning (HVAC) improvements. Approval of consultants' qualifications does not constitute a guarantee of being awarded projects at any point in the future; **there will be no guarantee of work for any firm or firms.**

This RFQ will be followed by solicitations of bids for specific projects to prequalified firms. DGS reserves the right to publicly advertise a separate Request for Proposals for any HVAC project. The purpose of requesting qualifications is to shorten the bidding cycle through the use of prequalified firms.

DGS intends to approve qualifications of the top four (4) ranked engineering firms.

DGS reserves the right to re-solicit qualifications if fewer than four firms merit approval.

## 2. Contract Type and Contracting Process

Each prequalified firm shall be awarded with an indefinite service delivery contract for a 365 day period beginning from contract execution date. DGS will have the option to extend the annual contracts for up to two (2) additional years, at its sole discretion. DGS also reserves the right to add additional qualified firms using another, identical RFQ process.

Projects assigned to prequalified consultants shall be completed on a negotiated fee basis, authorized in an approved Task Order. Only the approval of a project-specific Task Order shall constitute a notice to proceed on specific projects.

Firms responding to this RFQ will be ranked according to the Selection Criteria herein. When DGS initiates a specific project, all prequalified firms will be invited to submit bids to perform the engineering services described by DGS, which will generally include the provisions of Section 3.

Prior to submitting bids, prequalified firms must communicate a change in qualifications to DGS via written addenda if there is a change in (1) the Project Team, (2) the location of the firm's headquarters or local office or (3) the Hourly Rates. Failure to communicate a change in qualifications will void the bid.

DGS may desire to have the Consultant perform work or render services beyond what is authorized in the Task Order. Such work shall be performed using the Hourly Rates submitted and shall not proceed without written authorization from DGS.

The firm submitting the lowest and best cost proposal will be given a written task order, serving as their authorization to proceed. If DGS and the firm currently under consideration cannot reach a final agreement for professional services, the next lowest fee firm will be asked to negotiate. The cycle will continue until negotiations lead to a written authorization to proceed.

DGS will assess the performance of consultants at the conclusion of each project based on the quality of contract documents, the satisfactory completion of task orders, and adherence to project budget and schedule. Written performance evaluations shall be kept on file with copies provided to the Consultant.

DGS, at its sole discretion, reserves the right to disqualify firms from future task orders based on performance, including failure to submit bids.

### **3. General Project Description**

The Consultant shall perform mechanical and electrical engineering services customary to the design, bidding and/or construction administration of HVAC projects. Each Task Order may include, but is not limited to, the following services:

Phase A Schematic Design and Cost Estimate whereby the Consultant shall prepare adequate drawings and outline specifications that define the type of mechanical systems, controls, and electrical systems proposed for the project. Proposals shall include general estimates of cost and energy consumption.

Phase B Design Development and Cost Estimate whereby the Consultant shall prepare Design Development documents to illustrate and describe the development of the approved Schematic Design, including updated cost and energy estimates. Documents shall consist of drawings, section views, elevations, typical construction details, and diagrammatic layouts necessary to fix and describe the HVAC system.

Phase C Construction Documents and Cost Estimate whereby the Consultant shall prepare construction documents for DGS approval. The construction documents shall illustrate and describe the further development of the approved Design Development documents and shall consist of drawings and specifications setting forth in detail the quality levels of materials and systems and other requirements for the construction of the work. These documents must be sufficient for obtaining final construction pricing, and detailed enough to minimize potential future change orders.

Phase D Construction Administration whereby the Consultant shall assist DGS in obtaining design intent. Phase D services may include review of competitive bids or negotiated proposals; oversight of construction meetings; approval of submittals and pay requests; preparing as-built drawings; and conducting final walk-through inspections to ensure conformity to construction drawings, specifications, and standards.

Retrocommissioning whereby the Consultant shall review equipment-level performance with respect to the existing sequence of operations. Consultant shall prepare a report recommending improvements to the safety, energy efficiency, maintenance or reliability of equipment, along with areas for further study.
